This is my favourite of the series so far!

### **Kirsten says**

This volume wasn't so good. At first I was thinking it was because nothing really happened, but that's not true -- a LOT happened. The problem is that I really felt there needed to be more of a transition between the Soul Society storyline and the next one. I know these are serial novels and something has to HAPPEN in every issue, but this one felt particularly like a bombardment.

### **Lord says**

I don't like the post-Soul Society development. I mean, Ishida's father being a quincy and Ichigo's father being a soul reaper? I'm not sure where this manga is heading but I won't probably buy next volume for a while.

Can't wait for next week!

### **Daniel says**

One of the weaker, books.

---

### **Tim says**

Yay for the new hybrid plot, but what the hell is with the two dads? The "foreshadowing" that led to this plot thread is weak at best.

### **Harman Kaur says**

I loved this manga so much! It feels like it has lost its power though, like it was all about fighting and stuff and saving Rukia and I was expecting Rukia to have a bit of romance with Ichigo but...oh well. The things are way too normal! I really hope that Rukia gets back soon!!! I read the actual manga only because of her!!!

:)

### **Chris Carrescia says**

I like volume twenty one because we learn that Ichigo's dad was a soul reaper captain. But this is the first time in fourteen volumes that they are back in the world of the living, when a new student appears in Ichigo's class and tries to recruit him to become a Visored, former soul reapers who have the ability to become hollows.

Another good volume.

Hihihih, Shinji na scén?.

Me leí desde el 15 al 20 en dos horas, creo que queda claro que no pasa nada en la historia. Al menos termina este arco "argumental" (entrecomillado ya que decir que tiene argumento es decir mucho).

Sólo pienso en la gente que tuvo que aguardar años un capítulo a la semana de este bodrio, de los primeros 20 sobran 15.

### **Hana Eka says**

Chapter istirahat.

Tapi langsung dipatahkan oleh masuknya karakter baru yaitu Hirako.

Arc Vizard Arrancar dimulai!

Btw, itu para ayah yang pura-pura tidak melihat dan sok cook memang butuh digampar...

### **Kassilem says**

In the anime version, there was a whole different story arc placed between volume 20 and volume 21; the

Bount saga. I'm glad it's not in the manga. Solely because it means we're already into the story arc that I'm so excited for. There was a terrifying twist in volume 19 that is killing for an explanation. Now, a new character appears and wants to recruit Ichigo. A character with both a Soul Reaper sword and a Hollow mask. The puzzlement deepens, and you can just tell this new evil that Ichigo has to face is going to be even worse than the past ones. Inner demons always are the worst. And the most exciting. The volume raises many questions and "omg what!?" moments. The next arc is sure to be even more intense.

### **Scott Lee says**

This moves the story forward nicely. Having finished the save Rukia arc that had stretched for multiple volumes, this story deals with the aftermath, and takes Ichigo and Co. back to the mortal world. It ends with two nice surprises, one a major twist for a character readers have already met.

### **Per-Nik says**

For past 21 books: Ichigo Kurosaki wants nothing more than to save his friend Rukia from her home: the Soul Society. She committed a crime to fulfill her job, but was sentenced to death anyway by the council of 46, the governing body of the Soul Society. Ichigo has Rukia taken away and with his irresistible urge to protect his friends, he rushes into the most secure place in the Soul Society. But getting in isn't meant to happen. Ichigo is met with hard challenges and rough opponents, so he trains harder and harder with ex-soul reapers and eventually, the Wizards. Then Ichigo finds his true power and fights to reach his goal: saving Rukia Kuchiki.
