## **Moody** C.M. Seabrook

Heartbreaker. Playboy. Reckless. Wild and Rough. Those are just a few of the names she's called me, but I don't care as long as I get what I want - her heart.

She deserves more than I can give. Problem is she's all I want. The smart thing would be to stay away. And believe me I've tried. I've kept my distance for four years...and time's up.

Isabelle Stewart is mine.

I've been a fighter my entire life, and I'm not afraid to fight dirty - especially for her.

## From Reader Review Moody for online ebook

### Scrap says

I voluntarily read and reviewed an advanced copy of this book

As much as I Loved Fighting Blind book one about Theo and Mac OMG Moody's book was so so so much better,

Moody is one of those wonderful people that would give you the shirt off his back and ask for nothing in return, he is an ex Marine,

he is a fighter, yet he has a wonderful deep soul. Isabelle sees this in Moody, she has been in love with Moody since she was 12 years old

her brother is Moody's best friend, One night after a horrible fight where her brother is hurt badly Isabelle and Moody hookup, Moody feels so guilty about His best friend.

4 years later Moody realizes that Izzy is getting ready to get married to someone that is HORRIBLE, Jason, She has no idea who he really is and Moody knows deep down that Izzy is his, has always been and will always be his. This book will make you cry, it will make you mad. and it will bring tears of Joy to you at the end. I cannot wait for the next book.

### Jessica Ingram says

This story is a classic storyline of the sister having feelings for the brother's best friend but Seabrook adds a twist. Moody knows he shouldn't do it but he sleeps with Griffin's sister. Since he is basically a playboy who doesn't feel that he deserves anything good in his life, Moody pushes Izzy away the next morning.

Fast forward to four years later when Izzy is getting ready to be married to a really bad man and the good in Moody surfaces and he is ready to settle down and be a one woman man.

I really enjoyed this book. I couldn't put it down once I started it. I was given this book in exchange for an honest review and I honestly really enjoyed it.

### Romance Novel Giveaways Lauren Seiberling says

More, please!

C.M. certainly has a handle on this whole MMA-romance thing! This book was HOT, emotional, and addicting. I couldn't put it down!

Izzy and Moody had a history. While I wasn't so sure how they as a couple would play out because of that history, I started rooting for them shortly after.

Moody was a great hero. I loved when he realized who he truly wanted, and that he would stop at nothing to have her. And Izzy, facing similar trust issues as Moody, was his perfect match.

The story definitely had some twists that I wasn't expecting, and a very suspenseful scene towards the end that really sealed it for Izzy and Moody.

I liked catching up with Theo, Mackenzie and Logan from Fighting Blind (not necessary to have read that book to enjoy this one, but it's an AWESOME book too!), and I CAN'T WAIT to catch up with Izzy and Moody in the next book!!!

(I received a copy of this book in consideration of an honest review)

Absolutely feel in love with Moody!!! This man has made his mistakes and has blamed himself for years. He has good intentions and puts everyone ahead of himself. He broke Izzy's heart and fought like hell to get her back!!! Such an emotional read that I could not put down until the very last page!!!

### **« Court (Take the Read) » says**

*First person, Dual-POV, HAE. Can be read as standalone.*

This book was yummy. As usual, I'm reading series out of order, but I base my habits on blurbs and how much they jump out at me. **Second chance love with best friend's sister. MMA fighter.** Yeah, allll over that.

And it definitely didn't disappoint. The story was actually suspenseful, had a bit more depth to its characters and had me rooting for our characters the whole time. Plus, these two together... the heat factor is off the charts.

A fast, fun read. Recommend for fans of damaged heroes and never giving up on your first love.

*'Til next time cuties ;)*

### **Chitra \*CJ\* says**

Did not like this one.

Moody is the story of Moody and Izzy.

4 years ago after a MMA fight that left her brother with a brain aneurysm rupture, Izzy gives her virginity to Moody. He, on the other hand is filled with guilt and crushes her heart, leaving her.

Four years later, she is engaged to an asshole when suddenly Moody decides he can't live without her.

I'm wary with second chance romances and this didn't work for me. It's unrealistic for characters to remain faithful when separated and that's what happened with this book.

The chemistry between leads was average.

One extra star for epilogue

#### **Holy WOW**

Ok this book just went to my top favorite...do you have any idea how tough that is to do...

This is my first time reading from this author..how did I not know about this ahhhhmazing person...what is going on..

Sorry I'm still spacing about this deliciousness..

This book is a lovely heart felt story about second chances..izzy isn't having it...moody broke her heart and he wants another try with her but izzy is now engaged to a delightful ( note the sarcasm ) man whom moody happens to absolutely DETEST...

Moody lost her once due to his own stupid reasons he's not about to lose her a second time....if only he can just convince his love of this

This plot is full of twists and turns..lots of angst and emotion

Seriously read this book it's flipping AWESOME

Author person if you read this review...just thank you...your dreams on paper make my heart so happy

### **Tanya from Get Your Book On says**

If you love reading the older brother's best friend/second chances themed romances, Moody by C. M. Seabrook is the book for you!

My first thought after finishing was that it wasn't as intense or in depth as her two previous books, but don't let that deter you from reading it. Sometimes lighter is where it's at.

Moody made some very stupid decisions that could have ended in the loss of his best friend. That did destroy the relationship between him and his friend's younger sister, Izzy.

Izzy has always loved Moody, but after their one intense night together he pushes her away.

Four years later, Izzy's getting married to a real douchebag (my words, not the authors) Moody's not going to let that happen. He might not think he's good enough for her, but he's not going to let that stop him from finally claiming her.

Their love for one another was beautiful, the sex was sizzling, and there was just enough drama mixed in without going overboard.

This is the third book from this author that I've had the pleasure of reading, and once again she managed to snag me from the start and keep my attention until the very end. I did not want to put it down.

I look forward to many more stories from this very talented writer in the future.

Izzy is Moody's best friends griffin's little sister 4 years ago griffin got badly hurt resulting in izzy & moody having a one night stand. Moody hears Izzy's getting married has he lost his chance?

A face from the past doesn't help can izzy make the right choice?

I loved fighting blind Theo & Claire's story. It also sounds like griffin gets his story! Chantel has done it again. Thank you

### **April Symes says**

To begin this book is not just your normal romance, it is one hot romance wrapped in an emotional tangle. So many emotions will grab at you. The author made this a story that grabs at your heart while keeping your head entertained. Make sure to keep a box of tissues handy.

Moody Brock is a MMA fighter who he fights hard for whom he truly loves and does what he thinks is right. Moody had feelings for his best friend's sister named Izzy but he ended up destroying his relationship with Izzy. See, Izzy has always had deep feelings for Moody, she has always loved him and they had this one fantastic and deep night together but Moody ended up pushing Izzy away from him which made Izzy leave—for 4 years.

Fast forward 4 years later—Izzy is getting married to this stupid jerk/idiot (In my opinion) and when Moody finds out he realizes he isn't going to let this wedding happen and let Izzy marry Jason, the jerk. He knows he isn't good enough for her but he isn't going to let her make this mistake.

The story moves along with more intrigue, more secrets and more fighting between Moody and Izzy but at the same time we have a lot of sexual tension and angst, and passion between Moody and Izzy. There is this bond between them that 4 years can't erase. Moody isn't going to let 4 years and one stupid mistake cause

Izzy to make an even greater mistake. Watching how hard Moody fight for his love, for Izzy was so beautiful and the emotions between them brought the tissues out. I felt so bad for Izzy reading about the pain she felt 4 years before and it was hard , because trust was lost between them and then watching Moody show Izzy he was still the man she fell in love with all those years before and can still be again. Izzy needed Moody when she lost Griffin all those years before and now he is back , will she give him another chance or will she let him walk away and let her heart slowly die out? Will Moody let Izzy go and give up? All I have to say is this is one emotional and complex read and the sexual tension and passion between this couple could light multiple fireplaces for months, that is how hot and ready to go they are. I really loved the complex job the author had at communicating their feelings when these characters had so much going on and she got the point across. It was a great read and I loved the ending, it was so worth it.

My Rating: 4.9 stars \*\*\*\*\*

"I voluntarily reviewed an Advance Reader Copy of this book in exchange for an honest review\*\*\*

### **Karja26 says**

This is the bad boy fighter in love with his friends' little sister. Thinking he's not good enough for Izzy and blames himself for her brothers situation he abandons izzy leaving her feeling dejected. Fast forward 4 years and Moody still has feelings for Izzy but she's no longer available. Which is problems on its own when izzy can't deny her love for Moody and breaks off the relationship.

Lack of communication and self worth between the 2 makes it difficult for them to move completely forward.

C.M. Seabrook is a new read for me and I thoroughly enjoyed this introduction. Makes me thirsty to read Fighting Blind (Theo & Mac's story).

This book featured a H that brutally rejects the h after taking her virginity. Then shows up to chase after her, 4 yrs later, when he finds out she is engaged to a guy he hates. During the separation, he sleeps around and even picks up women while he is chasing her.
