## The Way We Love Anne Mercier

From the moment she stepped in the elevator, she had my attention.

Her sass turned attention to attraction.

The more I got to know her, the more I wanted her.

Then want turned into love.

I never knew this kind of happiness.

I never thought I'd find it.

But I have.

Olivia Brennan is the one I never thought I'd find.

But it turns out, true love always finds the way.
