## **From Reader Review Just a Little Sick for online ebook**

### **Jenese Wilson says**

I loved reading this series when I was little. The illustrations go great with the story which is great to help kids follow along. It's funny because the book could persuade kids not to miss school because being at home sick is not fun.

---

### **Michelle says**

J P MAY

A cute book! Little Critter pretends to be sick because he is reluctant to go to school, just like what M does!

---

### **Shelby Usrey says**

This book has good illustrations throughout the story that could help a child understand and help them to continue to read along. The story line is pretty good. Having the children read about how being sick is not as fun as going to school is always a great way to motivate children. The story-line was easy to follow and easy to understand. It could help a children ease their fear about going to the doctor when he/she are sick because in the book the character has to go to the doctor.

---

### **Tricia says**

Mercer Mayer's characters are appealing to children. This emergent reader shows little critter's impatience with being home sick from school. Children will relate to being just sick enough to be home but not sick enough to not be bored out of their minds.

---

### **Jenny Bynum Black Words-White Pages says**

A great little picture book for ages 0-3 to listen to with the wonderful wording and the awesome illustrations.

---

### **I DRM Free says**

### **Loved this series as a kid**

I loved this series of books when I was a kid. It's a joy to see them again and read them all over.

---

### **Jessica says**

Sick  
Being little sick is fun  
No school  
Breakfast in the bed  
Plain toast  
Fruity nut crunch  
Go back to bed  
Rocketship rest  
Temperature  
Fever  
Sleepy  
Nap  
Feel great  
Doctor  
Wait  
Go home play with friends  
School tomorrow  
No fun

---

### **Dmills says**

A good book to talk about why being sick isn't any fun and why we should take care of ourselves so we stay healthy and get to have fun at school.

---

### **kim says**

pretty much how I feel when I'm sick

---

### **Ardyth says**

Not the most interesting plotline of all time, but okay as easy readers go.

---

### **Kelsey Yates says**

Too much complaining.

---

### **Christian Padgett says**

This book can show kids that by being sick, you can loose out on fun activities, so you should not try and miss school by saying you are sick. It also goes through the steps that must be done when you are sick.

---

### **Angie says**

**Synopsis:** *"Little Critter has a day off from school!"*

*When Little Critter® feels just a little sick, Mom lets him stay home from school. Hooray! But between visiting the doctor and staying inside all day, missing school is not what Little Critter expected.*

*Just a Little Sick* is a simple story—perfect for emergent readers who are eager to join Little Critter on his adventures. "

**My Review:** A nice little lesson from Little Critter about being sick and discouraging acting sick. The sentences are simple, though it is a beginning reader and is more meant to be read with the words and sentences pointed out or allowing the child to read what they can. The images are great for deciphering the sentences as well. I read this one with Munchkin on a day he stayed home from work sick and he loved finding the little spider in each picture too.

---

### **midnightfaerie says**

Another Mercer Mayer book that all my kids enjoyed. My 5 yr old just adores Mayer and requests her books constantly. I read them at the breakfast or lunch table and even my 3 yr old twins get into them. We love trying to find the mouse and spider that seems to follow the main character around, they're always doing silly things. Fun engaging themes that any child can relate to, a great addition to any children's library.

---

### **Taylor Brune says**

This is a cute book for students just learning how to read. Also the book has a great message encouraging children to want to go to school instead of staying home. The illustrations were great, also!
