THE GOOD

Ed, Al, Greed/Lin vs Pride/Selim: This little skirmish was really great. Watching these three struggle against Pride was a joy to read. Also.... that little brat! He's a sneaky one.

Mustang's Gang; Ooh they're making their move. I love watching Mustang and his buddies in action. It's always entertaining.

Havoc: Man, Havoc is kicking ass even from his wheelchair. I love this guy.

THE BAD

Pride/Selim: still hate him.

Caroline says

WELL well well all of the different plans are starting to come together in a big way and that is super exciting. I was a little confused at first because some stuff seemed to come out of nowhere because it involved characters who we don't follow all the time. But I really liked the frequent shifts in perspective this volume. It made it very exciting! Also I could not stop laughing when they trapped Selim in the rock dome! That was great!

Dbgirl says

So exciting, so much happening! I can't stand this!

Amanda Setasha Hall says

An extremely unique take on "zombies" and I was impressed. The art is good, but pretty graphic compared to previous volumes. The story and characters are building nicely.

Inge says

This action packed volume left me a little less excited than I probably should be. The chapter on Mustang & his gang was magnificent as always - but even there some "deus ex machina" moments occurred, which never

truly happened before in this series. Hope the last few volumes will change again to more plot/less action kind of story.

Cat says

Getting close to the end! My favourite parts were Olivier, Lan Fan, Rebecca, Maria and Jean's roles, as well as Al and Pride being trapped together.

Cole Power says

An absolutely great series. This manga series has some of the greatest characters of any other manga I have read. The journey that these brothers go on is one of my favorites of all time.

N?rmin says

Intense moments and full of action! And Envy is back!
What will Al do with philosopher's stone?

Sassafras says

Major Olivier Armstrong: LOVE her!

Becky says

Scum like you who observe the battlefield from a safe location talk about "sacrifice" as if it's something sublime. You don't even know the meaning of the word!

Brandon Bundy says

Not a great deal to say about this one - it was nice to see Hohenheim square off against Pride only to lure the Homunculi into a trap(alas poor Al!).

Gabriela Paige says

This is getting so intense. Everything is going crazy! AH!

Rachael says

Another great addition to the FMA series. So intense-just oh my god. "And the plot thickens..."

Charlotte says

It's all happeninggggggg... Also, there are some great female characters in this series. Could do with some more, but what they've got is pretty solid. Glad to see so many characters back, too! :D

Pinkerton says

Sembra che tutti si stiano cercando un avversario per la resa dei conti finale.

Rolando Marono says

The good:

- They are almost getting to the end game.
- An encounter between two important characters at the end of the volume.
- Al and Pride.

The bad:

- Ths story is getting very repetitive.

?????? ?????? says

The finale is at hand as all the characters are finally assuming their position in the chessboard for the final showdown. Both Elric brothers just jumped from frying pan to boiling pot. Its do or die. Same situation for Mustang and Olivia Armstrong. The immortal army is set loose. The army from Briggs castle infiltrate central. Envy regains his body. Hohenheim faces off against "Father". So many events are taking place at the same time that its almost impossible to put down the book.

Hannah Belyea says

Pride has consumed the powers of Gluttony, making him nearly too strong for Edward and his allies to face, while Mustang and his team begin an attack that will take sacrifices to succeed! Arakawa will have readers gasping for breath with this exhilarating entry to the "Fullmetal Alchemist" series. How can our heroes hope to defeat a Homunculus twice as powerful?!

Anna says

L'esercito immortale mi ha inquitato parecchio (ma cavolo, che bei disegni). Adoro, adoro, come tutti i personaggi siano gentili e pronti ad aiutare il prossimo. Mi spiego meglio: Mustang che protegge la moglie di Bradley, Hohenheim che lascia a Ran Fan la possibilità di andare a cercare Lin, Ed che sigilla la porta per non far scappare i mostri. Mi da un senso di calore assistere a tutte queste buone azioni. Ps è tornato Envy! Si prospetta una battaglia davvero avvincente!

Cait says

Definitely my favorite volume so far!
