### **SaltySol says**

The more I read about One the Banker and Shell, the more I want them to be free of their troubles and live happily ever after. I was glad to finally get some answers about who One really is and what seems to be so special about him. I couldn't put this book down and can't wait for the next one.

Review for All volumes!!!

This has such beautiful art that I first just stared at it for so long admiring the details. As I started to read I was overcome with how much the development for characters was and felt that I would have to work extremely hard to be at this level with my own art since I'm an artist and hobby writer. It's an S&M story

with plot that isn't stupid. It actually has a story line which makes me read it much faster. I did not think I would like this at all but oh man did I love it. The author did such a great job.

Mi tomo preferido de los tres. En este hay mucho kink y, si mal no recuerdo, un poco de gore (pero nada muy impresionante). En esta parte empezamos a ver un leve cambio en la relación “amorosa”, y también nos van dando más pistas sobre la verdadera personalidad de One.

Fue en este tomo en donde me enganché totalmente a la historia.

Woah what am I reading? It is FANTACTIC!

Characters are perfect! Loved loved One and Shell. They are gorgeous. I want them together forever and ever!

Plot and plot-twists are incredible! I didn't expected this! Dystopian society where vampires are superior to

humans? Half Vampire half Human main character? Super cutie vampire that doesn't want to eat humans?  
There is so much more!

And colourful art is gorgeous! \*Applause \*  
Guess I need to read the next volume!

I still don't know what the hell is going on. I thought this would be just a cute yaoi story and stuff, but it turns out it's gore with a SO FUCKING GOOD background story, I LOVE IT GOD DAMN IT.

I really like the story line and the twist in the end was amazing. I'm happy that it have a lot more going on than just the BL....
