Awesome series that I read back in 1993... the first Star Wars story that told the further tales of the Jedi... 4,000 years before Luke Skywalker! One of my favorite stories....

Spellbound!

Exciting, right from the get-go! I'm captivated by the wildness of the beasts and the rugged frontier atmosphere of the perilous setting. I'm enjoying the camaraderie of the Jedi trio charged with supporting the beleaguered Onderon defenders.

Despite the severe mistrust of the population and the waspish behavior of the world's queen, the apprentices do their best on the mission and are already off to save a beautiful kidnapped princess. Ulic is headstrong like Anakin so I like him pretty well!
