## **Mahabharata: The Eternal Quest** Andy Fraenkel

The foreboding age of Kali approaches. A troubled dynasty hovers on the brink of destruction. Celestials, warriors, demons, and mystics struggle for control of the Earth. An epic story that has endured for millennia, Mahabharata reflects the passions and longings of the human spirit.

“Fraenkel maneuvers through the story’s monumental terrain with ease. His powerful narrative captivates and sustains the reader.” Kevin Cordi, PhD, Professor, Ohio Dominican U.

“A wonderful, rich narrative! . . . I see Andy Fraenkel’s long career of storytelling at work on every page.” Dr. Robert Rosenthal, Philosophy Chair, Hanover College

“The Mahabharata, even though thousands of years old, offers us visceral and uncanny insights into our age.” Gail N. Herman, PhD, Storyteller, Professor, Educational Consultant

“Both entertaining and erudite, Andy Fraenkel’s rendering of the ancient Sanskrit epic delivers a text that is readily accessible to the layperson and refreshingly insightful to the scholar. A delight to read – and ponder over.” Greg Emery, PhD, Director, Global Leadership Center, Ohio University

### **Andy Fraenkel says**

I'm reviewing my own book here. Actually, I love the way it reads. It's refreshing and straight forward. Four stars because I'm trying to be objective. I started working on the manuscript around 2000. Since I don't read Sanskrit my primary source was Kisari Mohan Ganguli's monumental, first ever, complete English translation, taking 13 years and completed in 1896. The text can be viewed at

[http://www.sacred-texts.com/hin/maha/...](http://www.sacred-texts.com/hin/maha/) - I personally have the 12 volume version. It's also available now in four massive volumes. Over 25 years ago a theater compatriot and myself worked the Mahabharata as a two man, two hour staged drama where we each played several roles, including that of storytellers moving the story along. Later I included Mahabharata in my repertoire of solo dramatic storytelling I offer professionally. In 2001, after seeing the first part of The Lord of the Rings, I saw the full potential of Mahabharata and that it could authentically be pulled off as an epic film. Thus the intent of my own rendition was twofold: delivering the story as good literature and as the basis for a great film. See what scholars across the country are saying at [www.Mahabharata-Project.com](http://www.Mahabharata-Project.com) In November look for a special offer at this site.

### **Krishna Bhavana says**

My name is Krishna Bhavana aka Mr. Wisdom and I run a spiritual center in the middle of South Central Los Angeles. Thank you for writing this wonderful book. It has brought together the puzzle pieces of my spiritual education and made it complete. Please accept my hearty congratulations for a truly enjoyable effort. You are a gifted storyteller. AGTSP!
