Just One Night Lexi Ryan

Librarian's Note: This is an alternate cover for ASIN B008QPB2TY

This erotic romance short story jump starts the Decadence Creek series and is intended for mature audiences only, 18+.

Addison Duval has a secret. A delicious, broad-shouldered, six-foot-three secret with hot eyes, rough hands and a rougher past. Charming, handsome, and off-limits, Chase Montgomery is the only man she's wanted since her father lured him out of a back alley Louisville chop shop to take a job in their tiny town of Decadence Creek.

After Chase finally takes her up on her old proposition that they spend a night together, will Addison let him risk everything so they can be together more than JUST ONE NIGHT?

Caution: This 10,000-word short story contains explicit sex scenes and second chances.

Debbie says

Addison has been in love with Chase but hasn't forgotten him turning her down two years earlier. Chase wants Addison, but since he works for her dad he's afraid to pursue it. When they meet again, Chase finally decides she's worth the risk and asks Addison if her offer of "one night" still stands. After they're together Chase knows he needs more than one night and knows he's in love with her too. Will love be enough to keep her from leaving again? Sweet short story of finding love and happiness.

The BookWhisperer says

A quick little story that you can't pass up. Addison has a reason why she left after propositioning Chase one night. But while she is back for her brothers wedding, she realizes that she still harbors the same feelings for him and he opens himself to her for just one night.

The chapters are written in both Chase and Addison's perspective so you know how they feel about each other, which I liked. And the scenes with them together...nice. My only complaint would be that their story ended 50% through the Kindle book. I would like to have been able to read more about them.

Angel **Book Junkie says**

Lexi Ryan should be a lesson to all authors who want to start a short story! Finish the first story and if you want to write a series do so but, do not stop a book (however short) in the middle of the story to make someone buy the next book. I did purchase BOOK 2 in this series and I am getting ready to start it later in the day.

Chase -- an ex-con who felt that he would never be good enough for his boss's daughter Addy.

Addy -- determined to run from the love she has for Chase because of potential blackmail and believing her father would never allow the relationship to continue.

Seeing these two together was amazing and Lexi Ryan is a hell of a writer. Can't wait to read the next book in this series. Hell, the book was short but, it was long enough to have me wanting so much more.

Charlac says

WOW that was pretty hot!

Nina says

I'm a sucker for second chance romance stories and Just One Night by Lexi Ryan falls right under this category. Just One Night was a very enjoyable read. From the cover (and since this is erotic romance), I expected there to be little story and lots of sex. However, I was wrong. Ms. Ryan did a great job fleshing out a story and providing the reader just the right amount of steamy sex scenes that doesn't overpower the story itself.

The book description did a grand job of summarizing the story so I won't go into it. One thing that I will comment about Just One Night is that it was a fabulous read. For 73 pages, Ms. Ryan wrote a story that not only engages the reader, but makes the reader fall for the characters. Addy & Chase were two characters who I rooted for from the beginning. After years apart, they still carry a flame for one another and their chemistry has yet to disappear. They were both likeable and had surprising depth to them as well. After being separated, I was glad to see them get their second chance together.

What I also liked about this story was that it had a nice flow and the pace was just perfect. The story didn't feel rushed and the ending itself didn't feel rush either which I always appreciate in my stories.

Overall, this was the first work by Lexi Ryan that I've read and without a doubt, it won't be my last. I really enjoy this author's writing style and voice and am looking forward to reading more books from her.

~ Stephanie Lynn ~ says

Addison is a good girl, working hard to get a career in fashion off the ground and harboring a secret crush on the gorgeous Chase. She runs to Paris to avoid ruining into the one she loves.

Her dad threatened to ruin him if she was with him. He was ten years older than her and an ex-con. She went to him the night before she left to offer him one night. He turned her away.

Chase is a bad boy in every sense of the word. After spending time in juvie Addison's father gave him a second chance to work for him and brought him to Decadence Creek. The only trouble is, even though he has eyes only for Addison, she has a whole gaggle of burly protective brothers, and that's before he's faced with her father. Is she worth ruining his life for, and/or getting his face seriously messed up?

I really enjoyed Just One Night, it was well written and held a nice pace. The reader is quickly introduced to the characters and their history without it feeling like an information dump. Chase is totally drool-worthy and I could see why Addison had stripped naked once upon a time and laid in his bed, in the dark, waiting for him - wouldn't mind doing that myself!

The chemistry was brilliant between the H/H. Their desire for each other sizzled from the page and I devoured this book in one sitting, gobbling up the details and living the moment with them. There are no major external conflicts, it's about the couple and their relationship which is good in a short story I feel.

If you like contemporary erotic romance, a hero with a heart and a hot body, then put yourself in Addison's place for a little sexy escapism. I'd happily read more by Ms. Ryan.

This is a very short story and if that is not your thing then do not read. Can't wait to read the next book

TORI says

3.25 Stars

This was short, simple and to the point. I liked it a lot. It's a good short read when you're between books and you want something quick and hot.

Keri says

4 STARS - I REALLY LIKED IT
NOVELLA (ABOUT 48 PAGES)

For a novella this was pretty good. Of course the author can not go into depth on the characters history or their issues or their personalities, but for the amount of pages Ms. Ryan did a pretty good job of giving the "right" information to make the book enjoyable. We get the basic information of what happened in their past and we clearly see they care for each other. There are a couple of sexy scenes that were well written. I don't generally enjoy novellas because I don't feel like I get a real story out of them and so it makes me feel like I wasted my time. I got this book mainly because it was free and also because I wanted to see more of this authors writing. I loved her book Unbreak Me but then I didn't care much for the second book of that series Wish I May. I want to read the spin off series Lost in Me but because I didn't care for Wish I May, I wanted to see more of this author.

Anyway, this is a novella so don't expect a great, complex story. But for what it is, it was well written and enjoyable.

Cathy M. says

I was in the mood for something short, sweet and mindless before I started my next emotional and angst book. I enjoyed this quick (and free) read though I wish it was a bit longer. Wanted more Chase!

Melissa says

"Just One Night" is a well written story alternating between the two main characters perspectives. Chase is the traditional bad boy gone good. Chase is an ex-con who works for Addison father. Addison is daddy's little princess that has a wild streak. She's had a crush on Chase since her father hired him when she was a teenager. There was always some sort of chemistry between the two. He respected her father and tempered his feelings. Addison left town to pursue her dream in the fashion industry for years. She returns for her

brother's wedding to discover her feelings for Chase are still there, as well as his desire for her. There are a lot of steamy scenes between Chase and Addison. My only complaint would be their story was too short. I know there is a second book in the series, but it would have been great able to read more about them.

Julie-anne says

It was only OK. I have to admit I get so annoyed when I get a Kindle book (even though this one was free) and the actual story finishes at the 50% mark. It makes me think I have a fairly decent length of read ahead of me but oh no! I was completely wrong and the other 50% is getting filled in with the first part of a different book I may have gotten this book for free but this is still a really annoying trait for some small Kindle books.

Rhonda says

Addison ran to Paris to avoid ruining the one she loves life. Her dad threatened to ruin him if she was with him. He was ten years older than her and an ex-con. She went to him the night before she left to offer him one night. He turned her away.

Chase regretted turning Addy away as soon as he found out she left. He feels like he pushed her away. When she comes home for her brother and best friend's wedding, he's not wasting the chance. He takes her up on her one night offer and they have a steamy night.

When Chase starts talking about feelings, Addison freaks. Her father will ruin him and he loves her father. She can't be responsible for that. She tells him she doesn't return his feelings and he leaves. The next day she's on her way to Paris when the driver of the car turns around and she sees it's Chase.

This was a hot as hell short read. I loved how the dad bucked up and admitted to the wronged party what he did and why his daughter was running. I love when true love works out in the end. I will definitely be checking out the other shorts in this series.

Tracie Redmond says

good story but way to short

Michelle says

Short but very captivating - I want a full novel after reading just this small serial.

Chase is an ex-con who is given a second chance by a man who puts him to work in his auto-shop. Addison is the youngest child of Mr. Duval, his baby. Addy wants one night with Chase the man that is 10 years older than her - that she has fallen in love with, but Chase can't give in and stand to lose everything if they are

caught.

She comes home and Chase is drawn in, wondering if her offer for one night still stands.

In just such a short amount of time you are completely down with Chase. There is a sexiness to the style of this story. It was a great short read that will leave you wanting a lot more of the chemistry between Chase and Addy.

Jessica (Angie & Jessica's Dreamy Reads) says

This was super cute, the ending was just very abrupt. But I liked it!
