Reform isn't in every bad boy's future...or past...

Ava Fenaly knows a thing or two about magik, and she knows exactly what she's doing when she summons a demon in her bedroom. Well, almost. Ava is convinced the exhilarating night of passion that follows is all a dream. It has to be, because she's dead set against revisiting her past--and the horrors she left behind long ago.

For the last three hundred plus years, Donatus Manlian has been living a peaceful life. Lonely, but peaceful. When the demon he has kept carefully locked within for centuries finally breaks free and responds to Ava's call, the peace--and the loneliness--are gone. Now Donatus is forced to revisit tragedies long buried as he protects Ava from the evil that pursues her. But another evil lies within him--and now that it's been awakened, the demon wants free.

Garon and Lorne, shapeshifting males of the Ralenium race, are fierce guns for hire in the universe. Planet Ralen is sorely lacking in women, and the males have an inborn desire to dominate, to tame females and to reproduce. When their inner beasts' clocks start ticking and the burning need to spread their seed consumes them, they go on the hunt for the perfect female. Too bad both men want the same woman.

Teon, a lady with a place in high society, thought life as she knew it was over when she was wrongfully

charged with a crime by her stepmother. A prisoner en route to a barren planet to serve her sentence, she's presented with an opportunity to start over again on the planet Ralen. The catch is she has to be willing to be claimed by two males. Not just any males mind you, two burning hunks who are ready to fight to the death if need be to share her bed.

### **Could have been better**

I expected a lot of sex from these novels but it wasn't that great and the story lines were just above a bad porno. I really would have like to have had a better story.

## **Pam says**

The stories were what you would expect. Fast paced and hot. Very Alpha and sexy. The last book was a little confusing. Quick read. Not really my cup of tea but I think not bad for readers into this genre.
