## **Their Bartered Bride Marla Monroe**

Joel and Jonathan barter for Leigh to keep her out of a brothel. Can Leigh adjust to having two husbands? Can Joel get past the fact that he compromised his ideals by buying a wife?

Leigh isn't so sure about the two of them since they bought her.

When wolves begin to threaten their herd, they must band together with other families to hunt them down before someone gets hurt. But are they too late to protect their families? When Leigh is hurt, Joel is beside himself and realizes that no matter what his principles are, he did the right thing by her.
