## Meka♥books says

4.5 stars

Every time I finish one of the books in the series I say I'm not going to purchase another one until the series is complete yet here I am again buying another segment and loving each page that I read. This series gets better and better.

Answers have been revealed to the paternity of Jullian but now questions have surfaced about Joaquin. So many things are constantly being divulged that I'm still not sure whose good and who's bad. One thing for certain is that I'm of a lover of books and never require a HEA but I am rooting for a HEA for Grant and Mia in this series. Keeping my fingers crossed that Grant remains a stand up guy and this couple gets a HEA.

Looking forward to book 5, Crave around Winter 2016.

There is everything here. In this part of the novella we find out the mystery behind Julian and how much grant really knows about mia's secrets. We also get to see a little more of Mitch, although he isnt a major player, but i feel he is important since it seems like there is a good connection developing between mia and him. Many things become revealed, but many more questions. Again the ending has left me saying "What?!" but that is part of the draw to this series. This author has truly done a great job creating a balance between suspense, sexy scenes, mystery and action. LOVED IT and cant wait til the rest of the series is out.

I'm sitting here with my mouth open, in shock. It takes a great story to throw me off balance. Secrets, truths, lies, questions, answers... it's got it all!

GRANT STARTS ASKING MIA QUESTIONS You're going to start answering my questions now. If you lie to me again, I'll punish you. From now on, I'm in charge. Do you fucking hear me?"YES. I love you. Can't you see that?" "What you think you feel for me isn't love. It's something darker. What you have for Joaquín is love." "He's dead. I told you the truth. He was in the NICU and passed away, but I got an infection from my C-section, so I was in ICU when he died. I never even got to say goodbye. And honest to God, I don't know if he was yours. I prayed he was, and I loved him even though I didn't know for sure." "If he lived were you going to tell me?" "Yes, of course. I was going to do a DNA test and if he was yours, I would've told you. I would never keep my son away from his father, well if he was yours and not the rapist's." SHE DIDN'T TELL ABOUT RAPE CUZ FOUND OUT HE WAS INJURED AND JUST WANTED TO FORGET

WHEN FOUND OUT SHE WAS PREGNANT SHE WAS SO ASHAMED THEN SHE JUST LEFT. SHE WAS AFRAID HE WOULD'VE HUNTED AND KILLED GUY. RUINED HIS LIFE  
SHE JUST WANTED TO FORGET THEN SHR COULDN'T. HE SAID NEVER FORGIVE HER FOR WJAT SHE DID. I'm going to stay with you until Joaquín is either convicted or released. But once his trial is over, I'm done with you. Do you hear me? I'm through. In fact, I never want to see you again. Are we clear?" I gulped, my heart literally breaking inside my chest . "Crystal."

"Grant, I have one more question." "What?" "What just happened between us? The incredible sex? That's over? You don't want me?" He let out a growl. "No, baby. I'm going to fuck you every night, all night, in all the ways I'd always wanted to. But it will only be fucking, because I'll never love you again." He left the bedroom and slammed the bathroom door.

I only had one goal: figure out if Julián was my son, our son. She had given me two more clues tonight. The child she had was a boy, and she believed he had died.

MIA TOLD GRANT ONLY ONE BESIDES JOAQUIN, DANIEL, HIM AND MITCH. SHE TOLD

MITCH AFTER SHE'D DRUGGED HIM. HE SAID HED DAMN NEAR GIVE HER HIGH-FIVE FOR PULLING THAT OFF. HE TOLD HER MOVE OUT HER PLACE NO WORKING DIAMOND. NO CONTACT WITH MITCH. We spent all night fucking, each time more intense than the last. I'd never been so gratified in my life, and I didn't have a clue how I would break my addiction to her. I woke before dawn and rolled out of bed, careful not to disturb Mia.

MITCH SAID HE DIDN'T RAPE ME ONLY STOPPED GUY WHO DID. HE HAD HIGH HEEL SCAR ON GROIN.??? HE SAID WENT PARTY TO GET APRIL BUT APRIL WASN'T EVEN THERE. AFTER GOT STITCHED UP FROM HIGH HEEL HE FOUND HER AT HOME. HE TOLD JOAQUIN WHO DECIDED IT WAS BEST NOT TELL GRANT. GRANT LAID UP IN HOSPITAL BED. MITCH ADMITS HIS DEALERS RAFAEL. WHICH ONE JOAQUIN BUDDY'S.

GRANT NEVER KNEW GOT HIGH CUZ HE NEVER GOT HIGH AROUND HIM HE DIDN'T WANT GRANT TELL MIA. MITCH GETS PAUL COMMANDING OFFICER DRUGS. Paul was a ring knocker, an Annapolis graduate, and 2nd-generation SEAL officer. As commander squad, if something shady was going on, he had to know about it. Plus, party at his in-laws' house. No wonder they always pissed clean. "When can I meet Rafael?" "I'll invite him The Pickled Frog tonight. I doubt he'll talk to you, though. Maybe he'll hit on Ksenya." GRANT TOLD MITCH LEAVE KSEYNA/MIA ALONE. Talking Mitch made me realize I had just begun scratch surface all secrets and lies that surrounded my Team.

AUTUMN CALLED KSEYNA ASK IF SHE WAS MAD CUZ SHE MET GRANT FOR COFFEE. KSEYNA SAID SHE WASN'T INVITED HER PICKLED FROG FOR FREE DRINK SINCE SHE WAS WORKING THAT NIGHT.

AUTUMN AT BAR PAUL LOOKED SAD. He whispered something into her ear, and flush crept across her cheeks. Something inside me twisted. Again, that feeling that something was off. Autumn had told she wanted Team guy. AUTUMN ENDED UP HOOKING UP WITH RAFAEL WHO TOLD HER HE WAS ENTREPRENEUR. AFTER EVERYONE LEFT BAR GRANT MIA CLOSED DOWN GRANT FUCKED HER ON BAR.

"Your son, did you ever take a picture of him?" I swallowed, trying to stop the tears from starting. "Yes, of course. I have one." "Show me." I'd never shown anyone the worn picture I kept hidden in the back of my wallet. For the first year after I lost him, I looked at that picture every day. Then, one day, I stopped. Looking at my handsome little boy was unbearable. Wondering who he would be today or how different my life would be, broke my soul. I stood up, grabbed my wallet from my purse, and shoved it at Grant, refusing to look at it myself. "It's in the wide slot." Grant retrieved the photo, and I kept my gaze on his face, knowing what he was looking for. He wanted to see if the boy was his. He examined the picture, and his eyes blinked rapidly. He lost the battle with the emotions I knew were raging through him, and for the first time since I had met him, Grant shed a tear. "He has a cleft in his chin like mine. He's mine." I swallowed and choked back tears. Deep down, I knew he was Grant's. They had the same face shape and that telltale cleft. But I never saw my attackers face, so how did I know he didn't share the same traits? The loss of my son was hard enough, but I couldn't bring myself to think about losing Grant's son. It was unbearable.

"I hoped he was. But I never wanted to know. If he wasn't yours and his dad was the guy who raped me, I didn't want to love him any less. Please forgive me." "Did you bury him?" I centered myself and spoke rapidly. "No. He died while I was recovering from my C-section. I had an infection, almost died, and was in and out of consciousness. By the time I was awake, he'd been taken to the morgue. I signed a form for him to be cremated and took his ashes to Mt. Tam." He nodded, almost emotionless. What the hell? He had a look that I would almost describe as hopeful. What the fuck was wrong with him? "And you never told Joaquín? We now know from Mitch that your brother knew you were raped." "No, you all were deployed most of my pregnancy. I never told him, and he never met Elías." "Elías? You named him after your dad?" "Yes."

GRANT WANTED GO VISIT JOAQUIN. JOAQUIN ASKED INVESTIGATION WAS GOING BUT GAVE THEM NO NEW INFO. GRANT ASKED WHAT MIA WOULD DO IF HE REALLY WAS GUILTY. HE GOT A NEW BARBED WIRE TATTOO AROUND HIS NECK LIKE RAFAEL HAD.

And there it was in black and white. Percentage of Paternity: 99.9998% I gasped for breath. Julián was my son. I was a father. Mia was a mother. Emotions twisted inside me. What the fuck did this mean? Did Mia really think he was dead? I knew her, and I knew that she hadn't been lying. Not even she could have faked the emotions I saw in her eyes when she talked about him. She really thought her son had died. So, how did our son end up with a stripper? Was he kidnapped? Switched? It was impossible. Hospitals had ID bracelets, buzzers, and security procedures. Even if she had been knocked out cold because of some infection, why would the hospital lie to her and say her son died? Who would be capable of switching an infant? Was it a coincidence that my and Mia's son ended up with Tiffany who ended up murdered at a Team party? What the fuck was going on? I had to talk to her. I had to tell her that her son was alive. . . that Julián was Elías. But I couldn't risk that slight possibility that she knew that he was alive. I sent Mia a quick text telling her I had a work emergency, and then Hero and I jumped into my truck, and I raced up to Temecula. I was going to get my son.

MITCH TAKES MIA TO RAFAEL SCORE SOME COKE. MIA DOES LINE THEY LEAVE. MITCH TELLS HER GRANT WILL NEVER LOVE HER AND THAT HE WILL. HE WANTS GET CLEAN FROM COKE TELLS MIA KEEP 8BALL. SHE TELLS HIM SHE LOVES GRANT.

I still didn't understand the connection between Joaquín and Tiffany and my and Mia's son, but there was something. There had to be. Joaquín had said that Mia had a boyfriend named Julián, which had to have been code. I couldn't analyze why he needed to talk to me in code, but I knew . . . I just knew that he was telling me to come find this kid and it would lead me to my answers. All it told me was that Joaquín knew about my son being here. It made me think that he killed Tiffany because he found out she was involved in kidnapping his nephew and he wanted me to find him. I just didn't know why he never said anything to me or Mia about it. Then there was Autumn. She randomly took Mia to meet Julián and then showed me a picture of him. I was grateful that she had, but it just seemed to be too big a coincidence. What did she know? Was she involved in any part of this mess?

GRANT GETS THERE THE HOUSE IS COMPLETELY EMPTY. PAPERS ON FRONT PORCH 3 DAYS AGO WHICH WAS MITCH WAS THERE. SO GRANDMA KNEW GRANT WAS FATHER TOOK OFF. GRANT NOT GOING REST TIL FOUND HIS AND MIA'S SON. THERE WAS ORANGE AND WHITE TABBY CAT IN JULIAN'S CLOSET. GRANT TOOK IT WITH HIM..

ROMAN CALLS KSEYNA. ROMAN NEVER KNEW HER REAL NAME. HE TELLS HER JULIAN IS HERS HOWEVER, JOAQUIN WASN'T MATCH TO JULIAN SO JOAQUIN IS NOT BIOLOGICALLY MIA'S BROTHER.

THE END

I am not a fan of drip feeds and I should have looked at the page amount before I downloaded this series. The characters and plot went through more changes than Lilly Savage's wardrobe to the extent I won't read anymore of this one. I don't know how long the author intends to stretch this out. Glad it was on Kindle Unlimited.

### **Susan Becker says**

This series sucks you in and makes you want to keep going to see what happens.

In this book Mia learns of hidden secrets about her brother that she never knew. Yet she still believes that he is not guilty for the crime he has been accused of. We get some answers in this book that raise question as to how much Mia's brother has hidden from her. She learns that he was involved with drugs and then we find the answers to who Julian's parents are.

Grant confirms what he had thought all along when he first laid eyes on Julian that it was his and Mia's son. Both know the truth of Julian's identity but they haven't seen each other to confirm to each other the truth that they had a son together. Many things become revealed, but many more questions.

There are so many twist and turns in this book it keeps you on your toes.
