## **From Reader Review The Value of Courage: The Story of Jackie Robinson for online ebook**

### **billbo baggins says**

i it wos good jackie robinson was born in 1919 and died in 1972 he was a baseball player for the brooklyn dodgers

---

### **Daniel Wilkins says**

There is no telling how many times I read this as a child and I still enjoy reading it to my kids. Great story about the courage it took Jackie Robinson to make it to the big leagues.

---

### **Kyle Kudelas says**

Good Reads

---

### **Kristyan Williams says**

This is another great book from the ValueTales collection that uses the value of courage to help kids connect with the lives of heroes- in this case, baseball player Jackie Robinson. This story would work well for younger middle-grades students during lessons on civil rights and black pioneers during the early-mid 20th century.

---

### **Meg says**

I thought this book was good. Although, it is for younger children who like [Valuetales](#) , the rare series that not only teaches values to children, but also tells stories that actually happened.

---

### **C.G. Fewston says**

I read this book when I was a kid and remember it fondly, and will have to revisit it with my children.

---

### **Acton says**

This book is about a boy who wanted to play sports. He was alive from 1919 to 1972 and he was black. At

the time, African Americans were not allowed to play baseball in the Big Leagues. This true story tells about a man who changes sport's history. This was a very good book.
