## **My Money (Coke Dreams 3) Arabia**

After being ran off the road and kidnapped by a crazed lunatic set on revenge; Victoria is fighting to stay alive. She is going through hell and praying every minute for Keys to come and save her, before it's too late. While being held captive, she wonders how she got to this point. Why is her life one bad situation after another? To understand Victoria, you have to know her and to know her you have to go back to the beginning where it all started. Take a ride with Victoria as she remembers the abuse, the heartache and the pain of the life she's lived, while trying to hang on to the life she has. Will her past save her? Will she be set free or will Reni succeed in silencing her forever?

### **Verlean says**

It was really good to go back and get Victoria and Money's story and understand what made Victoria the way she was and love Money so deeply. Again with the grammatical errors but I like the way the story was put together.

---

### **Marcy says**

Arabia, you are a literary genius. Loved this book. It was good from beginning to end and had me again middling train stops. Can't wait too read other sequels.

---

### **Stephanie Wiley says**

#### **Amazing!!!**

This book offered so much insight as to who Victoria really was. Her past and the horrendous way Money and Angel had to die ... I wonder if she will ever seek revenge! I cannot wait to read the fourth installment of this amazing series!

I would definitely recommend this series to all my fellow readers!

---

### **Alesha says**

#### **Excellent!!!!!!**

This book was fire!! I've been reading this series straight through like an addict!! Money, Money, Money!!! I see why Vic felt the way she felt. It was hard letting someone you love go like that. Loved how you went back and told Vic and Money's story. Keys has some very big shoes to fill. Now I'm on to part four. I absolutely love this series!!!

---

### **Dani says**

#### **Great!!!!**

I read CD4 by accident first, going back to read this Cam deserved everything that he got at the end. I don't know who I love more keys or money! They are both fantastic men and great for Victoria. I love this series it had me intrigued and always wanting more. I can't wait to finish the series!!

## **Neka Bellamy says**

### **Wow**

Damn I'm Loving This Series It's So Good You Think Your Part Of The Story I'm Sitting Here Wondering What's Going To Happen Next

---

## **Robin Perryman says**

### **It's About To Go Down**

I enjoyed it. it's kind of like a prequel to the series. you learn things you didn't know about the characters. I'm feeling all the love they have for each other. Just when things go good for Money and Victoria, Bam! They couldn't catch a break. I can't wait to see what happens next.

---

## **Letitia says**

Where do I start? I love this author and this story! Victoria had a jacked up life from the very beginning. Her mother was a piece of work and while I understand being pissed by what happened to you, you could have gave your child up for adoption instead of treating her like shit. I thought Albert was gonna be a pervert and take advantage of Victoria at first but he turned out to be a stand up guy. Britt and her mom were down too and I loved that so many people had her back and helped her out and showed her love. Money and Victoria had a great love story and I hate that Vic lost the baby and money was killed by Cam because he couldn't face who he was and wanted to keep his secret. I kinda felt sorry for Cam and what happened to him but to kill your boy and come around the fam and act like you don't know what happened? I wasn't feeling him on that. I will probably read this again because I just loved it

## **Carla says**

"My Money" by Arabia...where do I begin?! In this prequel of "Scorned", we hear the story of Money and Victoria long before Keys came into the picture.

"My Money" was full of twists and action packed moments. I did not want it to end! I laughed, I cried...and then I read it all over again. Cannot wait for the next installment of this series. 5 stars!

---

## **Treasure Malian says**

I absolutely loved the relationship Victoria and Money shared. Watching them go through peaks and valleys made the relationship seem real. It would have been hard to relate to or enjoy if everything was extremely perfect the entire time. I like that Arabia took us back allowed us to see how it all began I can only hope that after all Victoria have been through things start to look up for her. Waiting for the next installment of this series. If you have not read any of the installments you really are missing out!

'Life with My Money...Life without My Money...My Money...'

Victoria has been kidnapped and is once again finding herself the victim of the unjust blows that life seems to delight in reigning on her. The vicious abuse seems to be too much but we are going to walk in the shoes that Victoria wears to gain a better understanding in her story. Upon her introduction, it's evident that 'the family' adores this young lady and her connection to their beloved 'Money.' We are allowed a bird's eye view of the dynamics factored together to illustrate how harsh living began for Victoria, but also her persevering and survival spirit. We are enchanted with the mesmeric love story of Victoria and Money...Romeo and Juliet living in the midst of Coke Dreams. Is the ending more lyrical than the beginning...was their love only a fairytale to be recalled or a love song waiting to be sung?

My Money takes a different route and gives more insight in two key characters...one deceased and the love he left in his aftermath. I found My Money interesting as the author penned a romantic tale of love that began as teen-agers and their growth as well as the aftermath of the lover's tragic tale. This installment piggybacks from the original storyline but is a standalone read. I usually get frustrated with the continuations...but I find myself content as I watch the love unfold despite abusive life situations. 4.18

### **Maebelle Richardson says**

wow great read on to the next one

---

### **Shoulanda August says**

**Wow so much drama!!!!!!**

I couldn't put this book down and had to find out what happened to all the couple's. I'm so mad with Coke and the crew for not handling business five years ago, now their little sister Victoria has to pay the price. I hope it's not to late and that they find her. I'm on pins and needles waiting to read the next installment

### **Tonia says**

**Money**

## **Money**

That was a beautiful story. Money & Victoria truly had young love since they day they meet. It's sad when your friend become your enemy & he willing to keep your secret

---

## **Donica James-edgerton says**

Wow that shit was an eye opener for me.I can't believe that about her childhood.Wow I thought he was going to come clean a lot sooner.I feel so bad for her but hey it still turned out good for Money and Victoria.Now that ending made me cry like forreal.I can't belive that
