Ambrosia Erin Noelle

After coming to terms with the tragedy that rocked her world, Scarlett MacGregor has returned to try to pick up the pieces of the broken relationships that she left behind.

Ash and Mason were left devastated and heartbroken following Scarlett's sudden, unannounced departure. They are both ready and willing to forgive her and welcome her back into their lives with open arms. However, a lot can happen in 8 months...

Scarlett must learn to overcome the obstacles thrown in her path to prevent the past from repeating itself. Can she learn to fly with her own wings and discover the secret to eternal love?

Vikki ~ *squee* lite ~ says

When I started this book I didn't think anything could make me not be hard core "team Mason". Well, I was wrong. Only, I'm not "team Ash" , I'm team "both of these guys are great and deserve someone better than Scarlett". Yeah, that's kinda how it went for me.

I loved the first book - like favorite shelf crazy loved it. One of the things I loved about it was how much I loved Scarlett. Despite all the craziness, she really seemed to have her shit together, and head on straight. I just can't quite decide what happened to her, but she has lost all good sense in this book. Honestly, I really thought she would have come back from her eight month absence stronger, but instead, she seemed even more lost.

I could go over every decision that upset me, but I don't want to rehash the book. (view spoiler)

Ash more then redeemed himself for his mistakes in the last book. He was perhaps almost TOO perfect in this book. While I got that his role was the one who put Scarlett first, and wanted her happiness, no matter what that meant for him, Scarlett was doing a fine job putting herself first, so I don't know if he really needed to play that roll. I wanted him to be a little less understanding. (view spoiler)

Mason was not perfect. I'm ok with that. The only thing he did that really pissed me off was that he wasn't honest with Scarlett. His insecurity about their relationship and her feeling for him was a huge contributing factor to their issues. (view spoiler)

And Scarlett. *sigh*. It's eluded to in the book that she needs to learn to love herself, and learn to fly on her own. I hope this is foreshadowing for book three. I want to like Scarlett again. I really don't care who, if anyone she ends up with. I need her to be redeemed. She can't go out like this. I want all of them to be happy - but I'm afraid that might be a tall order. If they can all come out of it as good people that I can respect, I'll be satisfied.

(view spoiler)

I need to wait a bit before I write a review...but in the meantime...my general reaction was...

And Scarlett....

The teaser killed me. I need to not do this to myself. Need this NOW!!!!

<https://www.facebook.com/ThreeChicksA...>

Teaser.

Farah *Professor Dean's Beauty* says

I AM SO ANGRY RIGHT NOW!!

Firstly I got to ask this, What the fcuk is so special about Scarlett?
So since She likes music so much-below are some appropriate song lyrics for her.

Every.Single ass hole in this book keeps running after this Skank?!?!!.

YES we know YOU LOVE EVERYONE!!

LOVE THEM ALL and FCUK them all, OHH wait, YOU already did that!!!!

**"I still loved him. The connection between us could never be severed... not by any thing or any one .
No matter what he did... what he said... who he was with... none of it really mattered ~I would always
love him. And for that, I hated myself even more than I hated him."**

I really liked her in the beginning! I loved the fact that SHE finally made up her mind and chose Mase.

But we all know that was short lived because she is soooo insecure and clearly she is NOT capable of

making rational decisions AT ANY POINT in her life.

For ALL those people who hated Keira, I think we have a NEW person to take that title- YES SCARLETT, YOU are on my SHIT LIST

Poor Mason- I Still Love you

Ash- You are even more dumb for getting screwed up in this again!

Max- You are a shitty shitty friend
(Sorry alcohol isn't a good enough of an excuse)

Hmmmm... Here's a thought, Scarlett why don't you...

What do I wish can happen in the next book??

All these awesome dudes can wake up and see Scarlett for the skank she is...

“Don’t believe what your eyes are telling you. All they show is limitation. Look with your understanding. Find out what you already know and you will see the way to fly.”

Kellie Maddox-Ward says

**** DO NOT READ IF YOU ARE SCARED OF SWEAR WORDS.. AS I AM FRUSTRATED AS ALL FUCK AND WILL BE SAYING “NAUGHTY” WORDS A LOT IN THIS****

BAH.. GAH... AGGHH.. BAH!

I cannot explain to you how frustrated I am right now...

Yep. I'm going to say this.. Scarlett has pissed me off more than Keira from Thoughtless and Abby from Beautiful Disaster **PUT TOGETHER!**

The amount of times I was literally yelling at her in this book was ridiculous..

I nearly threw my kindle (Chase V 2.0) across the room sooooo many times.

Does she not **FUCKING THINK** before she does shit?!

Just when I thought she couldn't possibly fuck up more she proved me wrong...

I loved Scarlett in Metamorphosis.

I felt that she grew up a lot in that book.

Learning from her mistakes, through trial and error.

This one however?

She was also **REALLY REALLY** fucking selfish.

There is always going to be a “TEAM ASH... TEAM MASON”

In Metamorphosis I **WAS** Team Mason...

Then when we got to the ending from Ash's POV I was like **WOW** Damn. Maybe I'm a bit Team Ash too...

After this book? I wish Ashton and Mason would hook up and live Happily Ever after and leave Scarlet behind.

Ok no I don't.. *Well not REALLY*

Ashton and Mason laid it all bare for her... So much so that I am now team MASTON.. I can't choose.. Yes they both FUCK up.. that's what we all do.. Human's fuck up every now and then. It's how we choose to deal with it that defines us....

The Guys? Deal with it..

Scarlett? FUCKING RUNS! OR DOES STUPID STUPID SHIT!

I should mention that it is written in everyone's POV again...

Oh and I did I mention a cliffhanger??

I mean I know I know there needs to be drama, angst, romance, miscommunication, lies, sex, bad decisions and a god damn fucking cliffhanger to make an awesome NA novel.

That is exactly what Erin Noelle has achieved in this book. God I love you Erin!

As annoyed and frustrated as I am...

I'M FEELING and that's why I love reading! I love it when I am passionate about the book I am reading... Fully invested where I have to smash the shit of the book in one sitting..

And that's exactly what I did...

Because of that I am going to give it 4.5 stars.. I mean I finished it yesterday and I'm still pissed as shit towards Scarlett and Mason and Ashton! And even fucking Max...

But it wasn't the first book. I did like that better.

I'm aware I haven't actually said anything about what happens in this book other than I didn't like her decisions. I'm going to keep it that way so that everyone else can make their own decisions towards it.

I'm not gunna lie.. I can't wait for Euphoria when it's released!

Not only to see who ultimately wins the little devils' heart, but also what book boyfriends are mentioned in that one as well as the music...

This book we heard about the following books...

Thoughtless

This Man

The Perfect Game

Double Time

Undeniable

And over 70 songs to add to your playlists!

Who's going to win?

Mason?

Or

Ashton?

I'm 99.7% sure it's going to be Ashton... but I really hope that Mason gets a HEA with an amazing chick!

Let the games begin!

AGAIN

Jennifer Kyle says

Maybe 3 ANGEL WINGS

Review to come.

I'm still processing the cluster fuck of mistakes by Scarlett.

Scarlett:

Angel Wings All The Way

Rosalinda *KRASNORADA* says

*****DO NOT READ THIS REVIEW IF YOU HAVEN'T READ METAMORPHOSIS*****

I hate reviewing 3-stars books. I really hate it. Specially when I feel bad about the rating because I really enjoyed this roller coaster but I can't give this one more than 3 stars.

This book starts with Mason & Scarlett trying to work out their 'relationship'. As you might remember at the end of Metamorphosis, Scarlet goes back to Mason and chooses him over Ash. Yes, the bitch did that. But even though I'll always support Ash, I loved Metamorphosis and the way it ended. I think Erin did a pretty good job. It was a 5 stars book for me. So, why only 3 stars now you ask? I loved the story, the writing style and most characters but Scarlet is just too much. She made me think Kiera (Thoughtless) is a lovely person and we all know she's not!

I want to mention (again) I love Erin writing style, I think she'll give us great books in the future. You can tell I feel bad for my rating, right?

Things are kind of okay between Scarlett and Mason even though she still thinks Ash is her soul mate (I second that). But then Mason's group get a great opportunity to go on tour and shit gets real.

Scarlett is not really happy with the news, especially because Bentley, Mason's agent, is going on tour with them and let's say they have history. Yes, Scarlett, if you leave for 8 months that's what happens. What? Did you think he was going to be waiting for you while praying every day? Oh well, baby, guys are like that.

The thing is Ash wants to prove Scarlett that his feelings are real, he is in love with her and he wants her to know it.

"But understand this Scarlett: it will *never* be goodbye – not for you and me"

So there we go: love triangle again! (view spoiler)

"HAPPINESS DEPENDS ON OURSELVES"

So what did I love about this book? The below deserved more than 5 stars:

*All music references. Thanks Erin for doing that, it was a wonderful experience.

*Getting the opportunity to see soul mates together.

*Writing style.

*Ash, even though he was a softer version of my Ash.

*Sex scenes between (view spoiler) & Scarlett. Loved them all!

But I also have to mention **what I disliked**:

*I didn't like the way (view spoiler). It feels like she goes back (view spoiler)

*Because of the above reason, I couldn't feel the same connection between Ash & Scarlett. The connection I felt in Metamorphosis. I really hope I can feel it again in book #3.

*(view spoiler). Seriously??? Was there anyone else on earth??? It had to be him??? I thought you guys had a (view spoiler) in America. We have it in Spain!

*Scarlett and the way she thinks she has to go from one guy to another. Scarlett, guapa, get your shit together and be alone for a while. You need to be happy for who you are and stop messing around with guys until you make up your mind!

And guess what? I thought I was not going to read the next book in the series but somehow I am not only happy I read this one but I also can't wait for the third book in this series. I know Erin can deliver what we need.

"That's your reminder that I love you. Always and Forever. You're my Psyche and I'm your Eros"

Lisa Jayne says

4 BUTTERFLY STARS.

"Don't believe what your eyes are telling you. All they show is limitation. Look with your understanding. Find out what you already know and you will see the way to fly."

This has got to have been the most anticipated sequel this year for me, I've waited for what feels like a lifetime to carry on with this story. So after many months of waiting, my first thought once completing this novel was - Did I just read a book, or did I just step off a roller coaster ride? Answer is this - BOTH. The book starts where Metamorphosis left off, we are thrown right back into the drama and indecision like a love song gone wrong. I don't know whether to start an official UK fan club for Erin Noelle or write an official complaint, all with my sincerest book love, of course ... I feel like I've been turned upside down, inside out and quite possibly like I've gone ten rounds in a ring with Cupid and his arrow. Be prepared for heart ache, heart break, falling in and out of love, shocks, tears, anger, passion and much more welcome to Ambrosia.

What's it all about (you really want to know)?

Scarlett MacGregor is a young woman who has found herself at a cross roads in her life, she has faced great heart ache, loss and confusion but she knows that must return home to face her demons. Ambrosia takes the reader right into the heart of a messy love triangle, friendships are tested, hearts are broken and the novel is brought to shocking conclusions, tipsy turvy emotions and a whole lot of unknown. Along the journey we

continue to be drawn closer to Mason Templeton and Ash Walker two men who share the same heart for one girl, ultimately Scarlett must find what's in her own heart to make the final choice ... Butterfly or angel?

What I loved ...

Ok, so the drama was unmissable and whilst it drove me to distraction I felt quite pleased that the author was able to keep me so invested in this story of three (or more). I was fully entertained and annoyed in equal measure and nobody can deny this book deserves a prize for its epic drama. Hands down this author delivers some of the most swoon worthy one liners, Mason and Ash were pulling out the big guns for romance in Ambrosia and I was sold. A dramatic series that fails to conclude quickly often times doesn't work for me, but I'm happy with the angst and storyline to continue, bring on late 2013.

Final thoughts ...

I'm not going to say anything here that hasn't been said in previous reviews, but this author goes in my hall of fame for writing about a female character that is U.N.B.E.L.I.E.V.A.B.L.E and not in a particularly positive way. I'll let you wonderful readers see for yourself but let's just say that Scarlett needs to do some redeeming of herself and she must be something extra special to have such great book boyfriends in hot pursuit of her confused self. This book is a almost comical mess of tangled relationships, would I have missed it? NO. Am I excited for book three? Hundred million percent, YES. This series is addictive and actually well written, with that being said go find your book boyfriend readers and choose your team ...

Ultimately I could not finish this review without a dedication to ASH WALKER ...

Christy says

5 Butterfly Stars!

Where to start... where to start! I've been waiting for this book to come out for a while now, and I LOVED IT!!!! It had my stomach in knots for the most of it, angst, swoony, sweet, sexy, messy... I loved it all!

All through Metamorphosis, even at the end, I have been **TEAM ASH**. Before I actually review the book, I will just let everyone here know why I love Ash so-

ASH IS HER SOUL MATE

'We were made for each other butterfly. There is no doubt in my mind about that.'

Don't throw stones at me Mason lovers, but I truly believe Mason and Scarlett are in LUST with one another. They have feelings for each other, but NOTHING compared to what Ash and Scarlett have. You don't just find that 'special spark' and connection with just anyone. When you find it, you don't let it go.

No matter what happens between Ash and Scarlett in the next book, I truly believe those two are meant to be.

No matter what happens...

He only wants what is best for Scarlett. He knows he made mistakes in the past, but he has CHANGED... for one (view spoiler)

“All I want for you is to find happiness, even if it costs me mine.”

“We’re going to fix you Butterfly. Whatever it is.. we are gonna get you flying again.”

“I just want to help build you back up, not tear you down any further.”

He is so damn romantic and swoony. I don’t mean to go on and on, but I just couldn’t get enough of Ash in this book!

“I’ll wait forever for you, Psyche.”

“That’s your reminder that I love you. Always and Forever. You’re my Psyche and I’m your Eros.”

“The next time I kiss you, it’s forever. I won’t let go again.”

It is FATE these two HAVE TO END UP TOGETHER!!! Do you hear that Erin??? They have to!!!

Now to the ACTUAL review...

Ambrosia takes off right where Metamorphosis leaves off. Scarlett is back after being gone for eight months. She loves Mason. She wants Mason back. But a part of her heart will **always** belong to Ash. Ash screwed up. He knows it. He has changed. All he wants is for Scarlett to be happy. He never wants to disappoint her again. Mason’s heart was broken when Scarlett left him eight months ago. He is so happy to have her back. But he doesn’t feel like he can come clean with all that happened the last eight months. He knows the hold Ash has over Scarlett and he doesn’t want to give her any reason to run into his arms.

Scarlett is doing okay now. She isn’t perfect, but she is getting by. Trying to be happy. With Mason. She also is trying to comfort and be there for Max, Evie’s boyfriend. With Mason, there are bumps along the way, but they try to pull through. When Mason goes on tour and they have to do the ‘long distance’ thing for a while, things get more complicated. There are mistakes made, misunderstandings, and giant clusterf*cks that threaten to tear them apart. And when things start to go down, guess who’s there to pick up the pieces... that’s right, my boy Ash.

Ash knows he may never have a chance to be with Scarlett again. Not in the way he wants, needs, craves. But she is the other half of his heart. He needs her to be happy, to be okay. He will do anything in his power to make sure she is. Oh Ash. You. Were. PERFECT in this book. I fell further in love with Ash.

Mason... oh boy. I felt for Mason some of the time, but in my opinion (view spoiler). And Scarlett... she

drove me a little crazy at times. There was one moment, I almost threw my kindle... when you hit a little over half way, you will know what I'm talking about... When all the truths come out, and everything is out in the open, what will Scarlett choose to do... who will she choose to be with?

One taught me how to fly like an angel- to free my spirit, to accept forgiveness, and to love without restraint. The other had taught me to fly like a butterfly- to embrace change, to celebrate innocence and vulnerability, and to open up my soul. Together, they had both given me the courage and the strength to fly with my own wings.

I can't wait for book 3 to come out at the end of the year! I just love this series!!!

Us being together was inescapable... unavoidable... predetermined. She owned me- body, mind and soul.

†† ?aisy ♡ †† says

SERIOUSLY..... THIS IS UNFAIR!!!!!!

FRUSTRATED!!!!!!! *screams*

"I owed by happiness to both of them. One taught me how to fly like an angel - to free my spirit, to accept forgiveness, and to love without restraint. The other taught me to fly like a butterfly - to embrace change, to celebrate innocence and vulnerability and to open up my soul. Together, they had both given me the courage and the strength to fly with my own wings"

This story picks up from Book 1, which is pretty awesome! We see tons of Mason in this book and I was so anxiously waiting for Ash to enter..... and oh boy, that was frustrating! Mason and Scarlett grew closer together day by day. Mason is adorable in his way!

Of course, there is a catch in their happiness, Mason has to move out for this career and his manager, Bethany is another B****H!!! Hence, things really get pretty awful messed up! I only wished Mason would have opened his mouth asked her to move with him!! Such a gash situation.

FINALLY!!!!!! Our Ash enters, he saves from this mess and they find each other as always... They are definitely intense. LOVE ASH!!

"We both just lay there for a moment lost in each other's eyes, looking deep into each other's soul, knowing that once the line was crossed, our destiny would be fulfilled"

As I was feeling butterflies, BAM BAM that damn call, everything falls back to square one. EFFIN' MESSED UP.

I really hope Scarlett is worth for what these boys are going thru *cries*

SO, I AM HERE CRINGING FOR THE ENDING.... where is my ending????
I loved Book 1 more though!!

LOVE HURTS IN THIS CASE SO MUCH!!! MY HEART BLEEDS!

J *deep in the heart of Texas* says

This was quite possibly **THE** Worst. Follow-up. Book. Ever. I am disgusted that I wasted a perfectly good evening and a lunch break on this bullshit.

Scarlett gave me whiplash...

This one definitely brought out a lot of emotions....and unfortunately none of them were good. Things started out okay I suppose....Scarlett comes back after being gone for 8 months and chooses Mason. The first half of the book is about them figuring out their new relationship and trying to overcome the things that happened in the past.

And then for some ungawdly reason, the author had to fuck everything up. Everything went downhill from here. I hated every bit of the rest of the book.

Scratch that....every decision Scarlett made going forward was a bad fucking decision. Scarlett turned out to be possibly **THE** dumbest heroine ever. How could you (view spoiler) Huh?? Huh??? I mean you quite possibly broke the record for not being able to (view spoiler)

And then to turn around after that dumb decision and call Ash of all people?!?! I mean you had absolutely NO ONE else to call??

Fast forward a week and Scarlett hasn't spoken to Mason since the "incident". It's now the wedding and Ash fills in to sing for Jobu's Rum and he and Scarlett share a moment together on stage. So at this point, in the span of week, you've not only essentially (view spoiler)....but you've also fucked (view spoiler) and kissed (view spoiler).

Job well done Scarlett. Job well done. And WTF was up with Scarlett calling Max "Maxi"?!?! Um...all I keep thinking of is a maxi-pad?? I just thought Toots was the worst term of endearment ever.

And this brings us to about the 90% mark where we're thrown another ridiculous turn of events. So what does Scarlett do?!?! Well she runs of course...in the opposite direction...AGAIN! This is like a love triangle that just won't quit.

Let it be known that going in to this book I was TEAM ASH! But after everything that went down I have to say I am TEAM MASON. (view spoiler)

At this point I don't even care who "wins" anymore. I don't think Scarlett deserves any of the guys. She's too flighty and immature. Her behavior makes no sense in the grand scheme of things. None of it was justifiable in my opinion and only made her look more dumb then she did before.

I have to say, I am really disappointed with the direction the author took this book. I don't think I will be reading the remainder of the series. I just don't care anymore. I thought the dialogue was cheesy the last half of the book. I also didn't think the sex scenes were very hot.

Bottomline...

Scarlett:

You most definitely are up for the worst heroine of the year award!!!

Anna says

5 whacked-out winged STARS !!!!

Mason's Angel

Or

Ash's Butterfly

Alis volat propriis - Definition
(L.) **She flies with her own wings**

Meet my **Ash** ~
*I'll do whatever it takes
To turn this around
I know what's at stake
I know that I've let you down
And if you give me a chance
Believe that I can change
I'll keep us together whatever it takes*

I COULD NOT ALLOW HIM TO BREAK ME, I WOULD NOT ALLOW HIM TO BREAK ME.
NOT AGAIN. Just as I was about to tell him to fuck off, he spoke. "At least allow me a proper
goodbye to the girl who will own my heart forever." Well Shit Ash !

Ash's Butterfly AND Mason's Angel

SCARLETT

Meet my **Mason**♥♥

*It's crazy, I'm thinking just as long as you're around.
I'm here I'll be dancing on the ground.
Am I right side up or upside down?
To each other, well be facing.
My love, my love, well beat back the pain we've found.
You know, I mean to tell you all the things I've been thinking, deep inside my
Friend.
With each moment the more I love you. Crush me, come on, baby.
So much you have, given love, that I would give you back again and again.
Oh, the love, many now hold you but please, please, just let me, always*

♥

DKristin says

I need time to process and think and then I will write a review... I will say that I'm going to give it 5 stars and not because I loved what happened or it went the way I wanted it...I'm going to give it 5 stars because it genuinely pulled at my emotions I am all kinds of upset still. It made me sick to my stomach, and angry, and it hurt. It also happened as things would. Not as you expect. Lots of grey area muddy and murky waters. No decisions that are necessarily right or wrong and after the mistakes start to happen after the decisions are made it is difficult to stop the snowball effect from happening. Once the water gets murky it's a lot harder to make that shit clean again. I don't hate Scarlett right now I am still very angry with her though. I have to put the blame on Ash, Mason, and Max as well though for what happened in this book. One thing that was echoed by all of them that rang very true was that Scarlett needs to learn to be her own person to do what is going to make her happy and to live her life for her. Not in a selfish, the world revolves around me kind of way that she has been existing but really figure out who she is outside of a daughter, a best friend, a girlfriend, a lover... If Scarlett knew who she was then I am certain things would have gone a lot differently. Well look at that... I guess I was ready to write my review. This one like Metamorphosis is going to sit with me for awhile.

(view spoiler)

6/11/13 - Erin Noelle's facebook status:

One last note this morning, Ambrosia will be released on June 24th via ebook. Paperbacks will be available shortly thereafter. I have made an executive decision to change the way I am structuring the series. I had originally planned on ending Scarlett's story with Ambrosia, and whichever guy she did not end up with would've gotten book 3. However, as the story played out in my mind and on paper, that's just not the way it worked out. There will be a conclusion in Ambrosia; however, Euphoria (book 3) will continue to follow all of the characters lives which remain intertwined with one another. Saudade (book 4) will be primarily Max's story and all of the characters will continue to be a part of this as well. In lieu of a lot of grumblings regarding people unaware of books to follow in other series, I want to make sure everyone knows that this will be a 4 book series. Thank you all so much for the support!

Ang (Sizzling Pages) says

3 Stars. OK, I seem a bit calmer and can now come to terms with this book.

I want to start by saying that I LOVED "Metamorphosis". It was such an emotional story, which had me teary-eyed over Scarlet and what she was experiencing. (Parents/Evie/relationships). I was totally team Mason. He had me from the minute he entered the story. I have a weakness for tatted rock stars. Mason was kind and gentle to Scar where as Ash was such a HUGE pompous D-bag. I could not stand him in the first book. Then it ended, in a cliffy, all along loving Scarlet and routing for Mase.....

And then.....A good story had to be ruined.....what a pity.

Ambrosia's story line seems to be a rip off of the Thoughtless series. (At least the character admits her situation mirrored Kiera's). I hate to compare books/characters, but the plots are TOO similar for me not too. So therefore.... I had issues with this book. As much as Kiera from Thoughtless was annoying and I wanted to smack her for her infidelities, I could not hate her - Kiera was remorseful and sought forgiveness. In the end, I loved Kiera...this does not happen with Scarlet.

Scarlet, on the other hand, is a different story - I HATED her character. Blatant hatred. She was selfish and immature. She lacked integrity, morals, common sense and compassion in the way she conducted her relationship with Mase. She showed no remorse for her despicable actions. Scarlet had no redeeming characteristics what so ever. Albeit, she was mislead by Bentley the bitch, but she was heartless during the confrontation with Mason. It is truly a shame that the way this sequel was written utterly destroyed Scarlet. This book did not do justice to the sweet, broken girl we were introduced to in Metamorphosis.

My sympathies go to Ash and Mase. Ash came out of this story as a likable character and my heart broke for Mase. Scarlet deserves neither man's love, affection, or "wings". Again, I cannot emphasize how disappointed I am in this book.

Laura says

Well...

Aren't I a fucking mess right now. This book has mentally exhausted me. The whole time I've been reading it I was bouncing like a freaking ping-pong ball.

*Mase...Mase...undecided...my head hurts...wait WHAT?!...and then Ash(And yes, I know I was Team Mason all the way, but Ash was just so..*sigh*)...anyway...more Ash...again Ash...then, a couple of lyrics written on a piece of paper and crying like a baby later...Mase?*

As I'm sure you could tell...I couldn't make up my mind even after finishing the book.

So...all that's left for me to do is wait for book #3. Maybe *then* I'll finally be able to decide.

It's just me Shelly B says

"If you love something, let it go, and if it's meant to be, it'll come back' or some shit like that."

The love triangle is back....Scarlett has returned from her 8 month disappearance and guess who's arm she runs back to....cue the drums!!

hahahaahaha! I'm not telling!!

But just know that all points of the triangle will be visited in this book. Hell at one point I thought we might be moving toward a square....but that was just an.....

It's crazy good too!!! I liked this book better than the first because I love mega ANGSTY books and this one definitely delivered for me.

So now let's visit our teams:)

Team Mason

Scarlett is his angel.

There is a lot of Mason in the first half of this book but then his music calls him away. So that puts a definite strain on their relationship, plus his manager is his ex and she's with him. Also when Mason gets pissed off at the wedding.....PERFECT!!!!

All of that equals to mistrust and jealousy flying rampant.....I love jealousy in books.

Will they work it out or will she run back to her "soulmate?"

Team Ash

Scarlett is his butterfly.

Ash is kind of there through out, popping in occasionally to plead his case for hurting her in the first book. But honestly I felt like he was too soft in this book for me. I don't know I just didn't like him as much in this one.....sorry to all the team Ash fans but that's just how I feel.

The whole "soulmate" thing, well I just didn't get that same feeling with her and Ash as I did the in last book.

How ever Scarlett never actually chooses either of them, it always seems like circumstances or issues push her in one of their directions....she never chooses one over the other.

I want her to CHOOSE.....of her own freewill..... because in the end of the book Mason's stupid actions make her go running to him.

Although I would run to Mason too...

I bet you can't guess which team I choose...

Happy reading everyone!!!!!!
