## Kathi says

Sweet Cowboy/Veteran Read!!

Heather is a teacher looking for “more”. She rides horses out at Levi’s stables (as do many eligible ladies) but he never notices. Levi doesn’t think his heart can love again after a tragic loss. When Heather is hurt at the stables, Levi takes responsibility for her care while she is incapacitated. This leads to humorous and frustrating situations, and Levi realizes he is comfortable around Heather as he is not with many others.

An emotional journey for both these characters as outside influences, and past work against the possibilities of the future. Beautifully written.

## Pattisue says

Teaching was sapping Heather Carver dry. After ten years, she was exhausted, emotionally and physically depleted. For two years she had been trying to get Levi Rhodes’ attention. “She seemed to live her life in almos. She almost got married, almost went to graduate school, almost won a beauty pageant.” Levi Rhodes has “sworn off women” focusing instead on goats, horses, and the boarding stable. “He may never feel happy again but freedom was worth the price. He wondered if he’d lost the ability to love again.” Heather had been dreaming of winning Levi’s heart for years. “He’d left a decade earlier and returned a shell of the boy/man she’d known.” Can she finally catch his eye?

I really bonded with these characters. I loved their relationship and connection. “What was strange was how she’d always been there, and he’d never seen her.” This story is the perfect balance of romance with a fast-paced plot. This complex story unites a broken man with the woman who has always loved him.

I received a free copy of this book. All opinions are uniquely my own.

## Deborah says

Heather is sooo in love with Levy and has been for years. As long as sh could remember. There was a little flame there once or did she imagine it? Levy does notice Heather but he doesn't feels he has much to offer to a woman, like marriage and a nice home.He wants to buy a cattle ranch of his own but everything costs money!!

Heather goes to the Open Riding at the ranch just so she can see Levy. Mr Mumbles never says much and he just ignores her. Then there is the accident. Levi's horse is spooked and falls on Heather. Levi feels responsible for the accident and Heather sees it as an opportunity to get closer to Levi. Will their romance have a chance? Heather is all about the Love and Levi is all about Money! This is the best novel written by

Liz Issacson. Each one is better than the last because she pours her heart and soul into it. I can't wait for the next one!!!

### **Barb Deskin (azbadbabs) says**

We first met Heather in book 2 of this series ... she's Dwayne's sister. Heather was so good at giving her brother advice on his relationship with Felicity, she forgot to heed her own advice.

Heather has a major crush on Levi Rhodes. Levi is her brother's best friend so they've known each other their whole lives. The problem? That's all he saw her as, his best friend's sister. Heather goes to Levi's riding stables every Friday. He never notices her; that is until a freak accident that involves her and one of his horses. This accident is what brings the two of them closer, closer than either of them ever dreamed of. Levi has demons in his past that still haunt him. Will these demons build a wedge between their new found likeness for each other? Will Heather's past relationships do the same? God works thru us all in mysterious ways. Will He be able to help the two of them? What will their families think?

This was another great story written by Liz Isaacs on and I can't wait to read the next one. Happy reading and hopefully you'll enjoy this as much as you have the others.

CHARMING THE COWBOY by Liz Isaacson

Heather a teacher for ten years, looking forward to the open riding period and one handsome guy name Levi. Two years and nothing, what was there about him, and the other cowboys she dated they didn't fit. Heather's oldest brother was his best friend, and she was easy to talk to. He wouldn't give up his freedom, even if he was unhappy. Everything changed when she got thrown off the horse. Her brother wants her to go to the ranch, uneven grounds, stairs. Levi's offer his place main floor, chef, which will she chose. She's had a crush on him , a jewelry box and a kiss on the cheek, was all it took. Great story of a love that didn't die for her, readers will love it.

Given ARC for my voluntary review and my honest opinion.

Charming the Cowboy: A Christian Contemporary Romance  
: Liz Isaacson

I missed the first two books in the Grape Seed Falls series. This is book three. I got to meet the characters for the first time. This is a sweet clean romance that has taken years to be realized. Will they find happiness or will past secrets and choices keep them apart. A nice story with cowboys, horses, peaches a dog and cats! I will have to go back and listen to the first two books.

The narration was well done. The characters were well portrayed. Caroline McLaughlin brings the story to life.

I was given this free review copy audiobook at my request and have voluntarily left this review.

## **Margaret Watkins says**

In this third book of the Grape Seed Falls series, we meet with Heather and Levi once again. Heather has had an unrequited crush on Levi for years and her only consolation is that he doesn't look at any female let alone her. In some ways she is luckier than most as Levi is her brother's best friend and when he visits he at least has to acknowledge her. Her brother Dwayne has done his best to steer Heather's attention away from Levi however the hearts wants what the heart desires. It is only when Heather has a serious fall at Levi's stables that he acknowledges that his feelings for Heather go a bit deeper than he has allowed himself in the past. However, in order to start a relationship with the upbeat teacher, he first has to admit to his past and that is the hardest thing he has ever had to do. As the secrets start to come out, they become more and more difficult to swallow and eventually Heather withdraws knowing that until Levi has made his own peace with the past, she doesn't stand a chance with him. There is so much pain and suffering in this book, and yet at the end of it all there is redemption and healing for those who seek it. There are characters in this book from previous books in the series and in many ways it is a continuation of Craving the Cowboy, but it is nevertheless a standalone and has a happy ending. I received a copy of this book as a gift and this is my honest and voluntary review.

Now I am sure that not everyone is as major of a Liz Isaacson fan as I am, but if you happen to be a fan of her novels about 'Three Rivers Ranch'- you'll love this book and the entire series! Wonderful characters, page turners, and inspirational are just a few of the adjectives that I would use to describe these novels by Ms. Isaacson!

"Charming the Cowboy" is the third novel in the Grape Seed Falls series and was beautifully written with an excellent story-line. This novel brings together two stories that we have come to love, the stories of Thatcher and Dewayne, as we find out what happens with their baby sister- Heather. Can Heather win over the love of her life, Levi, or is there too much time and distance between them? Can Levi overcome his dark past to have a bright future with the woman who has always been in front of him or are some secrets just too deep to rise to the surface?

This is the third novel in this series so far, but I look forward to the others to come later on in the future! The preview of the upcoming novel, "Courting the Cowboy" left all readers with an amazing story to look forward to. It also helps to know that there will be one more after that as well, "Claiming the Cowboy." Bring on the wonderful novels, Ms. Isaacson, your reader's (especially this one) cannot wait to read them!

### **Kristen Lewendon says**

I had started to fall in love with Heather and Levi in the previous book. After getting the chance to live in their heads in this book, I'm completely smitten. Levi has some big secrets he's been keeping from everyone around him; burdens that could break him if he doesn't learn to share the load. Heather's suffered some dating disasters, most recently being her unrequited crush on Levi. What's it going to take for Levi to see her as more than just his friend's little sister? And is Heather strong enough to help him recover from the secrets that have been holding him back from life? I loved seeing these two strong, stubborn people learn how to share their lives and hearts with one another. And it was so much fun to watch them interact with their friends and families.

I received a complimentary advanced copy of this book.

Romance, clean, faith elements, series, but stand alone read

Heather and Levi's story was a wonderful, beautiful fall. L.I. knows how to tell a story. Two honest, hurting hearts, hoping that healing will come. Always a great read. Heather and Levi were heartfelt, honest characters. Levi's mistakes, heartbreak and hurts keeping him from seeing a future. Heather wondering if her heart will ever completely belong to anyone. Loved this read. Their misunderstandings, miscommunications, hurts, hopes, but best, beautiful caring and chemistry made for a perfect read. L.I. always delivers with her

stories. Loved seeing bits of Dwayne from the previous novel in this. He was a great brother to Heather. Family, healing, and of course, a lovely romance. The pieces always fall together in the best possible way!

Heather and Levi have known each other all their lives. Levi is her brother's best friend. He left town for a few years and since he came back several years ago he really hasn't dated anyone. Heather has been going to the open riding at his horse stables almost every Friday for the past three years hoping he would notice her but he doesn't really notice any women. Then she has an accident when the horse she is riding gets spooked and the Levi starts to notice her. Levi has a lot of secrets that he has not told anyone, not even his family. But after he convinces Heather that she should stay with him while she recuperates from her injuries, he feels enough trust in her to start telling her some of his secrets. Then they start dating after a few days and he starts to talk more about more of his secrets and finally gets all of them out over a couple days but then he walks away from her. He won't talk to her anymore and just says he needs some time, so she give him time. She moves back home and finally goes back to work but when he finally calls she doesn't answer his calls and finally tells him she needs some time. Will Levi ever tell his family all of his secrets and how he got all his money? Will he be able to get Heather back when he realizes that he loves her? Will Heather forgive him and admit that she loves him too or will she walk away because he seems the type to not talk about things that are important?
