More appreciation for this book now that I've read the 2nd book. I can't believe I missed reading it the first time around.

Bernie Reid says

I was recently introduced to this author by my daughter and best friend and this was the series they told me to start with. From page 1 I was hooked and didn't want to stop which was a problem as I was on holiday.

This book is refreshing and fantastic and I've downloaded all her books now to read through. I don't have a lot of time in my day and they've got me hooked on some other authors too so I'll be juggling books and having many late nights and extended lunch breaks I think.

It's funny, it's romantic, there's suspense, drama and it's so different to anything I've ever read and I'm thankful for that. Love it

Fantastic Series

I agree with other reviews, this series should be made into a movie. I laughed so much people thought something was wrong with. Love scenes are hot and steamy. I love the way Shane loves Mouth. Mouth is a great alpha female. Jordan Silver I salute you.

Disappointed - ending felt abrupt, several loose ends still

Sadie Bissett says

Shane and Ari's story continues with Beautiful Assassin. In part three, you really get to know a little more of

what drives Arianna to be the way she is. She is a very messed up individual, and some men would never want to take the time to help heal someone so broken. But not Shane. That man is not just man-candy, his love runs deep for his woman. There's nothing he wouldn't do to protect Ari, but she doesn't make it easy for him.

He begins to see that she is NOT just being rebellious toward him when she does things he tells her not to do. But he sees that she is being driven to do it, from some things that happened in her past. You can really feel his pain, as it breaks his heart when he sees how she's been changed from the sweet teenager she should be, to this hardened, foul-mouthed woman that she is now. His sadness over it is really evident when he realizes that there may be no way to save her from her destructive path. All he can do is help her finish her revenge, at least that way he can protect her.

I love how Jordan lets us see that deep down, buried under years and years of scars over what Ari endured as a child, that there is a soft, sweet girl that wants to come out when she's with Shane. I hope we get more glimpses of that girl in the next one. Shane deserves some soft cuddling from his girl, along with the sassy, smart-a\$\$iness. I know. Smart-a\$\$iness is not a word.

I also love that when you read anything Jordan Silver, you can always rely on this:

NO CHEATING.

HFN (Happily-For-Now)

Thanks, Jordan.

In this next series we learn a little bit of what drives Arianna to be the way. She is strong, independent, sassy, kick ass woman and loves to drive Shane crazy. Some would never take the time to deal with this type of woman. Shane's so in love with this woman he will do anything for her. All he wants is for her just to stay way from all this type of business and protect her, which he believed with child would help. (Not with mouth) Arianna's thinking is to protect everyone she loves and cares for. Shane is her everything, her love. Absolutely, recommend whole series. Jordan silver is a wonderful writer. Her books never disappoint. I highly recommend reading any of her books. Especially this one.

Amber says

Mouth is my hero ... she is so awesome in a very small psycho little package I can't wait for the next book to come out "The Family"

Juli says

In this book, we get to know more about Arianna's past and what basically made her into the mouth; sadly, the truth was heartbreaking. But Shane never gives up on his woman and as we all know he has no intention of letting her go especially with the new surprise in their life. This book was longer then the previous two and I enjoyed the flow and action of the story. The book still needs some editing since there are still

misspelled or missing words.

Sylvia Haenga says

This series is soooo good

I love this series and cannot wait for more of Ari and hope that we get to see her more in action. I so love how she's strong, independent, witty and sassy, kickass women and never listens to Shane and does everything she can to drive him crazy and loves every minute of it.
