## **Baroness in Buckskin** Sheri Cobb South

Richard, Lord Ramsay, has been brought up from the cradle with a consciousness of his duty to his family and his name. His sense of responsibility has led him to install two elderly aunts in the Dower House; educate his cousin Peter Ramsay and employ him as a steward; and provide a home for poor relation Jane Hawthorne, who once served as his mother's companion.

When a letter arrives from America informing him that the death of a relative has left eighteen-year-old Susannah Ramsay not only an orphan, but heiress to a Kentucky plantation as well, Lord Ramsay considers making an offer of marriage to his American cousin to be a practical solution: besides providing for the young woman, such a match would give the Ramsays extensive holdings on two continents.

Then Susannah arrives from America, and Richard suddenly finds his well-ordered life set end over end. With her wild red hair, unfashionable clothes, and frontier ways, Susannah appears to be an unlikely Lady Ramsay. Appalled at the prospect of marriage to the girl, yet determined to honor his commitment, Richard turns her over to Jane and Peter to educate her in the ways of British society. But her transformation into a lady is the least of the surprises Susannah has in store for her strait-laced British relations . . .

### **Adrienne says**

Most enjoyable.

---

### **Mary23nm says**

2.5/5 star

---

### **Nancy says**

What an excellent book! Lovers of Regency romance will have no trouble figuring out where the plot is going, but the journey there is marvelously entertaining. Sheri Cobb South has a fresh, original way of storytelling. I've enjoyed everything she's written. Readers who are new to her will have a terrific backlist to explore and I look forward to more of her work.

### **Alice says**

Once upon a time, there was a girl who loved to read. Her name was Alice. She had a friend named Sheri who was a writer, and who was kind enough to share with Alice copies of her new books. Alice couldn't get enough of Sheri's quick-witted and simply sweet style- she had a marvelous way with words.

In life, we have friends to challenge us and encourage us to grow; so if Sheri's work occasionally caused Alice surprise and heart attacks over amazingly well-thought-out plot twists, profoundly simple statements, heroines to admire, heroes to fall for, battles to conquer, dreams to achieve, and lessons to grow through - our young reader didn't mind. She appreciated artists like Sheri, who could have her laughing out loud one moment, and blinking tears from her eyes the next. Sheri wrote about real, relatable people, and real, relatable feelings.

Thanks, Friend. You inspire me.

Alice

#### **Sweet and funny.**

I thoroughly enjoyed this book. The humor, characters, and plot were very engaging. I loved it and highly recommend it.

---

**CatBookMom says**

Better than I expected.

---

**Michele says**

I absolutely loved this story, and finished it in 2 days. Couldn't help cheering for the American Frontier girl trying to fit into English Society. My favorite books to read are historical romance novels, and now I will definitely be on the lookout for more by Sheri Cobb South.
