Alex is The Romance Fox says

This was a hot and steamy read and I liked it.

But it's not one of my favourites from this author. I found myself a bit detached from the two mc's.

Carolyn says

Erotic Surrender

Dominating another woman is the theme. Complete surrender is what some give to their partner because it is demanded of them. Very descriptive.

Mad Giles (Giles A. Madding) says

Too short for me to find it all that sweet of a read. Which is a shame because I do like the author and I wouldn't mind getting to spend more time with the characters perhaps in a longer work.

Christy says

All of Me was a great book and even though it was short I enjoyed it.

Laila wants all of her girlfriend and she takes it. They have a relationship where Laila is in control in two rooms of their place. It is hot and definitely worth the read.

I am glad that I got this and it was free on Amazon. Harper Bliss is great author and I have read other books and I want to read even more. One of my favorites when I'm craving some hot lesbian sex.

Foi o ebook mais curto que li e também o que menos gostei. De maneira directa e resumida (ainda mais que o ebook) All of Me trata de duas lésbicas, uma mais dominante, que chega a casa e decide que vai fazer a outra experimentar sexo anal com um dildo. E pronto. Fim da história...

Gostaram?

Eu também não.

Let's be honest about this short story. There isn't a plot or complicated storyline. There isn't any character development, intriguing dialogue or tender moments. No, this story is about the main character losing her anal virginity to her lover that only derives pleasure from giving said main character as many orgasms as possible.

Given that premise...this book delivers big time. A very hot and sexy read is in store for the reader and he or she will feel the raw sexual pleasure felt by our heroine. While this review is as short as the story...that doesn't mean the reader will be disappointed. In fact, this story is so good at what it sets out to do that is one I will keep to read again, something I rarely do with short erotic stories. Another winner written by Ms. Bliss.

Paulien says

This book gets 2.5 stars, I liked the book I enjoyed it. But again, I think it's still difficult to make a connection with the characters. The book is only 75 pages long, which aren't a lot. And there is one very good and hot scene.

But still how is the couple outside the bedroom. Are they in love, they feel comfortable with each other but still. I missed the inner voice that I found in the other Harper Bliss books.

This book isn't one of my favorites by her, but still. I thought it was worth reading it!!

Lady says

This was a very quick read. This is the first book that I have read by this author and I really enjoyed it. I can't wait to continue reading some of her other works.

Laila has total control of the relationship but only in two rooms, the kitchen and the bedroom. Her girlfriend does not mind this at all. In fact, she enjoys it, she makes her feel and puts her needs in front of hers. This night though Laila wants it all and she takes it without asking. The way she does is very interesting and really does make the girlfriend hers.

I would read this book again and I do recommend this book to others.

Thom Swennes says

Laila is the alpha female of this relationship. She takes, demands and gets everything she wants without asking or requesting. She knows her place in this relationship and feels comfortable. This isn't a relationship of love as love has no part in it. This is a relationship based on lust....unadulterated lust. Passion is created through this lust and the reader stands in awe of the images the words inspire. This story proves, once again, that the mind of a woman is unfathomable. Not only to men but also to each other and without a doubt if a sexual fantasy contest would be announced, women and their unfettered imaginations would undoubtedly and unquestionably win by a landslide.

This is the perfect story, for both men and women, to take to work, read during lunch and then demand the rest of the day off to enjoy the afterglow and look at the world and the people around them in a new light. There is no doubt that the best description of this story is smut, but it is filth with a longer lasting kick and some basic home truths. This story will never be seen on any best seller list or will its author win international acclaim but don't underestimate the power of this steamy bit of literary smut.

[I still like *"the dangling things"* too much *grinning* (hide spoiler)]

Anne says

I'm ok with PWP books, but this one was too much.

"That was the first time my girlfriend claimed my ass and took all of me. I've yielded ever since."

Really?

Edward Smith says

A nice short girl-girl read. The level of commitment, almost obsession of one to the other comes through in a tantalizing way,

Chibivy says

Scorching hot!
