### **Evelyn says**

The drug war in the Water Tribe has at last produced a source of all the grief. A young man named Hyo narrowly escaped the Happy Hungry Bunch because Yona was injured.

Meanwhile, Riri is trying her best to actually do something to help her people and runs into a not-so-familiar face that leads to a really tense staring match.

Also, if you line up volume 14 (I think it's 14) and 15, you get a complete color picture of the chapter 87 title art. The two page spread of Yona and Riri. I thought that was a cool thing.

Yona was a kick-ass heroine in this one, not to forget Hak being protective and all. Hak is love....Oh shin-ah too....Ans Jea-ha ...also Kija

J'ai pris pas mal de retard sur cette série mais je viens de me rattraper en lisant 7 tomes à la suite (du 12 au 18). Et il s'y passe pas mal de choses entre guerres, révélations, moments de détente. Cette série continue d'être intéressante, d'évoluer. Dans le dernier tome, on apprend enfin l'histoire de Zéno, le Dragon jaune dont on ignorait encore beaucoup de chose, y compris son pouvoir. Bref, c'est toujours un plaisir de lire ce manga.

The water arc is filled with strong women characters, which we don't get as much of except for Yona in previous volumes. Volume 15 is well-written. There is conflict and character development that helps drive the story. Author did a great job planning out and executing this volume.

*Warnings: addiction, violence*

This volume's cover is apt because the story is in which both Yona and Riri get shit done! Continuing from Yona's battle with Hyo's henchmen that hanged in the last volume, she survives thanks to the intervention of her dragons. While recovering, her resolve strengthens further as she feels terrible for making everyone worry about her and feel responsible for not being able to protect her. Which she, by the way, puts into action by moving on to Shinsui. Meanwhile, Riri, who returns to Suika to exhort her unflappable father to take action against the Nadai trade but when she realizes that his methods and her methods vary, she decides to take matters into her own hands.

There are some tender moments in this volume, of course, as you see how the dragons and Hak all feel miserable about being helpless to save Yona from her injuries. There are also some hilarious moments, and with the reappearance of Su Won, there is an interesting development. I wish I could have kept his appearance as a spoiler, but it was such a crucial element of the later chapters, because they are both hiding their identity from Riri and have to pretend not to be enemies but you can see the meaningful glances. Once again their paths align, but I don't know how long they will keep crossing paths and one day find themselves back on opposite sides. Honestly, part of that is what keeps me going for this series!

Overall, a volume filled with emotional and plot development, as well as a distinct emergence of Riri's character as a main player.

[Además, la escena de Yona consolando a los dragones mientras lloran me puso el corazón chiquitico, aunque fue la escena de Hak diciéndole a Yona que es muy importante para él fue que me hizo emocionarme al 100%. (hide spoiler)]

That Jae ha-Yona moment is love love love. Everyone knows that Jae ha likes Yona and we also know that keeping it to himself is hard enough so I'm really sad for Jae ha. :(

It's also nice seeing Soo woon again. He's such a gentleman and he's funny. I wonder what will happen with him and Yona. :(

lili is amazing i love her. :) a :) thing :) happened :) and :) i :) don't :) know :) how :) i :) feel :) about :) it :). but yona doesn't seem to like him very much at the moment so it's good. I ALSO REALLY LOVE ZENO OK. I THINK HE KNOWS A LOT MORE THAN HE LETS ON. and hak just makes me cry. a lot.
