**Fashionably Fabulous** Robyn Peterman  
**Once upon a time there lived a Fairy.**

And not just your run of the mill kind of Fairy. The reincarnated Fairy Queen of Zanthia. *The Queen*. She was a modern woman—a human no less. Armed with a potty mouth, a firm grasp of every note in Michael Jackson’s song catalogue, and some friends in *very* high places, she was set. Yet this *Queen* wasn’t exactly sure she wanted the job.

Fine...it’s me.

I’ve been happily human for thirty years. Now I’m discovering I’m the reincarnated Fairy Queen over a land chock-full of freaks who want me dead. Awesome. However, I’ll admit the perks are pretty cool. I definitely have more magic in my little pinky than should be allowed by law in any universe. Not to mention, the love of my life is a Fairy so smokin’ hot, he makes Hell look like a Winter Wonderland.

Problem is, my hotter than Hades Fairy is imprisoned in Zanthia for nefarious reasons I won’t go into, but now I must head back to that crap hole where I’m the Queen, and save the damn day.

I won’t go alone. Nope. I’m packing a narcissistic Mini Elf, two ancient singing Vampyres who couldn’t carry a tune if their undead lives depended on it, and the sister of my imprisoned love, The Kev. For him, I vow to discover my truth. Consequently, I’m unsure if this *truth* is meant to save or destroy. What I do know? The alternative is unacceptable.

Fairy tales are meant to have happy endings. I’m determined to make that a reality.

Ready or not... here comes the freakin’ Fairy Queen.

CREAMY GOODNESS ON A BISCUIT this was a fantastic book! Can't say enough how much I love this series. I've learned so many ways you can torture the mind with visions of saggy butts in a\$\$less chaps or how I truly despise the word moist lololol. But you have all my faves on one book made my day!

I enjoyed the book soo much that I could not stop reading it once I started! You have an excellent mystery with very unusual characters! I love the tie in with Satan, Astrid and the unusual elderly vamps! I laughed so much with their antics and the Dairy Queen's.

Having to make choices and decisions is hard for all. Read this book and learn what the Dairy Queen learns as what she has no memory of and as she makes some easy and difficult choices. I would like to have one of the mini elf's as my day would become interesting and full of laughs!

I highly recommend this book!

Fashionably Fabulous is phenomenal.

It's hard to pick a favorite character (or two) in this series, but Gemma & The Kev would be at the top of my list. The book is full of adventure, lust, good vs evil and - my personal favorite - SNARK. Ms. Peterman may be the best snarker in the world. LOVE this book!

Ladies and Gentleman! It is finally here. After 10 books we finally get The Kev and Gemma's story!!!!!! And it is Fabulous! Our favorites from past books in the series appear. I mean come on! Who doesn't love Martha and Jane and their hijinks.

Gemma is the type of person who takes on challenges by sucking it up, pulling on her big girl panties, and making it work. Hilarious part was the shock collars! <-That's all I'll say on that.

Anyway, the book starts several years after Gemma learned she is the Fairy Queen. Gemma's avoidance game is strong. She doesn't want to go back to Zanthia to rule but she is aware that her memories will return even though they haven't so she's more than happy to stay with Astrid and keep avoiding her destiny.

Until...dun dun dun....Kev is taken prisoner and there is no way in hell she is going to leave her man in "enemy hands" so she launches a mission to save Kev. Obviously this wouldn't be a Robyn Peterman book if there weren't craziness naw hijinks galore. Fashionably Fabulous is a must read in the Hot Damned world. I reviewed this honestly after receiving an advanced copy. If you one click your way to glory you won't be disappointed.

When I pick up one off Robyn Peterman's books, I know I will be entertained. Fashionably Fabulous was everything I wanted it to be & more. I laughed (way too much), I cried, and completely fell in love with Gemma and the whole whacked out gang. So happy we finally got Gemma's and The Kev's story!!

Prepare for a laugh-out-loud, fun and entertaining story that will keep you up way to late - I know I was. The characters are quirky and endearing, I enjoyed following along. There is definitely something for everyone in this book with mystery, romance, and plenty of comedic hi-jinks. Definitely a book worth reading.

I loved this book. This is Gemma and The Kev's book and it doesn't disappoint. The crew is back for an all new laugh out loud, fun and twisted adventure. I love a good fast paced story filled with wit and unexpected twists and turns .This book has it all and then some. . Susu and Gemma had me cracking up from the very start and as always Martha and Jane will have you rolling on the floor with their outrageous shenanigans.. Definitely a must read if you're a fan of this author. And of course I love a HEA as much as anyone so grab this book and enjoy the ride.

I voluntarily offered to review this book with no obligations and my opinions are honest!

It was a great book!

The fairy queen! Who ? Me? I don't think so

Gemma did not want to be the Fairy queen.

She was more interested in what was in The Kev pants at the moment.

However, when The Kev gets imprisoned.

All bets are off!

Now, Gemma and her entourage will go to the fairy land to free The Kev.

Will Gemma become the Fairy Queen that she was meant to be ?

Your guess is good as mine. LOL

Read this book!

It is hilarious.

It has all the ingredients that you need for a great book!

I can't wait for the next book in this series.

Marie's Tempting Reads ARC Review:

I feel like I have been waiting a lifetime for The Kev and Gemma's story and DANG this book is one of the highlights of the Christmas season so far. It was RIDICULOUSLY entertaining and hysterically fun and loaded with awesomeness with every flip of the page! This is one of my favorite series by Robyn Peterman and I can't get enough. I have had a soft spot for The Kev and Gemma since they were first introduced in Fashionably Dead and I have loved them hard since. Their story was everything I had hoped it would be and more. Its way too much fun to pass up.

### **The path to true love sometimes needs a little help.**

Book 11 of The Hot Dammed Series sees Gemma (Fairy Queen) and The kev (most handsome of all the fairies) take centre stage for their love story.

What a story it turns out to be! With the help of various interested parties, including my all time favourites Martha and Jane (I so want to be them one day), Gemma and keV find that the road to love can be a tricky one...

Not to be missed.

## **Amy says**

This series is so amazingly funny, I really do recommend it!

I think this is my favorite so far. I have been waiting and was curious about Gemma and The Kev since they found each other. I was definitely not disappointed.

Gemma just simply rocked in this book! All of the characters were pure killing it.

Even if there were moist biscuit slacks all over!! ??

Overall rating: 5

Why would anyone want to read this book? Let's see...snarky humor is a given, larger than life characters that hold you captive, PNR storylines that boggle your imagination with heartfelt moments dispersed cunningly throughout. Yes, this author has reached grandmaster status! I totally can't find a reason someone would not enjoy reading this, unless you are one of those unicorns that never enjoy comedy ( shudder!). This is adult humor at its best so keep that in the forefront! All my reviews are always voluntarily written.

### **Another fabulous read, just buy it**

Robyn Peterman is a superior storyteller and this is another chapter of awesomeness. I kinda wish I could have more stories of Gemma and The Kev and to hear about their first kiss and all the background and more from their POV but that's the other books so I'll have to go back and read them again..oh the travesty in that..NOT!! I LOVE THEM ALL!! Yay for more!!

In the eleventh book we finally get to see how Gemma became the Fairy Queen and how she rescued The Kev and took back her home . For thirty years Gemma has been human but she realizes that she is more then human . She is the reincarnated fairy queen. She and her rag tag band of misfits are heading to rescue the Kev and get her land back .

I must admit Gemma and The Kev are my favourite character . Gemma is such a fun read . She is not ready to admit that she is the fairy queen . She is one sassy woman who has taken any obstacle with a head strong nature . She makes me giggle with her attitude and some of the things that come out of her mouth is hilarious. Now The Kev well he is sweet and sexy and such a calming influence on Gemma . He has her heart and she has his I really like them together, they are my favourite couple. Along with crazy Martha Jane and the rest of the gang are back to help out Gemma . Satan is up to his usual no good and Astrid is keeping her best friend safe .

I am going to admit I squealed when I found out Gemma and The Kev were getting their own story . I love this authors writing style and she takes us on such a fun filled adventure . The characters are wonderfully written and they are sassy and hilarious. I have never laughed so hard but with the book I couldn't stop laughing . I think I even snorted a few times . If you like sassy ,sexy characters with a laugh out loud story this is the book for you . You will have a fun filled evening of laughter and love . So check it out . you won't be disappointed

Love love love Robyn Petermans hot damned series.

This one was a bit different to the last 10 as it was focused on Gemma instead of Astrid and it was just as fabulous.

I really hope the books keep coming in this series .
