**Berserk, Vol. 27** Kentaro Miura , Duane Johnson (Translator)

Now equipped with the mystical Berserker Armor, Guts fights on against the dragon-form of Grunbeld and his legion of fanatic apostle soldiers. But the very armor that holds Guts together — in a nightmarishly literal sense — might be the last straw that tears his tortured mind apart! While Guts struggles to hold his own against his inner demons, monsters of a very different sort rally in Windham as the Kushan Emperor, Ganishka, and the newly reborn Griffith rally their forces in a head-to-head struggle for control of all of Midland. But when the dust finally settles, there may be little left of the kingdom to claim!

### Ozan says

Unfortunatly the Grunbeld vs Guts fight didn't come to a conculution. Schierke had to make a astral journey in to Guts in berserker armor and she reached out to Guts who was lost in the armor's control in total rage. When Guts regained his control, he quited fighting against Grunbeld and went to rescue of the gang and then they ran away. The fight was happening at the forest of the witch Flora, so she interveined and stoped Grunbeld from following Guts and the gang.

Then we got in Emperor Ganishka story. He totally concured midland, and rebeled as an apostle against the lord of the all apostles Griffith. Ganishka's totally a monster. His evil rituals of making pregnant women give birth to demon babies is totally gross and messed up... And he feeds people to his crocodiles in a pitt and watches while it happens... ewww

### Dani Lane says

Back to Guts' ongoing struggle. He survived the first go-round with his new armor but it'll take a toll. More interesting is what's going on in Midland. Griffith rescues Princess Charlotte?

### Bradley Prior says

Hyahhhhh!!!!

Guts is back. He needed a reminder and some better AC. Back on the Berserk train for sure. THIS TRAIN HAS NO BRAKES!

### Timothy Pitkin says

Great to see the Berserker Armor in action against the Dragon and also nice to see that the chapter not only highlights the benefits of the armor but also shows all of its downsides to and does not make the armor into a full on upgrade but states quite clearly that Guts needs to be careful while wearing the Armor or he might actually die. Also love the designs of the Demon Lancers and the Kushan Empire soldiers as it seems that they are borrowing heavily from Hindu and Indian mythologies for the designs of a lot of these demon creatures and it is horrifying to see how the emperor creates these soldiers.

That cover. Another good volume.

**Schierke says**

Finally Berserk becomes interesting again! After the Golden Arc has ended the manga got really boring. The most of time I was too troubled by it to continue reading. But now ... woah ... so many awesome scenes, great dialogues, an absolute fantastic concept art (gosh, I'm so impressed by the author's fantasy you can't imagine) and finally an overarching plot line again! I look forward with great expectation to the next volumes!

interesting volume ... the grey hair was cool :3 & it was nice seeing the new Hawk band & their powers in midland

**Babs says**

Sad times for Schierke, but Guts must battle on in his newly acquired armour...with pretty dire consequences!

We also return to Midland under Kushan occupation.....a nasty, demon city indeed! Emperor is up to some gross stuff.

Amazing battle scenes, with some stunning looking Apostles. Wow.

Another great volume with Guts the Mostly Black Swordsman/ the Slightly White Swordsman

Parece que un nuevo arco argumentan comienza, sin embargo no podría ser más gris.

Le combat entre l'apôtre et Guts est vraiment impressionnant. Cette armure est redoutable mais on peut se demander si elle ne fait pas plus de tort que de bien, même si la mèche blanche est plutôt cool.

J'aime vraiment cette cohésion de groupe, elle apporte de la chaleur et une humanité à Guts, qu'il avait perdu depuis le sacrifice. On voit même Casca sourire, pourtant elle déteste toujours autant Guts, j'espère vraiment qu'elle pourra se souvenir car c'est abominable de voir Guts souffrir autant alors qu'il essaye de lui apporter une protection permanente.

C'est bien aussi de voir Dame Farnèse changer, devenir une jeune femme forte, pas pour le pouvoir mais pour se prouver à elle-même qu'elle peut le faire et qu'elle peut aussi protéger le groupe.

Dove i nostri si leccano le ferite, mentre diamo un'occhiata da vicino all'Imperatore Demoniaco, alla principessa-ora-regina Charlotte, alla fu ridente città capitale del regno e ai Falchi in missione di salvataggio.

### **Karissa says**

This is the 27th volume in the Berserk series. The book starts off with Guts fighting Zodd the Immortal who has turned into a sort of crystal dragon. Guts is in his new Berserker Armor which is as helpful as it is punishing. However, once the Armor takes hold Guts is trapped inside it and requires Schierke's assistance to break free.

Meanwhile back in Windham we get to watch as Griffith's forces take on the Kushan Emperor, Ganishka. Princess Charlotte is being held by Ganishka as well and it is interesting to see what she has been up to.

We meet a whole bunch of new characters (or at least characters we only saw once or twice before and haven't seen for awhile) in the part of the manga that takes place in Windham. I actually found this part to be a bit confusing and didn't enjoy it as much as the parts with Guts. Because of this I didn't enjoy this volume quite as much as previous ones.

The illustration remains amazing but I am unsure about this whole Griffith versus the Kushan part of the story.

Overall this was a good continuation of the Berserk series. I am eager to see what happens in the next volume and would recommend to mature fans of horror fantasy manga.
