Now the eleventh god is here, it's time to party. You're invited. Everyone's invited. We can sleep when we're dead—but when you'll be dead within two years, you may as well turn up in your pyjamas. After seven issues of egomaniacs, it's time for an issue where the crowd is the star.

4.5-4.8 This issue was really good, but I wanted more. The design was absolutely amazing (as always). I just can't even with this comic.

Woah those party scenes were so trippy and looked so fun, i loved the use of colors (flawless art once again) and the presence of most of the gods. panels in this issue were trippy as hell during the party scenes. i'm truly getting attached to dear old Laura, i really want her to discover some hidden powers, and damn Baal with that ending, i like you man. Dionysus is soo interesting, he intrigues me and i like him. I feel us getting closer and closer to the truth, we're still very far away but i feel the distance slowly getting shorter, meanwhile the buildup and the curiosity are killing me. i love this

I want to party like a Dionysus party.

Woah the panels in this issue were trippy as hell during the party scenes. All those colors. The art is just once again flawless to me.

I'm really liking the build up of the story, and I'm falling hard for Laura's character. I want to see her succeed in finding the truth, and I really really want her to discover some fun little gifts of her own.

I definitely still have no clue on the "whodunnit" aspect of the story, but I'm loving just reading and following Laura and the gods' journeys.

Also, I reallly want to go to one of these parties. Looks like it'd be fun as fuck.

The dance-club scenes were artfully done & I even put on some EDM to get me into a mindset for reading haha

## **Valeska says**

I want something new to happen. I adore The Wicked + The Divine, but I would really like to see more dialogue and less dancing.

3 Stars, Borrow it

Self Purchase, Comixology

Laura and Cassandra go to a party to investigate (possibly Lucifer's murder?).. Laura gets high from one of the Gods. What happens after that I'm not entirely sure. I'm not liking this story arc as much as I did the first one but will continue to read the series. I still really love Laura's character and I love the pagany gods. Just wish this arc was less confusing!! Also, the art is super weird but it definitely portrays the party scene accurately and it doesn't last entire issue.

Description (Comixology): Now the eleventh god is here, it's time to party. You're invited. Everyone's invited. ## **Ithil says**

De nuevo otra fiesta. Me da la sensación de que usan la misma dinámica una y otra vez, pero que lo que es la trama avanza a cuentagotas.

Es cierto que las escenas de las fiestas y los bailes me parecen visualmente muy chulas. Con unos colores muy brillantes y muy acorde con la idea de fiesta, drogas y frenesí. Pero al fin y al cabo da la sensación de "más de lo mismo."

*"In two years, I'll be gone. Even if they forget the details... they'll remember being happy for a night. That's not a small thing to make each other's lives better."*

### **Tomb says**

The layout and art in this one captures the exact same feelings I get when I'm on the dance floor at raves. Following a beat that feels like it was meant for everyone and a single person at the same time. And the sudden silence during the drop.

Stylish, stellar and out-of-the box. Just the way I like my Kieron Gillens and Jamie McKelvie"s.

so confused by everything that happened in this issue

### **Samantha says**

Just re-read Volume 2 and needed to record it for this year. Still loved it just as much as the first read through and this issue was probably my favorite.

---

### **Kawtar Tamir says**

Although the plot seems slow paced, I like how colorful this issue is.

### **Becky says**

Audible "oh no" as I turned the page and discovered I was at the end of the last issue in print so far. I am so crushed to have to wait for more of this story but so geeked to be along for the ride, and to be joining the great fan experience with other unseen fellow readers.
