I'm scared and alone--again.

What will happen when they come for me? I don't know, but the only thing I care about is my princes. Whatever happens, they have to remain safe.

This is the final serial in Chosen By Darkness: A Ravana Clan Vampire Novel. Stay tuned for Into the Darkness...

## **From Reader Review Chosen By Darkness: Reverse Harem for online ebook**

### **Erin says**

#### **Slow burn and a save**

The tone has changed in this novella. The guys are being less cautious and much more open. Then again, relief may have something to do with that. More insight into the issue the Council faced was given and why the desperate woman made the decisions she did.

The disassociation between what the Council seems and is is confusing. There are still unanswered questions I really want answers to. The Ravana parents are confusing, too. These novellas are so short that they don't give a lot of room for explanations. The story line is intriguing and I wish there was just a little more background. The guys feel barely fleshed out as characters. They have a presence but as individuals they don't come off as persons. Sort of more of an amalgamation that has 4 names but no real distinction otherwise.

### **Anna says**

What a crazy ride this first part of the serial has taken us on. I loved every second of it and I'm so glad they came out as quickly as they did. Can't wait for the next installment!!

---

### **Andrea Heltsley says**

#### **Wonderful**

I was so sad when I saw "the end" but was quickly relieved to see the story continues. I am enjoying Ariana's story and getting to know the 4 sexy princes! Five glittery stars!

---

### **Maddison Dru says**

Review of 1-5 in my book 1 review

---

### **Kathryn Packingham says**

#### **Great ending!!**

The ending....for now...was great! I really enjoyed the drama and passion between Ri and all four guys! I can't wait to see if the story continues!

---

**Ariel says**

4.5 stars! Can't wait for the next part!

---

**Nekeisha Ryce says**

Didn't want it to end!!!! Loved the Ravanas and Ri!!??

---

**Beth C. says****Great, intense conclusion to the first series!**

This was a great book and series! I love all the characters. E.M. Does such a good job developing the characters and their personalities that you just become invested in them immediately. Such a good story of new friendship and loyalty and the first flickers of love and respect between Ariana, Connor, Nicolai, Christian and Stephan.

I am so excited to read the next part of this eerie and see what happens with the Ravanas and Ariana and the vamp politics.

**Samantha Holdsworth says**

I really liked this series of books and decided to only do a review when I got to the end of the series. I like how the author went with the blossoming of their relationship and that it has a story line cause a lot of reverse harem that I have read were mainly centered around sex and this one didn't have any but I still enjoyed it, the one thing I mainly didn't like that the author did was putting these books into a series I personally think it would have done better just being one book but that is just my opinion.

If you liked this series don't worry about it stopping there it seems Miss.Moore has plans on continuing this series with another series that is a continuation of Ariana's story which is going to be called "Into the Darkness" so make sure to keep an eye out for it, I know I will be!

**Megan Gillis says**

I had such high hopes for this serial. Unfortunately it ended up just being not for me. The more I read the more disappointed I got with the Insta love (not really any relationship building, it's all push me away and I understand, than take me back. However they virtually dont know anything about the other) Sigh; this is a hard review to write. The ending of this book was almost ridiculous (so sorry to the author) I continued to read this serial in hopes that it would improve.. However in my eyes it did not. I feel as though the characters were hardly characters. I read them all in a row as well without having to wait in between. It never actually

built or went anywhere it completely flatlined for me.

### **Nicola Battison says**

#### **New read**

I picked up this series after seeing e m Moore post on facebook. Glad I did although each book is short and easy to read. Ariana and her four princes bring a new view to the vampire genre. Looking forward to reading some more x
