Muy basico, dice cosas que ya sabemos, pero aun asi está bien recordar. Hubiera hecho como un resumen de las 10 reglas, termina en el ultimo y ya, sin juntar a todas las reglas.

Hung Nguyen says

A great book for someone who is still looking for purposes in their life. The instruction is quite clear. Easy to

read. It's just the stories are somewhat short and not inspiring enough.

Ali says

Although I find most self-help books a hoax, this one really hit a nerve with me. Mainly because it did not list rules for general success but emphasized that we all have our own versions of what success is and it is important to realize fulfillment will make you a whole lot happier in the long run than fame and fortune.
