I might write a review in a few days, which will be n my blog (<http://nazishreads.net>) and on here.  
So far, I love this manga series so much! Maybe even as much as Kodocha and Fullmetal Alchemist.

### **Elizabeth says**

St. ♥ Dragon Girl is a great magical girl manga. Unlike many others, there is more focus on Momoka's martial arts skills rather than her magic. Its characters are engaging, and the plot moves at a good pace. The story has a good balance of romance, comedy, and adventure. The story is appropriate for both older children and younger teens, and it will appeal to fans of manga like Sailor Moon or Cardcaptor Sakura. The series is complete at which makes it both a short read and a good introduction to manga for the unfamiliar as the

reader will not have to wait to find out how the story ends. Overall, I give it four out of five stars.
