**Love Me Knot** Shelli Stevens

\*Please note that this book is a short story and was written after readers requested it\*

Ciara came to Wyattville to reconnect with her half-brother, and use up extra vacation time in the small beach community. What she didn't planned on was throwing her inhibitions to the wind and falling for a complete stranger.

Ryan Wyatt spends his days serving in the Coast Guard, and his nights flirting with the ladies. He's the last Wyatt bachelor standing now that his cousins are married. When he meets Ciara he wonders if that's about to change. Until he discovers she's the sister of his enemy and then his plan for seduction becomes tinted with vengeance.

## **From Reader Review Love Me Knot for online ebook**

### **Jen says**

I've enjoyed the Wyattville series – this story seemed to breeze by especially quickly. I often wonder what it'd be like if the novellas were fleshed out even further. This could have been some standout contemporary romance.

---

### **Natasza Waters says**

One of my favorite writers. Good series. Can't get enough of the small town, hot men; especially brothers, kind of books. Shelli always manages to give me the warm and fuzzies reading her stories. Love the heat level, and plots are tight and quick.

### **Lynsey says**

I don't mean to be a party pooper but this was too short for me to get too excited about!

I loved this series and this book was actually a really good story...but I desperately wanted more. It was anticlimactic. I liked what there was of it, but why does poor Ryan only get a quarter of a book?

---

### **Katya says**

2.8 Stars!!

A great premise but not well executed. The other stories in this series were much better.

Man meets woman at wedding...goes home with her....turns out she is sister of man who knocked up his sister and left her....revenge? or Love?

---

### **CD {Boulder Blvd} says**

I was disappointed in this one as I really didn't like the hero or the heroine very much. It seemed more like insta-lust versus insta-love. I definitely didn't feel the connection between them except in the physical sense. I almost dropped this to a one star but the writing was decent if not inspiring.

---

## **Kelly says**

Love Me Knot is for people who...

...don't mind a whirlwind one night stand...  
...where the hero is somewhat douche at times.  
...kinda like heroines who are innocent and sweet.  
...enjoy some steamy sex.

I haven't read any of the earlier books so I really had no connection to the characters other than enjoying watching them do their mating dance thingy. Honestly, Ryan's actions aren't cool, but they are understandable. Honestly, I picked this one up for the sex and it worked nicely. So there you go.

## **Angela says**

My least favorite of the series. It was way too short and he proposed after a couple days... I'm not a really big fan of insta-love, which three out of the four in this series are, but at least the others were more believable. Oh, and he came off as a jerk to me and some of the conversations seemed forced. This probably would've been much better had it been longer, I don't know. And why did the brother just happen to come across them? How did he know where they were? I mean he lived in a different town and there's a lot of coastlines in Oregon.

---

## **Judi says**

It's the water in Wyattville I tell you...it's like a love drug. Irony isn't then that Ryan Wyatt the last single man standing of the Wyatt clan is a member of the Coast Guard.

Ryan doesn't want to follow in the same steps as his lovesick Wyatt cousins...1, 2, 3 they're all down for the count and happily married leaving all the single ladies for Ryan to satisfy.

So when Ryan meets a pretty brunette eyes across the dance floor at Kate and Todd's wedding, he's not going to turn down the chance to do a little horizontal mambo of his own in private with the new girl in town.

Ciara's in Wyattville for a little R&R and because she's got some unfinished business with her step-brother Lance. Just so happens that Ryan has a past with Lance and hates him with a passion. The revelation of Lance's identity threatens to sink Ryan and Ciara's relationship before it can even really leave dry dock.

This was a very quick read (I managed it in just under an hour at the gym).

---

## **Lori says**

3.75 stars. It was fast and short. my two criticisms. Because otherwise, I adore Shelli Stevens' writing. It's engaging, totally relatable, and it sucks you right in. I can always see myself having a beer, hanging out with her heroines. And thay's a huge comoliment, because I'm a heroine hater.. Srsly. It takes a lot for me to like a heroine. But I can always see myself being friends with ther characters.

Anyway, aside from the almost instalove tgat ens with a marriage proposal, I enjoyed everything else about this story.

---

## **Darcy says**

This was a cute one. Loved the instant attraction between Ciara and Ryan. It was easy to understand Ryan's dilemma, I was just glad that he finally woke up and got his head out of his butt and went after the woman he wanted.

---

## **Kara Swynn says**

I live for quick spicy reads and this one delivered! I loved that the heroine didn't sit by and wait for the Hero after it looked like he was being a jackass. Sex was hot, it was easy to read and it made me laugh.

It had everything I love about a great read, just add a little bit more dirty talk and a few "f" bombs from the hero and I'd be giving it the full 5\*.

As it is I will definitely re-read this one!

## **Joyfully Reviewed says**

Ciara has come to the small town of Wyattville to try and build a relationship with her half-brother. Ciara has become enamored with the beautiful area and the nice people that reside there. She never expected to be swept off her feet by the handsome Ryan Wyatt. Ryan is a Coast Guard rescue swimmer content with his bachelor lifestyle. However, when he meets Ciara she makes him think of forever, that is until he finds out who her brother is. Can Ciara and Ryan overcome the past and find happiness?

The Holding Out for a Hero series just got hotter with Love Me Knot. I'm happy for the chance to revisit this series once again. Shelli Stevens' heroes are sexy as sin. Ciara and Ryan make beautiful music together until an unexpected wrench is thrown into their romance. I really liked the way this played out. Ms. Stevens needs to dig up some more Wyatt's because I can't get enough of her irresistible heroes!

**Jen\_C says**

3.5 stars. I liked Ciara a lot. She deserves some happiness and a family, not to include that pathetic excuse of a half brother Lance. He deserves to be strung up. I cheered when Ryan hit him. :)

Book needs an editor but the story was pretty good.

**His gaze slid to her lips. "I want to kiss you, Ciara." He heard her breath catch. "Are you asking my permission?"**

**"I rarely ask permission, darlin'. You just caught me thinking aloud."**

---

**MountainKat says**

Very short, but sweet story! Those Wyatt boys sure fall in love fast!

Finished 6.29.11 - Date cleared so it doesn't count in the 2011 Reading Challenge.

---

**Tia says**

Out of all four of the novels, this one has to be the best so far. The passion was intense and the revenge was bittersweet. I loved reading it, especially when they were fighting each others feelings for each other. It just goes to show you that love can conquer all.
