In the vast emptiness of space, the Galactica at last makes the long-awaited contact -- a spaceship of fellow humans from Earth! The Council wants to keep them under observation, but Apollo sets out with the Earthlings on a secret and perilous mission toward their destination, the planet Paradeen, that battleground of space giants where he must confront the old enemy -- the Cylons -- and the new -- the awesome Alliance -- and make it back to the Galactica!

Based on the episode of the same name.
