## **The Brothers' Virgin Captive** Jenika Snow

Anna Milovich was born to be in the virgin auctions whether she liked it or not. When it's her turn to stand on the auction block she is horrified to find out her future husband is a sadistic and cruel man. But then she is drugged and kidnapped and taken away from the only life she has ever known. She just doesn't know if it's a blessing or a nightmare.

Anna realizes it isn't just one brother that has her, but two, and one of them is the only man she has ever wanted—Luca Graison. With fear of being found by her family and the man that bought her, she has no choice but to let the Graison brothers protect and take care of her. She may have always dreamed of her independence, but Anna can't deny the comfort she feels surrendering her mind and body to the brothers.

### **Juliana Chen says**

sexy and dominating...  
caught my breath..

---

### **Michelle Tan says**

I love the heroine as well as the plot.

---

### **Colleen says**

Although this book was shorter then other books in this series, the it is nonetheless a good addition. I do wish it was a bit longer but I always want more, lol. Lucas and Arik risked it all to save Anna. This was a story of love, understanding and kindness. It was a good quick read.

---

### **Yolanda says**

I didnt care for this book, I dont think it was need because none of the previous characters were mentioned. The s/l wasnt good and i thought it was creepy and Arik was a prev, a 50yr old was messing with a 20yr old virgin. It also made it seem like she favored one over the other, Arik.

The Brothers' Virgin Captive is the fifth book in The Virgin Auctions by Jenika Snow. While this book is part of a series, it can be read and enjoyed as a standalone novel with ease. I chose this book because I enjoy reading Jenika Snow's books.

Anna Milovich was born to be a tool so her parents could move up in the world. She was told early on that

she would be sold at the virgin auctions no matter what she wanted. Anna was also very naive because her parents kept her away from everyone effectively isolating her.

Luca Graison has been the chauffeur for Anna and her family for years. When he gets wind of her parents, plans he goes into overtime making plans of his own. Luca teams up with his brother, Arik and makes plans to share her between them. I found Luca to be perfect for Anna. Then throwing in Arik and the trio fit together well.

While I liked this book, I found the part of no one coming looking for her unrealistic. If she was really worth so much money and status to her family then someone would have come looking for her or the man who bought her would have come looking for her as well.

The main and secondary characters were realistic and interesting. The story was well written. I loved that they sex scenes were not the main focus of the book. There was a well-defined beginning, middle, and end in this 64-page book. I had a hard time putting this book down. I read this story in one sitting. Overall, this was a great story. I can't wait to see what's next in this series.

This was one of those books that got caught up in the ban, it was there, then gone and finally back! So happy I got to read it because it shows a different side for the Virgin Auctions that they other books in the series didn't

In this case, we have a defiant young lady whose only purpose her entire life was to be groomed for the auctions. Her parents were not loving or kind, and didn't pay her much attention, they were only concerned with how much she would go for at auction. Of course, they talked her up quite a bit and she was purchased by one of the evil, old and perverted men who kept a harem of slaves

She had one person who she felt connected to, but never spoke to, because he was a servant, and that was her father's driver. He disappeared when she was 18 and for her final two years before her auction, she was all alone with no kind looks to comfort her

Immediately after her auction, she is whisked away by a vaguely familiar yet strange man. She comes to find out this is her saviors brother. She is happy to be taken away from a life of servitude and degradation but is worried of the consequences. Through patience and time, she comes to love her men and happily settles into her life with them. Because while she is immediately attracted to Lucas, it takes time for her to accept that she can be attracted to and with both brothers. Once she finally reaches that point, she is swept away and feels she has reached where she should be, between them both!

Disappointing. Bland sex.

---

## **Maura says**

Anna is all set and trained to be a part of the virgin auctions, but she's sold to a horribly mean man who looks forward to breaking in his new slave. But before he can take her home, she's kidnapped from the auctions by a man who seems familiar. As it turns out, he's brother to Luca, a man who worked for her father and always looked after her...and when she was old enough, lustng after her. Anna has always loved Luca and is now happy to be his and his brother's captive, but Arik, the brother, is nothing like Luca and she isn't sure how to respond when Arik suggests Anna have a relationship with him as well as Luca.

This was a pretty sexy menage that hit all the right buttons for me. No jealousy and no first-time out the gate anal sex (none at all actually). I liked that this story actually had some plot worked into it too - with Arik's issues, Anna worrying about both Luca and Arik and her being afraid of being recaptured. The only thing I didn't care for was the epilogue, in which (view spoiler).
