Nala's Fake Marriage

Imani King

Nala's Fake Marriage Imani King

Billionaire doctor Aaron Lockhart just introduced me to hundreds of people as his wife. There are only three problems with that.

#1: We aren't married.

#2: He's my boss, and I'm his nanny.

#3: I've had a crush on him for years, and he doesn't even remember meeting me.

I'm hoping my problems turn into solutions and fast. I really need this job. Plus, his daughter Maisy is absolutely adorable. Not to mention Aaron himself. Well maybe adorable isn't the word. Dr. Lockhart is the most ravishing, powerful, intelligent man I've ever met. And did I mention he's gorgeous?

He's perfect. And I'm perfectly screwed.

Because a reporter just asked me how we met, and I have to make it up on the spot.

For a limited time, there is a bonus book for your reading pleasure. Book ends at approximately 48%.

From Reader Review Nala's Fake Marriage for online ebook

Deatrice Farrior says

Loved It

I thoroughly enjoyed reading this book. Nana and Aaron were perfect together. Misery was great and I am glad they found out what was wrong with her. Although I read this as an ARC reader i still purchased. I recommend you read this book.

Belle Anita says

Different and refreshing

The story is surprisingly believable. I became totally immersed in it! It shows what seems to be honesty in all 3 characters and develops into a totally real-life experience. There were some grammatical errors which always interrupt the flow, 4 stars rather than 5.

Marq(ReadingRomanceinColor) says

2.5 stars

First of all the ebook ends at 41%. I was not expecting that. There's a second book after that but I wasn't looking to read another book. Second, there's no fake marriage like the title suggests. There's a fake marriage for like 5 minutes and then they move on from that. I thought that Aaron and Nala would have to play the role of a married couple for the majority of the book. Nope. That was not the case. Not alot of time was spent providing information on Dr. Aaron. All we know is that he's a widower with a daughter named Maisy. And he's a genius and a billionaire. NO idea how old he is. His height. I think he has dark hair and there's a mention of tattoos on his arms. Let's talk about daughter Maisy. She's 6 years old and in the 3rd grade. Ummmm...how does that work. Most 6 year olds are in Kindergarten. Some may be in 1st grade. Definitely NOT 3rd grade. And I hate precocious children in romance novels. It's not cute. I don't like children in grown folks business and who are having grown ass conversations.

This was an okay read. I wasn't blown away by the romance. It seemed like Aaron and Nala hooked up due to proximity and convenience, not any great love and romance.

JoAnn Felder-Gaskins says

Finding Love

This is an interesting story about a woman who applied for an assistant job but was inadvertently interviewed for a nanny position. She took on the poison as nanny to this book writer's daughter. They get along

famously and ended up falling for each other. This story is about finding love unexpectedly.

Maria Hammonds says

Hhmmmm!

Interesting set of events. While I find this charming how they seem to fall into one another literally right from the beginning. I don't understand how you're a doctor, researcher, and an author, but you miss the rash. As a parent wouldn't that be the first thing you do, to check your child from head to toe. Especially if it is ongoing. Although, there are times that we can't see the forest for the trees. All in all good book.

Sammie Shorter says

Okay story

The three stars are for the bonus book that was included. Hopefully the next Charming Sister books will be more believable.

Gayle Roberson says

When Love Happens

What happens when Nurse Practitioner Nala's resume goes into the wrong pile and her boss thinks she is applying for the nanny position and not the nursing position. When billionaire Aaron convinces Nala to be his daughter's nanny she did not expect to fall in love with his daughter Maisy. What happens when those feelings also extend to Aaron too will he return them.

Angela V. Herndon says

ONCE AGAIN, MY GIRL IMANI KILLS IT!!!! Anyone who reads this story is going to fall in love with the main characters!!!! Aaron & Nala are an awesome couple!!! Even though they tried really hard to deny their attraction to each other sure to past heartache, the inevitable was bound to happen. And the addition of a little sweetheart of Maisy just adds more love into this romance!! MOST DEFINITELY A MUST READ!!!

Tracey says

The author has provided a free copy of her work in exchange for an honest review.

In Imani King's book, Nala's Fake Marriage is a story of two people who are brought together through a misunderstanding that turns into something more. At the beginning, the main adult characters fight their

feeling for each other until they just can't anymore. However, the 'fake marriage' was not what I was expecting when I read this book. For me as a reader, this story did not support the title.

This story is for anyone who likes stories with happy endings.

This is my review and how I see it.

Karen Alleyne says

That was a neat little trick by the author....

My reason for giving is rating are a few....

1 The character development is poor and very little. I'm not a writer but I do understand to composite of a good story.

Romance readers love know the age of the hero. (that's a fact!)

So exactly how old is Aaron.

And his background is sketchy and doesn't really know anything about science and medicine. But she state is title is Dr.

And so little of her other than what she want to be went she grow up.....

Oh and I found a few typos ... minor though.

I will say this next time I'm buy my favorite Author work I will be sure to read the description in detail and not be so quickly to press BUY.

It goes something like this ...

For a limited time there is a bonus book for your reading pleasure. STORY ENDS AT 48% .

I should have known better which author do you know will give a good read of 327 pages @ \$0.99 .

Hmmmm.

While reading this book I spend the entire time frustrated and impatient only to have come to an abrupt end at 48%

I recommendation to readers is if you are a fan of the Prince series by Imani King go ahead and buy this bonus is just right for you .

If you are not a fan of the Prince series , just wait unit this limited offer expires and then buy .

My message to the author ,if she reads this ...

Mrs King , your short reads are sweet and full of HEA. Could you one day pick one and turn it into a full length novel . Thank you .

Erica says

2.5 stars I honestly wasn't expecting the story to end so fast. At the 48% mark, really? I kinda wish it was longer to get more of a feel. I just wanted more from the h/h and plot in general. The whole theme of the book is Nala being a fake wife, but that only lasted for like 5 pages.

Annette says

Love this story! Nala been burnt so she isn't looking for love but has been attracted to Dr. Lockhart for awhile. Aaron has lost the love of his life and is now struggling to balance his grief, being a single dad and his career. Author does a great job with a couple with totally opposite lifestyles & backgrounds that just smoothly click together. Loving, engaging, heartfelt story with a tad of a mystery..medically. Great start to the series!

Yvonne Daniels says

Nala's Fake Marriage Sisters of Charming Place Book 1

by Imani King

???????????

WOW! This is another fantastic sizzling hot Story has a feel to it that's a great read. This is a awesome story that you will enjoy reading. The characters that Imani King has developed is magnificent, strong, lovable, sexy with the kind of romance we all can enjoy, it has lots of sensual action and suspense that makes you want to read this story. It's well written, fast pace, fascinating and sweetly charming. This story features Dr. Aaron Lockhart and Nala Charming. Dr. Aaron Lockhart just introduced Nala to hundreds of people as his wife. There are only three problems with that. #1: We aren't married, #2: He's my boss, and I'm the nanny #3: I've had a crush on him for years and he doesn't even remember meeting me. WOW another incredible book by Imani King. A Taboo Romance, Boss and Nanny, Single Dad and a Fake Marriage. I really enjoyed reading this heartwarming story that I can't get enough of. I will read this story again and again! What a great romance by Imani King to snuggle up with and enjoy. This is a amazing, emotional, exciting, captivating story, it has suspense with their struggles as they get their HEA. I must tell you that this story is so romantic and lovable with some humor in it. This story will bring tears to your eyes! It's a perfect blend of drama, sexual humor and suspense. It's will allow you to be very familiar with the characters that you can't help but to enjoy this awesome story. Can you imagine being a perfect match with your employer and his daughter, but he's a Billionaire doctor and you are willing to be his nanny while pretending to be his wife. This story is intriguing with all the twists it has, I don't want to ruin the story for any reader, so I will only say. You will be totally captivate by this book from the first paragraph to the last. I highly recommend this book to everyone who loves a steamy lovable romance with humor and fabulous characters that makes it another phenomenal read that I will read again and again! I voluntarily reviewed this book, because I love sharing my thoughts about the story with my fellow readers.

Summer reading is always a loving past time that I happened to love and it can never come to fast!

Cherryl Montgomery says

Crushes can develop into more!

Nala already had a crush on Dr. Aaron Lockhart, but when the opportunity came to work as a lab assistant, she was hesitant to apply because I have she did not think she could work around him. She was persuaded by her sisters to use her natural talent and education to do the job they knew she could do. But, through a mistake not of her doing, she ended up working for Aaron as a nanny to his daughter Maisie. They bonded almost instantly. Maisie was a loveable little girl who missed her deceased mother Avery very much. She also wanted to see her father happy and recognised that Nala made her father smile for the first time since

her mother's passing.

Aaron was heart broken after the death of his wife but soon realized that he was attracted to the very intelligent nurse practitioner. He was hesitant at first but soon, they found themselves passionately into one another to Maisie's liking.

Imani wrote a sweet easg to read romance, spiced with a little drama that kept me reading. It was nice, for a change, to read a story about an intelligent woman who was able to save the day for a change. That was just the kind of woman Aaron wanted for his HEA and his daughter.

Carolyn J. says

The Marriage Worked

Nala and Aaron's relationship worked well. It did not start out as totally fake because even in the beginning, the good doctor and the fake Nanny actually fell in love for real. As a person whose been in and around medicine for many years, both professional people should have found a diagnosis for the little girl a lot sooner. No way she should have had to have a health crisis with her dad and nanny supposedly? so smart.
