## **From Reader Review The Faery Hunt for online ebook**

### **Adela Cacovean says**

I picked this book up as it was free on Amazon. I usually like short stories, and this one was ok too, though I had higher expectations from it.

The descriptions were very detailed, and the plot intriguing, but for some reason I couldn't connect to the main characters, maybe partly because of how fast everything was happening.

There could be made a lot of improvements in how the story is developed. Why are the Faeries a danger for humanity? Why are Amy, Craig and Jay the ones who hold the responsibility of attacking them? While I'm ok with the mysterious ending, I think readers would have to know more background information to fully enjoy the story.

---

### **Heather Alexander says**

I was given this book in return for an honest review. Jay, Craig, and sister Amy are Faery hunters, so when people start to disappear in the forest, they go on the hunt. But this time, unlike the others, something goes wrong. There are too many of them for the kids to beat. Would you give up yourself to the Faeries to save your family? That is the decision one of the siblings will have to make. This is a really short, short story. I wish it had gone a little more into the 3 siblings and their characters and personalities. Sounds like if she turned it into a novel, it would have promise. I like the idea and would like to see where it leads.

---

### **Dev says**

This was an enjoyable read, though I must admit that it was an extremely disjointed piece of literature. The ten pages fly by as if static images, each scene feeling like more was needed. The car scene happened without notion of movement, the fight seen was described but was a quick slaughter before a wanting conclusion. I would have liked more. Good for what it was, but more would have made it better.

---

### **Amy says**

a short read but such a fun read! i love faery stories and this one is really good id like to see the author continue on with it to see where it goes! It left me wanting more!!!

---

### **Nanette Bradford says**

this was a very short story. I really wish there was more. faerie hunters out to stop the faeries responsible for all the missing people in the area. I enjoyed the read and if you are short on time but want a good book this is

it.

<http://secretelecartilor.blogspot.ro/...>

This extremely short story was my choice of relaxation between my current reads. The main character would be Amy, sister of Jay and Craig. The three sibling are supernatural hunters and they take us in the mysterious forest where Faeries appear and make people disappear.

I loved the description of the Faeries, their "green emerald skin" and hair "made of twigs and thistles" making my imagination run far into the deep forest.

Since the three siblings are hunters, there is also a fight between the Faeries and them, fight in which Amy is taken away. What is there to happen to her and her brothers is up to you to find out!

I really liked the ending, its mystery making the reader wonder about the Faery life and their actions.

The story starts with a poem entitled Dark Light also written by the author. At a second read after I've finished the story it made me understand something more about the Faeries, creatures that live with some sort of curse that makes them wonder only at night.

**"Dawn expands its grip anew  
As wild and cursed things  
Retreat back into night  
Light's sanctuary brings"**

### **Kayla Eklund says**

You know someone is an excellent writer when they can write a short story, and still have an intriguing plot. Alexia Purdy definitely did that. She also made me feel something for the characters. I was deeply saddened by the ending. I am excited to read more of her stories.

---

### **Lauren says**

Short story about three teenagers who go on a fairy hunt. These fairies are not what you typically think of! Im

glad to see a refreshing change on the fairy view. Can't wait to find out more! WaAR

---

### **Stacey says**

Amy , Jay and Craig hunt the Fae due to the fact they have taken their people within their city and want to end it .. but inadvertently one of the siblings get taken while the others bleed or are tied and cannot save their sibling as to which though i do wonder what Fae King as the sibling as to which one well you will have to buy the book to find out

### **Peggy Martinez says**

LOVED this and want MOOOOOOOOOORE! :)

---

### **Valerie McQueen says**

The Faery Hunt by Alexis Purdy

Rating 5\*\*\*\*\*

Amy and her brother's are hunters of the Faery. At any given time they may be ones to rummage through the forest for those magical telltale lights. This trip they may have bitten off more than they can chew. This tome instead of three, only two will be returning.

Very interesting short read. The author's poetry in the beginning really sets the tone of the novel. Draws the reader in quickly and completely. Editing is great, no awkwardness of flow. I wool love to see this actually like to see expanded into a full length novel.

---

### **Ashley Dawn says**

This is a great short story. Amy and her two brothers are Faery hunters. They are the line of protection humans have from the faery world. When they go on a hunt one night, something goes horribly different. I really got into this story and thought it was way short, I loved the characters. Amy is a loving, kick butt chick. Her brothers are hardcore and protective. I wasn't sure what way I really expected it to go, but it wasn't the way it went.

Solid 5/5 for me and I want to know what happens next.

Thank you to the author for the review copy of this book. I received this book in exchange for an honest review and the opinions stated above are 100% mine.

### **Claire Taylor says**

Alexia Purdy  
The Faery Hunt

A quick coffee break read, this story is fun to read and will leave you wondering what may be next ~ those with good imaginations will happily continue the story in their heads.

---

### **Elizabeth Lance says**

This was a fun quick read! I very much wish there were more to the story and I hope that Ms. Purdy plans to write more!

---

### **Jacquie Talento says**

Jay, Craig, and Amy were going on a hunt for faeries to help avoid any more disappearances in the area. But what were they walking into on this night in the woods? Ms. Purdy has given us a short story but one worth demanding more from.
