Fate doesn't negotiate.

Dragon law is on the verge of change, but Kris has other worries. All he wants is for his mate, Issa, to survive her difficult pregnancy. He's lost patience with the Dragon Council to help.

With the arrival of the Dragon Court and their mates comes hope. In the midst of a negotiation that will define the future of dragonkind, Kris finds salvation, but his saviors are on the verge of being banished.

Two human mates step up and offer to help, and the pair are ambrosia to his pregnant mate. Issa might see her way through the pregnancy, but will the rest of their race see its way to freedom?

The more the dragons learn, the more they realize that perhaps not even the immortal Dragon Council has a choice.

Breath of Fate is the seventh episode in a series of novellas that include menage, voyeurism, and all kinds of other fun kinks involving shapeshifting mythical beasts who breathe magic smoke and have very long, prehensile tongues. It is intended for adult audiences.

I hate to say this, but TOO MUCH SEX. Now, I like a good old fashioned orgy as much as any reader, possibly more, but in 92 pages, i'd think at least 85 of this novella was sex scenes. Orgies between dragons (12 way I think, I lost count) and a simultaneous one between two dragons and all the human mates. It was a satisfying tie up (With a HEA) of all the minor plots going on in the preceding novellas, but sheesh the amount of penetration descriptions and sucking of bodily fluids.... Like all the other novellas in the series, be prepared for f/f and m/m scenes as well as EVERY combination in between.

Michelle Graves says

It's very good that neither one of the parents died especially having the twins. I don't understand about the name of the book though. Overall, it was good that everyone wanted and felt like they needed 2 help in anyway possible 2 the twins with the magic they conjured 4 them. The only thing I didn't like is that it was 2 short.

SO DRAGO-LICIOUS !!!

OMG! I loved it! I am in awe of Ms. Bell's talent and her imagination is off the charts! She is a true wordsmith! This series is a work of art! The story is original, imaginative, powerful and compelling. The dialog is smart, eloquent and simply beautiful. Ms. Bell has given us a large, wonderful cast of characters that are intriguing, engaging and quite simply, out of this world! And the love scenes are exquisite and so dreamy! Sigh.....I have read all seven books of the Rising Dragons Series and all the Sleeping Dragons Series Books as well and I was completely enthralled by each and every one! Each book of this series chronicles the lives of a dragon(or in some cases dragons) and their mates and their struggle to survive and adapt in this modern world in which they have now awakened. Sexy male and female dragons-check! Mystery, suspense and intrigue-check! Romance, sweet love and very steamy sex-check! Oh yeah! Hubba! Hubba! I was completely blown away. So deliciously wicked! Do yourself a solid and read them all!

Fast paced and great sex scenes. If you're looking for ways to spice things up in the bedroom, it's here! Oh and there's an actual story with great characters, interesting plot twists, strong females and very erotic dragon shifters.

Wow a lot is happening in this book.
Especially when the story line splits.
Loved reading about the sexual action in this story

Hot...Hot.. This series keeps getting better! Sexual situations.

I love the sexiness of this book! The writing is outstanding. I also love, love the storyline, how much would you give to a relative stranger to make sure there children were ok? Would you share your significant other in sexual ways? Could you watch it? These dragons and people are willing to make Any sacrifice for someone they hardly know. Not that having sex is such a bad ordeal .. Wink.. Wink.. But still. We find a new way of living for the dragons. Old things are new and new things are accepted. Exceptional writing!
Highly recommended!
