#### **Enjoyable**

Predictable ending . Jessie's cuteness was fun to read about. Laughed a bit but still wanna know who the killer is.

I really enjoyed the characters and the story of Stone and Jessie. Yes, there are some unresolved items in the story but that is the part of the continuity, multi-author series. The murder will be resolved eventually. Friends, family, fun, romance and suspense are all included. Jessica's inventive curses were a cute element of her personality. I look forward to continuing the stories of the storm and residents of Grand Springs, Colorado.

#### **Wrong**

Love the story. Love Jesse's curses. She has a flare for them. The happy ever after is good....but what happens about the murder? I want to know who killed the mayor. Shame for not telling.
