Omega in the Shadows

Zoe Perdita

Omega in the Shadows *Zoe Perdita*

Rowan Gregor is a CIA agent who vows never to get close to another wolf after his pack is brutally murdered by hunters. Enter Elijah Kane, an efficient and shadowy omega assassin on the run from the CIA. When Rowan is tasked with hunting down Kane, he ends up at the mercy of a wolf with nothing left to lose - a wolf who is sure Rowan is his mate.

Elijah Kane is hell bent on proving he's stronger and smarter than every alpha he meets - including the alpha CIA agent sent to kill him. But Rowan lights a fire of lust that Elijah can't ignore. They share a rare connection - a mate connection - and he's not going to give up on Rowan until the man sees it too.

Trapped in a snowy wilderness and besieged by hunters, desire sizzles between Elijah and Rowan. Can they overcome their differences, and their pasts, and forge a bond to save their future?

Kelly H. (Maybedog) says

What???? How can this book get good reviews? How can anyone like Kane?? He just killed two men in cold blood, one of them a good guy. Then he was about to kill a woman because he enjoyed it. He tells the other MC about how great it is to snap a persons neck, hasn't he always wanted to? The other MC stops him so instead he breaks her arms.

That scene is going too far. None of that is okay at all. This is supposed to be a shifter romance, not a dark treatise on the ugliness of a soul. (And no, it's not well enough written to be successful in that regard at all.) it's all about wanting the other man to want him back. There is nothing that would make me like this man, no horrible past, no abuse, no tortured soul.

I think I'm going to be sick.

Katrina Passick Lumsden says

DNF'd at 55%. It started out somewhat promising, but then just got progressively more grating. I was simultaneously bored and irritated. Bored because things seemed to be dragging on forever, and irritated because the two MC's just couldn't seem to stop being assholes.

Nadia Debowska-Stephens (Obsessed by Books) says

~*~obsessed by books copy given in exchange for an honest review~*~

Alpha, Omega...fate, lust and the undeniable bonds of being each other's mate. Life really is having the last laugh as Alpha Wolf Rowan is sent to deal with the assassin Omega wolf Elijah. The reasons they are brought together are at loggerheads with the bonds between them.

The magical shifter world make this a twisting, gripping, page turning read. The characters are not stereotypical and althigh M/M is not my usual thing their attraction was animalistic and wolfy!

They both have suffered greatly in their childhoods and their tragedies although different have left them jaded and lead them down the path..to one another. Elijah was a cheeky loveable rogue wolf and I am slightly in lust with the pair of them...so strong and alpha...phew!

Can't wait to continue the fang and fur sexy hot ride in the next book!

Enjee says

I just loved this! Elijah is an omega wolf who refuses to behave as expected, and Rowan is a deeply closeted

alpha wolf. Both exist in the human world, while the reader does learn through the story about the Old One territories. Competent world-building, with weaponized wolfs bane and silver ammo used by the the hunters. Assassin Elijah is intrigued with one of the CIA team members sent to take him out. He follows Rowan and gets to know him. Elijah has such cheek...like how he decided to keep Rowan out of his way while he accomplishes his latest assassination assignment. Their HFN is perfect, and the action continues in the next book, which is Elijah's brother's story.

Priscilla Robinson says

Love can kill you

Kane was amazing. You couldn't help but smile at him even though he was clearly crazy. I felt bad that he was pushed into this life but happy that he adjusted. Rowan was the character that I couldn't want to come into his own and it was amazing watching them fight each other as well those out to get them. The storyline and plot flowed well and the series seems to have started out good. Can't wait to see what happens next.

'Q' aka CoCo says

I'm giving this four stars with a caveat. For anybody that would normally take my four star review as an automatic recommendation, understand that while I remember enjoying this book, I did read it post-op while I was heavily medicated ;-P

Rowan is a CIA agent alpha wolf tasked with eliminating Elijah, an assassin omega wolf who doesn't act like an omega. Rowan is deep in the closet so there isn't the whole insta-attraction you normally read about with mates, at least not from Rowan's side, but there's no denying who they are to each other because of how the magic works. (view spoiler)

There's a lot of cat and mouse--Rowan chasing Elijah, Elijah fighting back, both of them deciding whether or not they should just kill the other--but in the end, the mate bond trumps all.

I enjoyed the world building--the politics between shifters and humans, how it varies depending on the country or even which part of a particular country you're in. I found the explanation of the Old Ones particularly interesting, especially since the whole thing was a take on shifters I hadn't read before, and I've read A LOT of shifter books.

There wasn't a whole lot of sex--something I found surprising--but I found I didn't miss it. The story was fast-paced enough to hold my interest without it. It does end on a HFN. There's enough conclusion too be satisfied if you want to call it quits but also enough of a teaser to get you interested in the next book should you so desire, which I did.

Ashley Martinez (ilovebooksandstuffblog) says

Dark and deadly. A high stakes cat and mouse game between two enemies where more then just their lives are on the line but their hearts as well.

It was darker than most reads but I believe in redemption and righting the wrongs of the past.

Brennan says

this is porn and I'm embarrassed that I read it but like it was free??? and an easy read. not great, I won't be reading any others. but it was okay. very repetitive. I'm just a sucker for deep writing and porn doesn't have that. characters were okay. all they wanted was porn tho. it was good porn tho??? I guess from a porn point of view. I want more plot less 'I want you rn' but like this was written to be porn so ????? this is my own fault. awkward climax. lol no pun intended. um. yeah. it was p okay. for porn. sorry mom.

Smith Barney says

I did about 20 other things while reading this..that's how much it sustained my interest.

jaxnsmom says

3.5 stars

Debbie says

Independent Reviewer for Paranormal Romance and Authors That Rock. The views expressed herein are mine, and mine alone.

This was different and in a good way! I started it yesterday and finished this morning, kept me going right from the first page, and didn't let up til the ending.

Rowan is a CIA wolf sent to eliminate an assassin, Elijah, also a wolf. Rowan is an Alpha with out a pack, and Elijah is an Omega. Neither has a pack, after they both suffered a childhood tragedy, different ones, but both equally devastating to them both. I did think for a time, that they might have had something to do with each other, but that wasn't the case. I love being proved wrong, equally as much as I love being proved right!

What made this for me, was the connection, the red threads that joined Rowan and Elijah from their very first meeting. The threads grow and get stronger as time goes on, and it's only a matter of time until Rowan gives up the pretense and admits what he has known all along: that he and Elijah are meant for each other. It's a twist to the usual wolf-mate thing, and I LOVED that.

It's also not a lovely fluffy romance. No Ma'am! It has sex, yes, mind blowing life altering sex, yes, but it's not all wrapped up in sweetness and light. There is love, yes, but it's not all hearts and roses. What it is, is a tale of totally opposites attract, and Yue (one of the wolf Gods) has sent them to each other, whether they like it or not.

Also, it's not a HEA, well technically, I suppose it is, since they admit what they mean to each other, BUT the

reason behind the story, the underlaying reason that Elijah became an assassin, and why Rowan was sent to kill him, THAT doesn't end, it will be carried over into book two, Omega In The Light, and I do hope I get to read it. I need to know more about Elijah's brother, Simeon, and whether Rowan and Elijah, do, get a proper Happily Ever After.

4 solid fangs

Jacq says

BEWARE THIS IS A TO BE CONTINUED THEME!

Enemy to mate to wuv... I love the Alpha Tough and Omega tougher storyline. This book desperately needs the sequel, dang-it. HFN... Well worth it. This is a very good read. CAN T WAIT FOR BOOK 2!

Roxana Rangel says

I found it last night and devoured in a few hours (of course I was late in the morning). I liked it a lot! it is different. Had a very interesting plot, which I found refreshing. If you like shifters stories and wolf magic, with PLOT, this one is A MUST READ.

Stephanie says

Great Series starter

This was a cool story to start a new series. There was always something happening, even when I wasn't sure what was happening. There was lots of action as well as a different take on how shifters interacted with humans. The reluctant lovers were well developed and strong characters.. I really appreciated the descriptions of their respective traumas, as this gave rational to their personalities. I am eagerly looking forward to reading the next book in this series.

books are love says

Okay I shouldn't love an assassin but this one was too cute for words. He was scared and insecure when it came to trust and love. He felt love was a weakness and allowing someone to claim him was as well. That is until the grouchy and reluctant of coming out of the closet Rowan. Rowan who was secure in his masculinity but not his wolf or knowing who he was really. Which is what made the pairing of these two by Yue so precious. They were able to help each other. Rowan, the alpha, helped Elijah, the omega, see that it is okay to love and trust. That sometimes that shows more strength than to walk away. Rowan showed Elijah that he had a home and someone to trust and who would be there for him no matter what-the good the bad and the ugly-past didn't matter for it was Elijah he loved and not his past. Elijah helped Rowan give into his wolf and learn to begin to feel comfortable and proud of that side. He also showed him that he was attracted to men and this is what would calm his wolf. Elijah showed Rowan even after a shaky start in which they both tried to kill each other that he was there for him.

These two truly do try to harm one another but their connection has them feeling the other. This bugs Rowan more than Elijah. As they are placed in dangerous territory a reliance on one another and a trust is built. Neither leaves the other to die. Neither can handle walking away and acceptance from each occurs. Rowan accepts his mate is male and that he loves him and Elijah accepts that he loves Rowan and must trust him. Together these two are precious. Even when faced with danger they fight for each other.

The intimate moments are off the charts for these two and have you root that they get out of the situation alive and together. A great shifter tale of finding and accepting who you are and who you love.
