## From Reader Review Heart Tamer for online ebook

### **Sandi says**

Sophia Knightly has done it again! Heart Tamer was a sweet love story of Alec and Kate and if Alec will agree to Kate's wish. The last time they saw each other , they didn't part on good terms. . So will Alec agree and maybe give her what she wants or will think she is crazy and never want to see her again. What the other doesn't know is they still love each other....but wouldn't tell the other. Both are so stubborn.

Read about a love that never faded after ten years and if Kate gets her wish and Alec back in her life. Alec has missed Kate everyday that they have been apart.....

Are they too stubborn to go after their happy ever after or have they matured enough to not fight anymore? I loved this sweet love story and makes you trust that true love really exist!

Heart Tamer is a novella in Sophia Knightly's Heartthrob series. Each book can be read as a stand alone book.

In Heart Tamer, Kate Hayes goes to Scotland for the wedding of her former SIL and to ask her ex-husband Alec McLeod a favor. Alec McLeod is introduced in the previous book Heart Melter but you can still enjoy this story without reading Heart Melter first. I don't want to spoil the story but the favor Kate asks wasn't what I was expecting so I absolutely loved that surprise.

I absolutely loved this novella. Yes it is a quick read but that is what I love, perfect for my lunch breaks. The plot was intriguing, the romance was sweet and hot at the same time, and the secondary characters were interesting too. I loved how Sophia interweaves characters and I can't wait to read Evie's story.

Sophia Knightly has done it again!! Anytime I pick up one of her books to read, I know that I will not be disappointed with it. This is a novella, so it was a quick read, but also a fulfilling read. I loved Kate and Alec's story, and could actually picture him in his kilt. They have been divorced for years, but that does not stop Kate from going to Alec to ask for a favor, a huge favor. Can Alec put aside his anger of the past to help Kate? Read the book, I promise you will not be disappointed!

To say that I absolutely love this series is an understatement. Knightly continues to give us memorable characters that you can't help but root for.

This super sweet story of giving true love a second chance tugged at this jaded romantic's heartstrings. Alec and Kate went through a bitter divorce years ago and have not spoken since. The only thing that confused me was why after not speaking for years Kate would think to approach her bitter ex-husband with her request. But even that was not enough to dampen my enjoyment of the story. I couldn't help but root for these two characters who so obviously deserve to be together and you will too.

Although this is not the first in the series and can obviously be read as a standalone, I would definitely suggest reading the other books in the series when you get the chance. You won't regret it.

Enjoyable quick read. Loved the undeniable chemistry between the main characters. The supporting characters were well-developed. Each bringing their own flavor to the story.

Kate Hayes goes to the wedding of her once sister-in-law with an unconventional request for her estranged ex-husband. Will she have the nerve to ask him? How will he react?

This eBook is included in Hearts and Kisses: 12 Contemporary Valentine Novels and Novellas Boxed Set.

Thank you to the author for the eBook. My opinion is my own

### **Leone (She Reads too Much Romance) says**

The box set itself was my first introduction to both the Heartthrob series and to the author which caused me to fall in love with the stories entitled Heart Melter and Heart Tamer. In fact I will go a little more beyond what I have previously written and boldly state that it has been a long time since I have read suspenseful romance that have been this devouring!

I literally read this complete box set of the volumes two and three within a single day because I could not put my kindle down. With that being written I will move forward with the review and single out both of the stories beginning with volume two which is Heart Melter. This book was my favorite out of this box set. I loved both Natasha and Ian's story. Both were such sharp, outmatched characters that were entirely perfect for one another one even if the characters themselves were not willing to admit to such a sensual attraction. Add in the fact that a Scottish castle was involved and a murderer on the loose seeking Natasha's life and I was hooked on this book.

As for Heart Tamer I think this book was a little more mellow than what I was expecting and that was a little disappointing. I was on a thrill ride with the previous book as Kate and Alec's story was more of a second chance romance that came with the typical standards that such romances often do. Kate was not nearly as strong as a character as Natasha from the first book and she seemed to be unsure of herself. As for Alec I think the same could be said about him. He didn't seem to trust his instincts either. Still, I enjoyed the third book of the series but I only wished the suspense would have been as riveting as the second.

Naturally I would recommend volumes two and three. I have yet to read the first book of the series which I will point out the fact that is not required to the read series in order because I did not feel lost within my reading. However I would suggest reading this series in order because I feel that is always what is best for the reader. I plan to continue to read and to review the entire series and honestly I can hardly wait to continue my reading of these highly romantic novels.

-If it's not already clear I reviewed Heart Melter and Heart Tamer within a box set.

### **Sally Hannoush says**

This book had love, jealousy, and a bit of mystery. There was a happy ending and they can be read as a stand alone book. I've read the first three books in this series before writing this review. I've noticed a lot of common themes in the books and am not sure if it was meant to be that way or just how it turned out. The main characters are reunited with someone from the past, there is always someone trying to kill the main character, and it seems like they are a second chance at love stories. The books keep getting better as I read further along. This book took place in Scotland which is a nice change for me because I normally read Scotland settings in Historical Romance books. I think the setting made the book more enjoyable because it focuses more on the conflict between the main characters and why Scotland was an important part of it.. When I read book three I had thought it would be about the third best friend in the Hearts circle- a club three girls made up in summer camp when they were young. But it wasn't- it was about A Scotsman we met in book two. This was a much shorter read but enjoyable. It was a cute love story and was written well. The series doesn't end here so there are more characters to revisit and new ones to meet.

I loved this short story, Sophia. Now it left me wondering who you are going to find for Evie. This story is about Kate and Alec. They have been divorced for ten years, when Kate goes to Eileen's, Alec's sister, her wedding. Kate has a proposition for Alec. When she gets him alone she tells him she wants his baby. By his sperm only. Boy does that make Alec mad. Read this short story it is really good

### **Laura says**

Sophia has done it again, Heart Tamer is a wonderful book. This book is a novella, so it is a fast read. I love Alec and Kate's story! Kate and Alec have been divorced for years, but Kate wants something from Alec, so

she comes to his sisters wedding to talk to Alec about her plan. When they meet again, their love is just as fierce as it was when they were married. I think that Sophia did a fabulous job with this book. I can't wait until the next book in this series comes out! If you love a good romance with a hunky Scottish guy who wears a kilt, then you need to read this book, along with the other books in this series.

A Review copy was provided to me in exchange for a fair and honest review. The free book held no determination on my personal review.

Ok this story was just so out there! Ok you go to your ex's sister's wedding to ask him to give you sperm for a baby! REALLY! That is just totally outrageous! Then you have sex all night long say you are still in love and he just gets up and leaves on a "mission" doesn't leave a note or message. Then you find out you are pregnant only after two weeks? Help! This story needs a huge dose of reality! What a waste of time and brain cells!

### **Debbie McCreary says**

Kate arrives unexpectedly at Alec's sister's wedding. Nothing strange there, except Kate is Alec's ex-wife and they haven't spoken for 10 years ! What brings Kate back to Scotland is the question Alec has. When Kate tells Alec why she's there, Alec's feelings for Kate are stirred once more. Not that he had every gotten over his ex--wife. From there, the second chance starts. Reading how Sophia weaves the tale of second chance for Kate and Alec kept me turning the pages. I enjoy few contemporary authors, but Ms. Knightly is one I always read. She writes romantic stories, that keep a person remembering that there is true love and second chances. This is a series, but can be read alone. If you enjoy second chance books this is for you. I enjoyed this so much I got the other books. Just a feel good book!

### **Nicole Smith says**

A great story about second chances. Kate and Alec let pride get in the way before, but his sister's wedding has given them an opportunity for a second chance. Kate has a big request she wants to ask Alec, will go along with or does he have some stipulations of his own. Will they learn from past mistakes or is history going to repeat itself?

### **Melody Cox says**

Alec and Kate...gotta love them. I adored this couple and the story had me spellbound. I wish I had me some Alec!!

Alec and Kate had divorced ten years ago when Alec had suffered a terrible loss and was lost in revenge, ignoring his wife and every one around him.. Obviously they parted on bad terms, but now she has a proposition for him. She wants something desperately and is willing to swallow her pride and beg if she has to.

Alec was not at all happy that his sister and Kate kept in touch with each other after the divorce and he is even more shocked when Kate shows up at his sister's wedding. She is the last person he wants to see. After spotting her at the wedding he is angry but he also realizes how much he has missed her. She ignites a desire in him of major proportions as she always has. Will he help her with this plan?

Wow...loved it and highly recommend!
