### **Julian Hsiang says**

That was the last time I will ever read this stupid/dumb book. I like you, Dan. But it was an issue. You really shouldn't have created Dr. Carbles in the first place. He is such a jerk. Gutman, you should have revised it. (as in them people of the school attacking the school with Nerf guns.)

### **Shelli says**

Dan Gutman understands young reader's humor and has created a fantastic book formula to draw in even the most reluctant of readers. The *My Weird School* series is perfect for students to practice their reading skills with its repetitive yet hysterical narrative and story lines. But don't mention that part to your kiddos, they might run away in fear they could learn something. A must have collection for any grade school library or classroom!

I love this series! Dan Gutman has a way of bringing funny new ideas to each of these books, and they are all so much fun. I thought skateboarding was a fun aspect of this book, very boy friendly, and the humor was up to par with others in this series. Great for reluctant boy readers in elementary school.

### **Adam says**

I like Dr. Carbles is losing his marbles because it has funny Delaware jokes. One is this boy named A.j. has to go to the principal's office and the principal says "What took you so long? A.j. says I broke my leg Dr. Carble's says Shake it off!!! Do you think a broken leg would have stopped George Washington when he was crossing the Delaware? These jokes make me laugh! I have also reread this book for a book report.

### **Jane says**

This book is about a boy named A.J who has a really fun principal. He is doing some fun stuff, when things get a little out of hand.

The school board president drops by. He sees what's happening and fires the current principal. A.J and his friends have to find a way to get their favorite principal back. They find out that the school board president was a skateboard champion. They put a contest with the skateboard principals and both of them lost. The other president fires the school board president for challenging the old principal and the old principal

gets his job back.

I thought this book was really funny and unusual.

Great and funny book! Mr. Klutz kissed a pig! ( And by the way Mr. Klutz is a PRINCIPAL) :)

### **Nam says**

This one was awesome. Dr. Carbles made a terrible principal.

### **Dolly says**

This is the 19th book in the My Weird School series by Dan Gutman and Jim Paillot. The books are silly and somewhat redundant, but have a clever theme that is similar to the books in the Black Lagoon series by Mike Thaler.

This story has a Thanksgiving theme and it features a long-standing rivalry between two school administrators. The book is a quick read and it's actually pretty entertaining.

### **Marianna H says**

The book Mr. Carbles is losing his marbles is very strange. The writing was effective. The strength was that characters wanted their principal back to school. The weakness was that how was the characters thanksgiving. I would recommend this book to a classmate because I bet that they will like a little bit of strangeness about school. If there was more series about this book, I would read them because I love to know what happens in the books series actions.

My first venture into the Weird School series. So far, so good.

### **Caleb says**

Caleb (age 6): "I would rate this book zero stars if I could. I really did not like this book at all. The only reason I read the thing is because I like to read. I like most of the other books in the series though. I think the author is just getting used to writing down A.J.'s life. This is the ninth book of about 400 books he's made about A.J."

### **Hawa Adaweh says**

he is making kids do horrible stuff and he fired mr. klutz.

---

### **Kaytee says**

mr.klutz was kicked out of the school and now dr.carbles is the princible but his rules are diffrent after they eat lunch they have to march around the school several times and other wacky stuff it is so diffrent then mr.klutz but what happens at the end do they do a skateboard copetition and mr.klutz returns to the school or does dr.carbles will stay which one this was very funny.

The second and third graders at my school love these books. They like that they are funny and use words like "shut up", "dumbhead," and "butt" as well as the exaggerated humor, some of which they don't always get. What I like about these books are the many idioms contained within each. It might be fun to make a class book about all the idioms and their meanings contained within each book...and you can also use this time, if you so choose, to address why using the words "shut up," "dumbhead," and "butt" in school are frowned upon.
