## **Yank** Selena Kitt

Just-graduated David has been brightening up his gray Surrey, England days with the porn collection hidden in his parents' shed, but when he finds that their American foreign exchange student, Dawn, has discovered his magazines, things really begin to heat up.

David's parents insist that he look for a job, but Dawn has the week off and is determined to work on her tan. Distracted David finds himself increasingly tempted by their seductive, older foreign exchange student, who makes it very clear what she wants.

In spite of the Study Abroad program's policy that no "relations" are allowed between a student and anyone in their host family—not to mention David's mother's insistence that they treat each other as "brother and sister,"—Dawn's teasing ways slowly break down the barrier between them until they both give in to their lust.

But what are they going to do about the feelings that have developed between them in the meantime?

Warnings: This title contains erotic situations, graphic language, anal sex, and makes mention of pornography, hammers, interesting uses for rubber bands, dungarees, bikinis, and lots of Britishisms you may or may not have to look up.

*Note to readers: This story appeared in another, now rather infamous book of mine titled Naughty Bits. Yank, previously titled Foreign Exchange, is a slightly less naughty, but no less sexy re-telling of those events--updated and redressed for your reading pleasure.*

\*\*\*3.5 stars\*\*\*

Let me first off say Selena Kitt knows how to write a sex scene ..So, if you are looking for a quick read with lots of steamy, smutty, and hot moments then go read Yank.

From what I read, the story-line of Yank is related to her previous book Naughty Bits. I have never read Naughty Bits but from my understanding Yank is a little less naughty but still has the same steamy hot sex scenes.

Yank focus on David and Dawn. David, a Brit grew up with childhood friend Dawn, an American who is currently staying with David and his family while she is in her study abroad program in England. David soon finds himself attracted and being seduced by Dawn. He can no longer deny his sexual attraction to her and soon there are lots of steamy and hot moments between these two.

What I really like about this book, is that it was all from David's POV. Its refreshing to hear the inner thoughts of a man and his struggle to keep his pants on while a hot woman is trying to have her ways with him. Selena Kitt did a great job in allowing readers to get a man's perspective during those sex scenes.

The only problem that I had with the book was the ending. It felt so rushed and I felt Selena Kitt could have drawn it out a little more. Overall, I enjoy this quick read. I liked this book better than Hussy. **I would rate this book a 3.5**

Selena Kitt

### Rêvvâ Têñâg says

I was in a book funk after reading a good book, and nothing I started reading would maintain my interest until I finally came across this book. You don't have to think much, it's exactly what you're looking for when it comes to an erotic book and is well written as per usual. You can't go wrong with a Selena Kitt book

---

### Tabatha says

I will caution that this author isn't for everyone, because she really does like to write about more taboo topics. That being said, Yank was one that just didn't do it for me and not because of any taboo factor. The problem I had was that I felt that neither character had any good qualities, and they just plain irritated the crap out of me. Now don't get me wrong, the sex scenes were way hot. Selena is great at writing smut. I just didn't like the jumping around of partners with no concerns for safety at all. If you are looking for one

steamy hot and very smutty read though, then this one would be a good choice.

---

### **Shalamara Jax says**

A very hot read as always. I'm not sure if this was the first of a series, but it felt a little unfinished. Selena is a great writer though, and it shines through again here.

### **Ashley Ehlers says**

Was originally posted on Paranormal Sisters: <http://paranormalsisters.blogspot.com...>

Um, okay then.

So the reviewers got me curious on this one. Not from the raving reviews but from the apparently lack of story and the multiple steamy scenes. So, I thought, there was no way it was as bad as everyone was saying. I have yet to encounter a story like that so I said what the hell, it's only 160 pages, it won't take me long to read.

I was wrong!

Yeah, it's as bad as everyone says and it took me a little bit longer to read. I would have been able to get through it quicker but I just couldn't handle all the steamy scenes when my Fiancé is 500 miles away from me. And there were a lot of them! Ten+ steamy scenes, at least one or more sexual act happens in all ten chapters. So to say the least, this is one hot read and you better have a partner around to help you out haha.

Now for the lack of story, the author tried to write one but it just got lost with all the sex. That's all this book was, sex. Book porn, yep, you can definitely call this that. So, if you want book porn then check out Yank. But if you're hoping for a New Adult contemporary romance as the summary makes it feel, then you'll be surely disappointed.

In the beginning and the end the author tries to have a story and hope you're as connected to the characters as she is but you're not. You just can't get connected and the sex overpowered the storyline so it looks like there isn't one. I guess if you really think hard on it, maybe it was the author's way of showing us that this was how the characters were able to show their love for each other and come to realize they do love each other. But that's if you think hard on the storyline and try to make sense of it, because let's face it, it doesn't make sense.

And then the author tries to throw in an obstacle and yeah, it wasn't really an obstacle, it was more like dafuaq?! Why is that a big deal and why are you making it a big deal. Yeah, I understand why the parents made sure they had them think they're siblings because they didn't want them bumping each other through the night but for the main guy to actually have like that mental dilemma was just weird. They've known each other since they were kids, the dilemma could have been they didn't want to ruin their friendship. But like I said, none of this made sense and for the author to try to make it feel like a contemporary romance at the end with a heart felt scene was like "Really, now you want to try to make this into a storyline?"

Overall, don't read this if you want an amazing romance because you'll be quite unsatisfied. But if you're looking for a read that'll put a fire between your legs then you've come to the right place because only the sex scenes made sense out of all 160 pages. And sadly to say, that was 3/4th of the book. Just sex. That's all this was, was sex. But don't get me wrong, I like erotic, I write it but I also like my reads to have a story. And this was nothing more but a one night stand for us readers.

**\*\*\*4 Hot dirty Stars!!!\*\*\***

*Free copy received in exchange for an honest review*

*If you are in the mood for something short, steaming, smutty, hot characters and story to read... here it is.*

I have never read Naughty Bits, started reading Yank after I got the copy and did so with an open mind. I'm never really big on short stories because I mostly feel that the story was rushed *but* surprisingly, this one was a pretty good read. **A hot read, actually.**

Selena Kitt didn't try to compress an entire novel into a short story. Unlike most short stories I've read. She wrote Yank straight to the point and it still worked for me. We were given a glimpse of the characters', Dawn and David, background and history together and it was written effectively without it being too lengthy for purpose.

It also helped that it was David's POV, and I always enjoy reading the male characters thoughts in my books. There's just something exciting about reading how a man thinks and feels especially if it's a sexy scene and Selena Kitt wrote David very well.

The chemistry of both characters is steaming and strong you can feel it.

There are no boring internal monologues or even parts of the book and it wasn't a slam-bam-thank-you-ma'am kind of sex too. It's a satisfying story.

The ending sort of came out of nowhere for me. I mean (view spoiler), really? No matter how casual it was, I was just expecting a good ol' "I choose you and let's be together officially" thing over *that*. But then again, Dawn was keeping a "secret" and that's a surprise problem to be resolved although maybe I should've seen it coming.

However, it was a small thing considering I did enjoy the entire book and essentially, it was the ending I liked, so not much to complain. :)

**I recommend this for a quick hot read, if you're in the mood for this kind!**

## **Heather K (dentist in my spare time) says**

\*\*2.75 stars\*\*

**Holy Mother F-er, that was one of the most sex-filled books that I have ever read. Total porn without plot. No plot, none. However the sex was incredibly, incredibly hot. I'm going to need a cold shower here, folks!!**

My opinions on this book are all over the place. For all of those who have read Naughty Bits, this is the re-worked, non-incest version. However, in the switch from incest to childhood friends, some details of the book stop making sense. First of all, they keep acting like their attraction to each other is forbidden when any teenage boy would be attracted to his hot foreign exchange student, who is completely unrelated to him. The forbidden aspect is no longer really applicable, which made large portions of this book seem silly.

This book is also jammed packed with Brit-speak that I had trouble understanding some of it. Words like "slag", "bint", "wobbly", "grass", "naff", "stroppy", "lashed", "welly"- I mean, your guess is as good as mine! It kind of put a stutter in my reading progress.

**My last complaint? I never thought that I would say this but this book has too much sex.** I actually found myself skimming the sex scenes towards the end. It was like I got desensitized to it after a while.

What was good about this book? Like I said before, it was sexy, raunchy, steaminess that made me, a seasoned erotica reader, blush. For those who love down and dirty books, this is a must read! For those who want a bit of substance, pass on this one.

## **Quinn says**

I blame my brand new Kindle and the novelty of free books for having read this one. This is NOT something I otherwise would have picked out, and I admit to a healthy dose of embarrassment to think of this being in my reading list (shame overruled by OCD).

I prefer erotic romance over erotica, and this one sits in the latter. Still, I admit that it does its job - hence the three star rating. That said, if I had read this one in what I understand to have been its original form, it would have been a 1 star read. Thank goodness I found that out after I finished this one, or I would have been totally skeeved out. Explains a lot, though.

I will be unchecking the 'add to my update feed' box in the hope that no-one ever sees this review!

## **Linda says**

Arc provided by Author for an honest review.

Five stars as an erotic rating, 4 stars for overall plot line!

Incredibly erotic , smutty quick read written from the male POV , which is always nice for a change! David is a young man just 18 who also has just graduated from school and is home wishing he could just enjoy his summer instead of having to find employment. Dawn is a Foreign exchange student from. The United States who has been living with David's family for the past year, but she is just not a visiting student she is one of David's friends from when they were young children. David is supposed to treat Dawn as a sister. Which up until this point has been working out just fine till Dawn changes the rules.

Since Dawn changed the rules and started hitting on him, treating her as a sister has become very hard in more ways than one, and for poor David he is losing the battle he is waging in his mind about not touching her and his body totally wins out! Over the balance of the rest of the book, thanks to David giving in the author gives you one incredible hot sex scenes and continues with the theme that the whole relationship is wrong because they are old friends and his parents said to treat one another as brother and sister, which they are not! Eventually everything comes to a full boil and secrets

Are exposed!

I enjoyed the read but did expect a little more of an ending to the story than what you get felt a little rushed; however, well worth the read!

---

### **Billy Masters says**

Dawn a twenty year old american exchange student and David the eighteen year old she thinks of as a brother. They have always loved each other as brother and sister. But deep down they lust for one another.

You just know this is going to get very interesting very fast and it does!

Lots of hot sex in this one. Scenes that will excite and arouse you.

Selena always writes great stories and in my eyes this is one of the best!

Love, jealousy and sex abound, bordering on incest. But David and Dawn are not really brother and sister so is it so wrong?

The story is easy to read and the characters easy to love.

A must for erotica fans!

---

### **Jillyn says**

Dawn, a foreign exchange student from America, is headed to Surrey for her studies, to stay with childhood friend David. His world becomes shaken up the moment she arrives back, because he's not the little girl that he remembers anymore, and it becomes increasingly more difficult for either of them to resist the temptation that lives only down the hall.

I wasn't so much a fan of this one, in compared to the other Selena Kitt story that I have read.

I didn't feel connected to the plot or the characters. I understand that this is a short story, and an erotic one at that, but there still has to be some level of interest in characters or the rest of the story breaks down. That's how I felt about this one.

The smutty scenes, as always however, are well written and full of blazing heat. If I could rate these separately, I would, because Selena Kitt is a great author when it comes to the x-rated scenes within her

stories.

Selena Kitt is known for approaching more taboo subjects, which I found odd seeing that this book seemed relatively tame. True, her host mother insists that the two act like siblings, and the school has a "no relationships with the host family" rule, but that little detail didn't seem so rebellious to me. But then I started reading reviews of this book, and saw that in the original edition of this story, they were related. I very much hate to say that, but I think I would have preferred that they were. It would have added the missing depth to the characters, the plot, and the "taboo" factor.

This is a book intended for adults, so be aware that this book contains vulgar language, crass British slang, and graphic detail. Thanks to Netgalley and eXcessica Publishing for my copy. This review can also be found on my blog, Bitches n Prose.

---

### **Kandy says**

I couldn't force myself to finish. It read like it was written for teenage boys to masterbate to.

---

### **Becky says**

[ This book was excellent for the smut rating. Over 5 stars. Just flipping fantastic. I only gave it a 4 overall because the plot was kind of thin, lol and I felt the book never officially ended. Like I kept expecting another chapter or an epilogue. It felt like par

---

### **Shannon says**

Selena Kitt knows what she's doing writing sex scenes. I mean, man! Pretty intense. However I do like some plot to support those scenes and this book was seriously lacking in that department. I found Dawn to be completely un-relateable, and manipulative. I also found David's reactions to things to be pretty unrealistic. He may have been a horny teenager, but I can't imagine he would have gone from a virgin to amazing in the sack after one encounter.

Overall if you're looking for some steamy sex scenes this is the book for you! If you want to actually like the characters that are involved in those scenes, I'd put this one in the 'pass' pile.

---

### **Nancy Steinle gummel says**

Yank by Selena Kitt is almost pure smut. About every other page mentions sex. Dawn an exchange student from the US has diplomat parents stationed in Turkey. She grew up down the street from David and his proper English parents. She's 4 years older than David. David is out of school and his parents are pestering him to get a job. This story is all about Dawn deducing David. She teaches him all aspects of sex.
