Amelia Faith says

Don't mess with the Mama

This story is a follow up to Jae's True Nature. In this short Kelsey's parents have come to take her and Danny home to Oregon. Does she have the courage to defy her father and leader of her former pack? Can she convince them that times are changing and she is not who they think she is? I thought I was finished with this series but was SO happy and excited to find this one. I loved seeing what happens to this plucky trio. Thanks Jae!!

Jane Shambler says

Awesome

You need to read true nature for this novella to make any sense. But for those who have its a great addition. Clears up some questions. But I hope Jae is hard at work on the next one in the series. Thanks Jae. I seriously love these books.

Loved this little sequel...perfect

Line says

I didn't know it was a short one, so got a bit disappointed when it ended way too quickly.

Sascha Broich says

Meeting the in laws is never easy. Especially if you are human and the in laws are not.
