Another quick, hot read from Wynter Daniels! As the cover points out, what we have here is a bit of a naughty nooner...that may just be a bit more!

When two strangers hook up after a wedding, they discover that they have a lot in common – they are both teachers and love cats, and are extremely attracted to one another. Of course when the steamy time ends and they find out that they are both related to the groom...can you say uncomfortable? You'll have to read this for yourself to find out what happens, but let's just say there is more than just one twist to this hot & steamy little read!

OMG!!!!!! wow is all I can say

Anna Salamatin says

This is a very fast, very HOT read!

I was so into the hot sex and then.....Wham! No, it can't be true!!! Can it? Could they be related? Your gona have to read it to find out..... Man O. Man...Wynter, where do you get this stuff? Just Brilliant!

Tammy Lindey says

Short but sweet

This was a short story, but that didn't take away from the awesomeness of it. Would have been even better with a few more chapters. Great book Wynter!

Nichelle says

I liked this. Short to the point...fun...and with just a little excitement about the characters possible link in the past and future.

Tina Young says

Short and sweet compared to other Wynter Daniels books. If you are looking for a good book to read but you don't want a long drawn out plot, this is just the book you're looking. To make it a no brainier, the book is Free. Great job as usual Wynter.

These short stories from Ellora's Cave publishing are erotic but they too often are stupid, too. Go to a cousin's wedding; as the wedding is breaking up notice a stranger across the room; go to the ladies room; come out and find him leaning up against the wall; take him home - riding in his car; have hot sex with him. All within less than an hour. At least they used a condom.

Natalie Walker says

I liked it, it was short and to the point. A nice piece of smut.

Paul Lunger says

In "The After Party", Wynter Daniels tells the story of Jake & Victoria who meet after a wedding & end up having a very erotic first date post-wedding. These 2 characters are actually a little more human than would be expected for this genre of e-books & the twist with them potentially being cousins something they discover after sex is a nice twist. Granted of course in this world, they aren't really related & the sex & passion continue on. Definitely a pair of characters whose story could be developed much further than this short one.

Betty says

Victoria and Jake meet at a wedding reception and are attracted to each other. Jake invites Victoria to go out for a drink but Victoria invites him to her apartment instead. There's a little twist in this one, but you'll have to read it for yourself to find out what it is. In spite of it's shortness, it is a great, sexy story.

DivasoftheSerengeti_Lioness says

Great short story. This read is explosive, sexy, erotic and to the point. The author did an excellent job of

making sure the story flowed from scene to scene. Great character interaction was steamy, hot and very fulfilling and a little bit of intrigue. Highly recommend.

Rebecca (everyday reader) says

A short story of instant attraction at a wedding reception. Sometimes you've just got to go with it. Good read!!

REVIEW

16 HOT pages !!!

Victoria is at a wedding event for a family member and is beyond tipsy when her eyes land on Jake. The party is just about over and Jake asks Victoria if she would like to go out for a drink but they end up at her place. They do very little talking before things become EXTREMELY HOT !! The one thing they did find out about each other is they are both Teachers. Well its time to teach other the ways of RED HOT PASSION !!! And OH no after all is said and DONE !! There is a little shocker.. Are these 2 related? Oh no it can't be could it? Well I am not going to tell ? Go grab this free book for yourself !!

And Oh yea there is still another tidbit they both find out at the end !!! so that's 2 things you need to read the book to find out !!

Cute! A real quickie. The question/problem was a surprise and the decision at the end made me chuckle.

I'm always disappointed with Naughty Nooners because I never think they are long enough or always think

they are too short. I really liked Jake and Victoria. The story was hot and I thought the little twist from their past was good. I have read one other story of Ms. Wynter's and this one makes me want to read more!
