Overworld in Flames: Herobrine's Revenge Book Two (A Gameknight999 Adventure): An Unofficial Minecrafter's Adventure Mark Cheverton

Mysterious fires are burning the Overworld to the ground!

The NPCs of Minecraft barely had time to celebrate their victory over the spider queen and the king of the skeletons before terrible new crimes broke the hard-earned peace. Inexplicable fires are breaking out under mysterious circumstances, the flames destroying more and more land with every tick of the CPU. Gameknight999 knows something is terribly wrong, but has no idea who is responsible or how to stop them.

With danger looming, entire biomes and villages are under threat of complete annihilation. But unlike last time, there are no mocking signs or arrogant clues for Gameknight and his friends to follow. How could Herobrine be controlling fire from beyond the digital grave? The answer lies in a dark and smoky underworld filled with fiery rivers of lava, where a terrible monster army awaits.

Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. In particular, this adventure series is created especially for readers who love the fight of good vs. evil, magical academies like Hogwarts in the Harry Potter saga, and games like Minecraft, Terraria, and Pokemon GO. While not every title we publish becomes a *New York Times* bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

I like the story

Malachi Plunkett says

IT was amazing how he fought the king blaze and defeated him but one of his friends died.

Maximilian Lee says

I liked this book because it was very exciting. I didn't know that blazes could make portals. And now Gameknight999 already defeated two spider queens, Reaper, and Chariboyas. (I think that is how you spell it) I also was very surprised that there was a creeper king. My favorite part of this book was when Gameknight999 defeated Chariboyas. I am still unsure if Herobrine is still alive.

As series go on, books start to fallow a trend of what happens. But not this one! With every new threat to Minecraft, GameKnight999 goes on new, different and exciting adventures. People who love adventures in there favorite games will like this series because GameKnight becomes part of the coding of Minecraft! In this book, I really loved how we got a flash from the past with the strange things that an ancient king says.

Over all, this book makes an exciting continuation to the GameKnight series of books. If you want to read the first book that started it all, search: Destruction of the Overworld. Enjoy this extraordinary book!

the idea of turning dirt into glass was very interesting. I thought that it was only sand that could be turned into glass, but now that I think of it... that makes sense.
