I read this right after taking my babies to visit their Grandma, and in it Yotsuba's grandma visits and they have a wonderful time together, feeling each other out and falling in love, as one does with one's grandparents. Also! I don't think I've read any Yotsuba since I had a kid, especially a more-or-less world-aware kid with a blossoming wacky personality. So it's even more poignant for me to read Yotsuba as a parent, and I really enjoyed it, and it made me a bit misty. More, always more, please.

SHE MADE BREAD...WITH HUMAN HANDS!!

This one was so sweet, I enjoyed every second of this. I loved meeting Yotsuba's Grandma!

buku cetak pertama yang saya punya tahun ini!
tapi nggak beli, dibeliin hasil malak senpai hehehehehehehe

dan ya, karena saya sebenarnya sudah baca versi scan di salah satu web baca komik, cerita2 disini udah gak begitu bikin kagum dan terpesona banget ya. TAPI TETAP BIKIN GEMAS SIH hehe.

terjemahan indonya kacau banget ya ternyata wqwq. ada beberapa yang koplak, dan ada juga kok yang kayak serius banget gitu. kemarin saya sampai niat buka yang versi web dan bandingin sama terjemahan indonesianya gitu. dan ya,,memang kadang kalau di terjemahin ke indo agak aneh wqwq

TAPI TETAP SUKA!

sayang di buku ke 13 ini gak sampai yang episode princess Yopunzel hhe
tapi gak papa, akhirnya ada juga alasan kenapa harus Maila harus berumur panjang;
biar bisa baca dan koleksi semua serial Yotsuba terbit di indonesia (alasan macam apa itu)

suka!

I can't wait to the next volume
Yotsuba Grandma is so awesome!

In which Grandma comes to visit. My favorites chapters were: 1) when Grandma arrived and Yotsuba was waiting for her presents; and 2) when Grandma had to say goodbye. I teared up a little bit, I am not ashamed to say... Yotsuba has that ability, to make you cry and to make you laugh.

All her expressions and how she behaves are so cute <3 Now, to wait another year for the complete translation of Vol. 14 :((

I was very sad when the latest volume of Yotsuba took a long long time to be printed in the US and was thrilled that it finally came out. This did not disappoint. In this volume, Yotsuba deals with souvenirs a great deal. Whether it is doling out rocks to her neighbors, or demanding them for visiting Grandmother, Yotsuba is all about the gifts. This volume was a very fast read but was very fun and lighthearted. I look forward to number 14!

Nous avons le plaisir de découvrir dans ce nouveau tome la mamie de Yotsuba qui vient rendre visite à son fils et à sa petite fille. C'est frais, c'est mignon et les réflexions de Yotsuba sont toujours étonnantes et attendrissantes !

Pas nomor ini terbit, sok-sokan nggak beli karena mau nabung gitu. Eh, sekarang udah nggak ada di toko buku. Terus muncullah peri prolis penerbit komik ini yang kasih gue komik ini plus 18 komik lainnya secara gratis! xD

Ceritanya masih memusatkan sama kegiatan Yotsuba yang bocah. Masih lucu. Sudut pandang Yotsuba memang gemesin. Terus suka banget pas bagian Nenek datang! :D

Yay, Yotsuba is back and kicking! I am so delighted to see this manga back again.

It took a long time for the manga to be back, and I hope it won't leave again, or any time soon at least. Since this manga is just so hilarious and funny. Yotsuba is a really fun (though a bit weird) kid, and it is fun to see how she views this world. Even though time moves slowly, you do see her grow. For instance in this book they are talking about that it is time for Yotsuba to sleep in her own room, in a bed (that still needs to be bought). I do hope that we see Yotsuba going to school, though I can't imagine someone as Yotsuba going to school. I feel kind of sorry for the teachers. ;)

Most of the manga is about Yotsuba's grandma who is coming for a visit. I just had a few laughs at Yotsuba trying to headbutt her grandma and then getting blocked by grandma. Yotsuba really loves her grandma, and it was so sweet to see how she acted around her. Though I think the whole present/souvenir thing was a bit too much, and I found it rude. Sure, she is a kid, but she shouldn't be begging for presents. Luckily her dad (and also grandma) also scold her.

I felt sad for Yotsuba at the end of the volume. Don't worry Yotsuba your grandma will visit again.

The manga just flew by, and now I have to wait for another volume again. Hopefully soon, since Yotsuba is just so much fun, and I love reading about her adventures and how she sees the world. How she struggles understanding new things, how much fun she has learning them.

Also that cover, just look at it and then realise what is about to happen. :D

All in all, I would recommend this manga, if you are looking for a fun, hilarious manga, be sure to check it out.

What can I say? Yotsuba is what you would expect: charming, hilarious and full of fun. I took my time with this one, reading chapters on the bus on my phone, when I'm normally accustomed to reading physical formats. I loved this volume especially since we got to know more about Yotsuba's family! I absolutely adored her grandma, and there is one panel in the whole manga book which I absolutely LAUGHED MY SOCKS OFF. I'm going to learn how to add pictures in these reviews to show you.

Also first FULL book in tbr reducer readathon!

Cuteness overload..

Yotsuba imut banget :3

Ceritanya juga sangat menyenangkan..

Bikin pengen punya anak kayak Yotsuba..

Eh tapi Hana sanggup ga ya menghadapi keaktifan dan antusiasme Yotsuba?

Hmm...

Yang jelas interaksi Yotsuba dan orang2 di sekitarnya heart warming banget :")

Yotsuba&! is one of those stuffs that remind me of this quote by Snape.

"After all this time?"

"Always."

I love it. Always have, always will. Innocence of a kid at its best.

Ericka says

After watching Yotsuba interact with her grandmother, I am curious to see what her grandfather is like.

As usual, Yotsuba makes the mundane fun. After reading this, I actually felt like cleaning things.... But let's not get carried away. Still, it's good to see how her family harnesses Yotsuba's energy and imagination to get her to do things or make things more fun for her (and possibly for themselves).

It's nice to see the world from Yotsuba's perspective. It's a little infectious, too.
