Berries and Birthdays: A Cozy Murder Mystery Leena Clover

July 4th parade ends in 100 year old's gruesome murder.

He never cut the birthday cake Jenny baked for him!

The Pelican Cove police are clueless about why anyone would murder a 100 year old man on his birthday. With most of the victim's large family admitting they hated him, Jenny decides the obvious suspects are innocent. She will pursue the most unlikely string of clues to uncover a mystery that spans generations. Her startling discovery will shock the entire community. Can she apprehend the murderer in time?

The busy tourist season spurs Jenny to dish out treats like iced coffees and crab cakes. She's happy being wooed by two hot and eligible men while her friend Heather tries her hand at online dating.

Book 3 in the Pelican Cove Cozy Mystery Series promises a mystery you never saw coming.

If you like beach settings, mouth watering food and mysteries that keep you guessing till the end, you will like Berries and Birthdays.

Buy now and start reading this one of a kind whodunit, a perfect summer read.

From Reader Review Berries and Birthdays: A Cozy Murder Mystery for online ebook

Elisabeth Hayden says

Cute story.

I'm going to need this back and forth with the two love interests resolved soon. It's tiresome after three books. ? because of that, I don't know if I am going to buy anymore of the books.

Tex says

100th-year Celebration?

(Disclaimer: I received a Copy of the book. Read it. Decided to provide my honest review).

After reading the first two books in the Pelican Cove Cozy Mystery series, Berries & Birthdays was somewhat of a disappointment. The book did not have the focus or the crispness that has made the series a pleasure to read. I thought the storyline had too many competing interests which made reading a bit confusing and more difficult than necessary.

MY RECOMMENDATION: Neutral. –Tex

Debi Paglia says

This series just keeps getting better and better! The storyline was amazing. The beautiful Pelican Cove, Virginia, was alive with summer tourists. And, as usual, our heroine, Jenny, couldn't seem to keep away from a murder mystery. This third book in the series is definitely a page turner. I read it in two days! Ms. Clover makes you feel like you are there. I would recommend this book to anyone who likes "clean" mysteries, people who care about their friends and neighbors and a great story! I was provided an advance copy of this book and voluntarily wrote an unbiased review.

Yoshua David says

Why do I keep reading these when they are so 'meh' compared to other books/series? I'd like to think it's because I finish what I start & this is a series.

A series that comes off as bi-polar in too many places, & short on details that would make for well-rounded writing that could make each volume a nice, worthwhile printed book, making the author more money.

Beth Hirschenbein says

Excellent

Every book is better than the previous one. I am enjoying learning more about Jenny and her family and friends. Jason and Adam both seem good candidates for Jeremy for different reasons. She is a good and loyal friend. The background of the town was very interesting.

Karen Sterzinger says

I thought the story was good, but there seemed to be a lot of dead end paragraphs. She would be talking about one thing then the sentence ends and it is either the next day or different place. I did enjoy the story. Couldn't figure it out and that is how I like it.

Barbara Hackel says

Jenny has baked a decadent chocolate birthday cake for Asher Cohen's 100th birthday. Coinciding with the July 4th celebration held by the town of Pelican Cove, Asher's birthday celebration is a huge event. But somehow the birthday man is misplaced and then found-dead in his truck. He was happy and healthy, and not suicidal. Sounds like another murder has happened in Pelican Cove. Jenny vows she will not get in the middle of another murder case, yet when Asher's widow begs her to help figure out what happened to him, how can Jenny refuse?

The usual cast of characters are around, with son Nicky in and out as well. Heather, Jenny's friend has decided to try online dating, and has a new beau, Duster. Meanwhile, librarian Molly has decided she is going to go after the man she is interested in as well. Meanwhile Jenny still has both Adam and Jason interested in her.

Fun read and it evokes a summer at the ocean's shore that most of us would enjoy!

Krystyna says

Old sins or just misunderstandings?

Awesome. A really great plot that incorporates the Holocaust and the way that those feelings are still with us today. A birthday party for a 100 year old resident of the Island turns into tragedy when he is found dead in the cab of his truck. Suspicions fall onto his family but our heroine has her doubts. The more she delves into his past, the more she is sure that she is right. Will she be able to prove it? Meanwhile the two men in her life are both vying for her attention whilst her younger friends start playing Russian roulette with their own love lives. The characters are getting stronger with each subsequent book and now the question is who will end up with who.

Robynlee Mason says

Another good cozy!

I really like how it appears so seamless in between books. Lena is good at making that transition. The mystery itself was different, I don't think I've seen a Holocaust cozy yet! But it was well written. I don't know any real people like our sleuths, but they sure are smart . Yet the real question is this: How does Jenny handle 2 men, without them hurting each other? And how the heck is she going to choose between them?

Jeannie and Louis Rigod says

By the title of this novel, you would be safe in thinking that it is a gentle going cozy murder. I did. A local man is going to celebrate his centennial birthday on July 4th. The entire community of Pelican Cove is going to help him celebrate...but one person has murder on their mind.

This book turns into a search, not just for the killer, but also for the true identity of the victim? Was he a true victim or had he brought his demise upon himself? Was it suicide or true murder?

History has a way of repeating itself, and this book warns us that it can also be misconstrued.

This book was fascinating and made me truly think. Do we truly know the person standing next to you, or a family member? Secrets are personal but also, in this case, deadly.

I was highly impressed by Ms. Clover's story plot and characters. Pull up a crab sandwich and read what I mean.

Bev says

Pelican Bay is celebrating the Fourth of July in a big way, and so is it's oldest resident Asher Cohen, he turns 100. Everything is going well during the celebration. The floats are wonderful, everyone is happy and a good time had by all.....until later at the award ceremony, the sheriff cancels the fireworks show. They just found Asher Cohen's body. Mrs.Cohen asks Jenny to find out who did this to her husband. Jenny thinks it has something to do with his past. Is she right? If so, what is it and why would anyone kill him on his birthday? You will have to read the book to find out. I voluntarily reviewed a copy of this book.

Kathy says

Great read

Oh I can't wait to see what happens next with Jenny ,Adam and Jason what a great series if you love a great cozy with characters you will love and a story that keeps you turning the page then this one by Leena Clover is a must read

Trish Goodgame says

Another delightful seaside mystery

A centenary birthday celebration in Pelican Cove ends in murder before the "birthday boy" gets a chance to cut his special cake. Who would want to murder a 100 year old man? Once again, Jenny gets involved sleuthing to find answers, despite telling Sherrif Adam and her friends she won't get involved. The Pelican Cove community and characters are delightful and with each book we get to see them develop even more. If you are a fan of cozy mysteries & clean language then this is for you.

Anne G. Kasaba says

Outstanding read. This series just keeps getting better.

The Boardwalk Cafe is hopping. Tourist season is in full swing and the July 4th celebration is being eagerly anticipated. There's a special part of the celebration this time, Asher Cohen is celebrating his 100th birthday. Unfortunately sometime during the celebration someone kills Asher. The police are investigating but Asher Cohens wife, Linda, asks Jenny to investigate and find out what happened. Now Jenny has to juggle the Cafe, her investigation, and her two suitors.

I received an arc of this book and voluntarily provided a review.

Darinda says

Jenny moved to the small town of Pelican Cove after her divorce. She has settled in the community, making friends and working at a local cafe. In her short time in Pelican Cove, she has helped solve two murders - *Strawberries and Strangers* and *Cupcakes and Celebrities*. With *Berries and Birthdays*, a local man is killed on his 100th birthday, and Jenny is once again ready to help solve the mystery.

The third book in the Pelican Cove cozy mystery series. This book can be read as a standalone, though I do suggest reading the previous books to be more familiar with the characters.

I enjoyed the mystery in this one more than the previous book. This mystery hits all the high points for an enjoyable cozy read - amateur sleuth, charming setting, a little romance, and interesting characters.

I received a digital copy of this book from the author in exchange for an honest review.
