On loan from a co-worker. Excellent. Some humorous, a lot of points hit home with me. Hit my spot. Good truths. Biblical.

Patsy Clairmont is a petite Christian woman that speaks about her trials in life and remembering that God is helping her out, she just may not see it at first.

She shares short stories and it is a very quick read.

45. "With wit and wisdom, the best-selling author and humorist Patsy Clairmont declares normality abnormal, setting readers free from their pursuit of the unattainable."

Cute stories, but they came off too practiced, too "done". Think 'Chicken Soup For the Soul'.

Not bad, but not what I expected. I was hoping for more of Patsy Clairmont's usual funny takes on life, but it was more of a life lessons book.
