## **Love Slave for Two** Tymber Dalton

Nevvie Barton has never truly felt loved or like she belonged anywhere, ever. Abandoned by her adopted family and trapped in an abusive relationship, she takes a job with Tyler Paulson and Thomas Kinsey as their cleaning girl.

Nevvie knows her fantasies about "the boys" will always be just that--the two handsome men are devoted, loving life-partners. Then Tyler and Thomas fall in love with Nevvie and hatch a secret plan to seduce her and make her their permanent third.

For the first time in her life, she feels attractive and wanted. When they ask her to move in and be their personal assistant, Nevvie jumps at the chance. Her planned escape doesn't go without a hitch, and the boys must rescue her from a brutal man who would rather kill her than let her go.

Can Tyler and Thomas heal Nevvie's wounded body and soul and prove to her that she really is their dream come true?

## From Reader Review Love Slave for Two for online ebook

### Julie (jjmachshev) says

"Love Slave for Two" is a tender and emotional erotic menage story by Tymber Dalton. WARNING: This story contains scenes of m/m and m/f/m sexual activities described in frank, modern terminology.

Tyler and Thomas have been lovers and partners for several years now. They consider themselves as married as any hetero couple. When Nevaeh comes into their life as a housecleaner, they are both amazed at how attracted they each are to her, without it taking away from their attraction to each other. The more time they spend with Nevaeh, the more they come to care for this courageous, yet damaged woman. When they realize the extent of Nevaeh's problems, they offer her full-time employment with them in an effort to help her. They know Nevaeh is attracted to both of them and realize that she could complete their lives in a way neither had before imagined. They plan to lure Nevaeh into their lives, but Nevaeh's cruel, deadbeat 'boyfriend' will do anything he can to stop her happiness.

If you enjoy your menage stories with m/m and m/f/m love, you really can't miss this one. It has an emotional impact you don't find in many menage stories.

---

### Malinda says

3.5-4 stars

This was a pretty good book. Nevvie, Tyler and Thomas are all very likable characters and their story was very good. I will note, this is not BDSM. There is an ongoing "role play" between the threesome that have them calling Nevvie their "love slave" and Tyler and Thomas are her "Masters" but that is the only thing remotely BDSM like and even then the "slave" is the one giving the orders part of the time. The sex is definitely erotic and has the typical m/m/f menage interactions but it's not BDSM.

Nevvie was adopted as a baby. Her adoptive father died when she was 8 years old and her mother remarried a very strict (and mean) preacher who made it his aim to make Nevvie fall in to line. Eventually they dumped Nevvie on a cousin and took off and she never saw her mother again. Nevvie was extremely smart in school and got a college scholarship but a bad situation messed up her life and she ended up out of school and moving across the country. She met Alex (a boyfriend that's 18 years older than her and basically mooches off of her) and can't figure out how to get away from him or take her life back. Nevvie ends up working cleaning houses to bring in any money she can.

Tyler is English but lives in America and is a famous writer. His family have never been very caring and he didn't get much approval or even emotion growing up. Tyler is bi and married 2 women (and divorced them) before he finally met Thomas 12 years ago and they got involved.

Thomas is an award winning architect. His father was an architect and Thomas spent a lot of time with his dad at his office and that stayed with him, prompting him to go in to the same field and love it. Thomas has 5 older sisters that he loves but didn't make things easy on him growing up. Thomas also is bi and dabbled in both men and women before meeting Tyler.

Tyler and Thomas have been involved for 12 years and live together as a married couple. Nevvie cleans their house for them every Thursday and has for the last 6 months when the story begins. The Thursday she comes over is her birthday and Thomas and Tyler go out of their way to make it special for her. They've fallen for her and have spent the last 6 months looking forward to Thursdays because it's the day Nevvie comes to clean. They have noticed (well, Tyler noticed because he's like The Brain to Thomas being Pinky) that Nevvie doesn't seem too happy in her home life and seems to care for them (even if she doesn't love them in return) and they want to do whatever they can to help her. They eventually hope to coax her in to becoming a permanent member of their relationship to make it a threesome but for now they just hope to get her out of her bad home life. They offer her a live-in position, working partially as a housekeeper and Tyler's assistant as well as helping out as Thomas's assistant at his Architect firm. Nevvie has spent the last 6 months falling hard for Thomas and Tyler...it's just too bad they're gay because she really wants to jump their bones. They're nicer to her than anyone else has ever been and when they offer her a job and a place to stay she jumps at it. She plans to pack up a few things and leave without Alex knowing but that doesn't happen and Tyler and Thomas end up saving the day.

It takes time for Nevvie to recover from both the physical and emotional trauma that Alex put her through and Tyler and Thomas are so sweet and gentle with Nevvie. They take care of her and get her back up and on her feet. Once she's feeling well enough, Nevvie insists on getting to work and the guys ease her in to it, working with her to get her used to what she'll be working on now. She is a quick learner though and soon is being very helpful for both men and making their lives easier. The men dote on her as well and spoil her rotten. Nevvie is happier than she's even been in her life but she's not completely happy because she wants Tyler and Thomas. They want her as well but Tyler (always the planner) has the seduction all planned out. They know she's attracted to them both but they want to make sure she's accepting of a relationship with both of them and participate in a polyamorous relationship with them. They do get past that hurdle (although Nevvie is a bit annoyed with them for their plan taking so long to come to fruition) and finally start their m/m/f relationship. However, this is just the first part of the story and there's still plenty to see as the trio learns to deal with each other and others. There's some drama that pops up in a few places and a few points where things look really bad but Nevvie, Thomas and Tyler come through it intact and end the story progressing very nicely in to their HEA.

This was a pretty enjoyable story. I liked Nevvie, Tyler and Thomas very much. They weren't perfect individuals but they all had a place and role in the threesome that made them work perfectly together. The story was very good. There were a couple points that I felt the need to "suspend disbelief" a bit but it was mostly small stuff and the story was still pretty good overall. I'll probably read more of this series in the future. I'd recommend this book. :D

### **Pam Nelson says**

5 Love Slave for Two: Stars

So in the Beginnings we meet and fell in love with Tommy and Tyler and we got there story of how they fell in love.

We also meet Nevvie right at the end of their story and in this story we fall in love with Nevvie and get to read as they fall in love with her and she with them.

It's a crazy dynamic but it works. They all need each other in different ways. Sometimes Tyler needs to be

the protector and Nevvie gives him that whereas Tommy likes to be the protector of Tyler.

I love that they all are on the same page, I love that Tyler and Tommy were the ones to save Nevvie from her ex it wasn't one over the other.

I liked the narration, though sometimes I didn't like the tones of Nevvie but you kind of learn to like it. Over all I enjoyed this story .. hence the 2nd read ;)

\*You don't have to like my review but its 100% my opinion, and I am allowed to have it.\*

### **Sara says**

she was just too wimpy for me. Couldn't get into it.

---

### **Penny says**

I could not manage to finish this book, although I got close. It is immature, girly and cheesy. It fails in all ways, the romance, the story, the eroticism, the writing, etc. **The whole thing is a complete debacle.** There is nothing remotely salvable here.

In regards to **the romance**, the story starts with Tyler and Thomas as a couple already in love with Nevvie, which means that the actual love story is skipped.

Since the falling in love part is not there, you'll think that there must be a good plot, a narrative that grounds everything so that we are not just reading porn. However, what we are left with is an unrealistic scenario, a plot that goes beyond fiction and fantasy into irrationality, silliness and it is just simply moronic.

**The ploy** based in Tyler and Thomas being involved sexually and romantically but Nevvie doesn't realizes it defies all logic. It is not believable that someone could be so stupid and dense to not see the truth when is so absolutely evident, it's right on her face. It is not that she is innocent, it is denying the reality; which makes the characters appear too stupid to believe. It is so absurd that the book has no credibility. The plot is just not plausible, and thus everything crumbles with it. The funny thing about this is that at some point in the book, Nevvie admits that she was stupid for not realizing what's going on in front of her, and Ty, who loves her very much, berates her for looking down on herself. Although I agree with this sentiment in which is wrong and counter-productive to insult and despise oneself, in this particular case I do believe that the shoe fits perfectly, she really is stupid.

At this point we see that we have no real love story, and an implausible narrative, so we are at the very least expecting to find a steaming **erotica**. Well, wrong again.

The book jumps right into the erotic part of the book. We have sex without an actual romance because, as I said previously, the love story is skipped entirely, we are just told that they love her and each other. To make it worse, even though there is plenty of sex, it is not passionate at all. They are not even hot sex scenes, they just are, it makes you feel nothing. Very disappointing.

What is the icing on the cake? The **writing** is so bad that it seems like a teenager wrote it.

---

### **Steelwhisper says**

Silly. Boring. Cutesy.

...and it has wet pussies  
...and the name Nevaeh (heaven spelled backwards \*eyeroll\*)

'nuff said.

#### ***This is a review redo***

This was a really good book. Nevvie Barton has never truly felt loved or like she belonged anywhere. Abandoned by her adopted family and trapped in an abusive relationship, she takes a job with Tyler Paulson and Thomas Kinsey as their cleaning girl. Tyler and Thomas want Nevvie to be theirs so when they offer her a fulltime live in position she takes it she knows this is her chance to get away. When her boyfriend attacks her Thomas and Tyler come to her rescue. Nevvie thinks that the guys are gay and she is shocked when they tell her that they want her turns out they are bi. This book had some really hot sex scenes in it. I loved this book and the others in it. The trio go through a lot at the hands of Nevvie's ex. This book had me laughing and crying. This book was well written with no errors in grammar or spelling. If you like reading hot m/m/f with a storyline than I recommend that you read this series.

### **Val Shameless ?? Steamy Reads ?? says**

#### **3.5 Stars**

Every once in a while, I enjoy a good M/F/M book, especially if they are done right.

It's fun to watch not just two, but three people discover their emotions and figure out how to navigate the treacherous threesome waters.

Okay, who am I kidding - I am here for the hot as fuck M/F/M sex scenes.

Judge not.

Before this, I had only read one other Tymber Dalton - The Reluctant Dom, which was *also* a M/F/M and totally blew me away.

That said, I went into this knowing it would be good.

Which it was.

However....

In this book, the female h, Nevvie, makes it pretty clear on several occasions that she has deeper feelings for one H (Tyler) than the other H (Thomas).

So in other words...

Seriously, several times throughout the book Nevvie says she has "deeper connection" to Tyler than Thomas and I just found this to be bothersome.

In my M/F/M books, I want everyone's love for everyone else to be equal. Otherwise I just feel like I'm reading a love triangle, even if no one is being forced to choose.

I didn't like how Thomas was treated a little bit like a third wheel in some aspects here, especially since I straight up liked him better.

And I didn't like the ending scenario.

It was just...messy.

Otherwise, this was still a really decent M/F/M book and I really like Tymber Dalton's writing style.

### **Wicked Incognito Now says**

I don't know why I *thought* a book with this title and this cover would be well-written.

Reading this book is like reading a laundry list of activities. There is zero sizzle, no emotional connection, and by the time the sex scenes arrive...(way too far along in a book that should be mostly about sex--judging by the title and cover alone)...I could care less because the characters have failed to intrigue me.

It's all just so blah.

---

### **Bonnie says**

Tymber Dalton writes some of the best menage I've ever read. I read a number of menage stories since I read

this one and it is very few who stand up to the way Tymber can weave a story. "Love Slave for Two" left me feeling warm and cuddly. I've read all of the "Love Slave for Two" books and anxiously await the next one. Keep them coming, Tymber.

---

### **Karen111 says**

DNF @ 20%. Decently written, per se, but the constant innuendos and puns were just sooo cheesy. I also didn't like the dynamics between Nevvie and Tyler/Thomas (could the author not have picked 2 names without the same initials for convenience?!?) - I felt Nevvie was on the back foot, and treated like a charity case/pet project. I also felt like they used her vulnerability to manipulate her into a situation that suited them, and if the female lead had been stronger, I wouldn't have had such a problem. And what was with Tyler's doctor sticking her nose into Tyler's business at 12% ?!

Just not for me, and as its such a lengthy read, I'm bailing early!!!

---

### **Dee Wy says**

The heroine really got on my nerves.

---

### **Keri says**

I've gotta say... this is my least favorite Tymber Dalton book that I've read so far. Could these people possibly "gasp" any more???? He touched her and she gasped which made him gasp which made her gasp again. Wow. Really became annoying. And what was with the whole "master" game? That was ridiculous. The master game consisted of her saying "yes master" which would make them gasp and that was it. And who was the master? She would ask "are you still my masters?" and they would reply "yes" then she would say "great, now strip", WHAT??? They just said they were your master. That whole thing REALLY bugged me. And the problem is that the master thing and the gasping went on like every other page through the entire book. UGH. Another thing that really bothered me is that she totally shoved herself between the guys. The two guys had been together, perfectly happy and in love for 12 years, they both decide they love her and want to add her to the family but what happens is that it all becomes about her and I didn't like that. Each guy made sure to share and they both took time to have private dates and private time with her but they no longer had private dates and private time with just each other - it was all about her. It almost split the family. This story left me feeling like there is the 3 of them, or there is each guy with her but now without her there is no two guys. I felt like the two guys relationship had dissolved and that bothered me because it made me resent her for not making sure they kept special time just for themselves... yes, she wanted to keep the two guys together in their threesome but she didn't make sure they continued to develop as a couple like she made sure to have couple time with each of them. Does this make sense? Anyway, I was bothered throughout this book. Very disappointing because normally I love Tymber Dalton books - I love the writing, the stories and the tearing of the heart but this one was a big let down.

---

## **Jill says**

This story is about a young woman who is rescued from an abusive relationship and a life of loneliness by a gay couple who she cleans for once a week. They bring her into their home and life under the guise of deep friendship and concern offering her work as their assistant. Their true motivation is a shared deep lust and love for her because, unbeknownst to her, they are not gay, but bisexual. The rest of the story surrounds her seduction and then their integration into a polymorphous relationship.

This book had a lot of potential thus I gave it 3 stars but, in my opinion, the author missed the mark with the far too many declarations of love, too many sappy endearments and with the misguided master/ slave theme he wove into the story.

I thought that the Master/ slave motif (promised by the book title) might be unique and erotic but the way it was used in this story achieved the opposite effect for me. Every time I heard her use the "Master" title I lost any interest in the activities she was participating in. Her men, Tyler and Thomas, were a far cry from Alpha men and they never TOLD her to do anything erotic. They might have gingerly asked with an "I love you so much darling" right behind it, but there was no domination involved. So scratch any expectations of a D/s theme even though they reference submission early in the book.

I think the core problem with the story was that the two heroes were far too emotional men and they were constantly doting over the heroine, Nevvie. Their draw to her was obsessive and nauseating. I'm not saying that they were not sweet and darling characters because they were and I liked them as a same sex couple but they did not suit an erotic menage story

Try as I might to think differently, I kept envisioning Thomas as Cam from Modern Family because he had the thick southern accent. My skin crawled every time he called Nevvie Baby Girl or Sugar; especially when they were having sex! My mind pigeon-held Tyler as Peter MacNicol who was John Cage on Ally McBeal and is currently on Agents of Shield and CSI Cyber.

I liked the book enough to finish it and I was vested in the characters. I just didn't care for the sappy dialogue nor its insertion into potentially sexy scenes and I was disappointed that a decent plot was foiled by emotional male characters.

---

## **? BookAddict ↘ La Crimson Femme says**

Nevvie made some really bad choices. She's trying to fix it, but it doesn't look like she can do it on her own. Instead of 1 knight coming to save the day, she has two. Tyler and Thomas are hotties who are just too good to be true. I'm not sure what they see in Nevvie. To be honest, I don't find Nevvie to be anything that great. I don't even really feel sympathy for her when she's in trouble. Still, Ms. Dalton writes in a decent voice with humour. I liked her two men, Thomas and Tyler and felt they would be fine without Nevvie. Thomas's sister not responding well was kind of odd, but I guess that just adds some complexity to the storyline.

---
