## O Christmas Three Suzan Butler , S.M. Butler

Garrett and Brianna Zane have the perfect marriage on the surface. They share everything from love to their wildest sexual desires with ease. So when Brianna confesses she wants a threesome with his best friend Leobardo Vasquez, it awakens feelings Garrett has long tried to forget.

But the smoldering attraction between Leo and Brianna is hard to deny and even harder to dismiss when it's all he can think about, especially when the three are trapped together in Leo's cabin during a snowstorm. Seducing Leo will test their relationship, reveal old secrets, and maybe tear them apart. While there may be room for Leo in bed, there may not be room for a third in their marriage.

## From Reader Review O Christmas Three for online ebook

### **Katbyrdie says**

This was cracktastic. I wish there was more dialogue because I loved her characters and their story. The sex was great, I admit. I wish we got to read more about how everything developed. There were points missed in the relationship discussion, but I was happy with how it went for being a short, erotic story.

2 Stars

So much about this bothered me from the stilted, repetitive writing to the awkward phrasing and irritating generalizations/stereotypes/misconceptions...like, remarking on the guys' "bisexual tendencies," the FMC asking why couldn't she have become a lesbian (uh, because she wasn't born that way?) and the hockey player MC saying that since he was a public figure it wouldn't be possible to be seen as gay. If he'd worried about it in some sort of dilemma over a morality clause, losing his sponsors or risking a trade then okay, I can see that; but none of these consequences were mentioned. Instead, it read like an embarrassing secret he couldn't risk exposing. No, that would be the menage relationship (which he did fret over, but it felt more like a fear he'd ruin their marriage than exposure to public scrutiny).

So, yeah.

And the sex wasn't even all that hot. It could have been the sex scenes from any generic MF title...and even the MM was boring. I skimmed the DP scene since there was nothing hot, inventive, or even remotely romantic about it to grab my interest. Plus there was some weird pregnancy sub-plot that was mentioned twice in reference to condom-usage. (Okay, makes sense when it comes to the third since he's not all up for that, but why does the married couple keep using them? Well, except for The Big Sex Scene where *no one* does, for anything.) By the end I couldn't even care whether they made their menage a permanent arrangement.

Thank fuck the husband cleared up the incorrect "isosceles triangle" term usage, though. OMG I wanted to stab a spork in my eye every time the wife said that in reference to a triangle with equal sides and angles.

Really good story need to check out more of her books

---

### **Maria Rose says**

This steamy menage story tells of the romance between Garrett, Brianna and Leo. Garrett and Brianna have

been married 10 years and want to bring Leo into their relationship, if he'll have them. On the surface this is a story of a married couple wanting a bit of play with a friend, but it quickly becomes evident that there is a tangled web of secrets and emotions that underscores their interactions. I liked how all points of view were explored and while there is no doubt it's a steamy read, there is a three way romance that is at the heart of the story. 4 stars!

---

### **Jody says**

Ménage stories are always a bit hard to believe with three people coming together and not having jealousy issues. Ms. Butler addresses those very real issues and creates a sense of believability to make this an immensely satisfying story featuring three very likable people.

Hockey player Leo and Garrett used to share women, and each other, over ten years ago until Leo's worry over the world finding out about his love for Garrett had him leaving. Garrett moved on with Brianna but after ten years of marriage both realize that there's something missing. A Christmas vacation with Leo leads to emotional truths that no one can hide behind any longer where each participant has to put aside worries about what others think and accept that nothing is more important than love in whatever form it occurs.

Ms. Butler created a super steamy story that flowed along nicely giving equal time to each person and each of their sexual encounters. The encounters between Leo and Garrett were just as loving and combustible as those between Bri and Garrett and Bri and Leo. These scenes were sweat-inducing and had this reader reaching for water. While these scenes took up a large part of the story there was still ample time spent on addressing and resolving feelings of jealousy each partner felt at one point or another throughout the story. The resolution of these feelings seemed simplistic and occurred late in the story so felt a bit rushed but was no less satisfying.

Those who enjoy f/m stories as well as m/m stories will find this short story to be everything they're looking for. There's good character interaction and sweaty and erotic sexual encounters that put an interesting spin on the Christmas carol this story is named after and will leave you with many naughty dreams just in time for Christmas.

### **Wendy says**

Hot Hot Hot. Wasn't sure if I would enjoy this book and I was pleasantly surprised. Good gread.

---

### **Hbeebti says**

This book was a yummy treat. It had a good storyline and was seriously HOT. I would have given it five stars if there was an epilogue like maybe a year later would have been great.

---

## **Tonileg says**

Garrett and Brianna Zane are celebrating their ten year marriage anniversary with a threesome. Unconventional at the very least, but clearly they both have been thinking about it for some time. I wasn't sold on the plot of this erotica story about a loving married couple and the husband's best friend (and ex-lover) as believable, but then I had to remind myself that this is romance which is not always based on reality.

Brianna is smart and fills in the blanks quickly once she figures out that there is something more than friendship between her husband, Garrett and his best friend Leobardo Vasquez 'Leo' who is a pro-hockey player. Leo has to consider the social and work ramifications of living in a threesome longterm and it didn't seem to affect Garrett or Brianna in the same way so of course the dude is more than a little reticent! This all goes down during the week around Christmas.

Lots of sexy time of every sort if you want to read about that sort of thing, not much plot nor mystery which I prefer in my reading so I can't give this more than 2 stars.

## **Adrian Smith says**

Great read! Pacing was wonderful as was delving into the emotions that any type of relationship will have.

Also, tons of snow and multi-colored lights equal bonus points!

---

## **Christi Snow says**

This book was so good! A+ all the way. My full review will be up on the 16th.

My Review:

This book was so good. I promise you that I will be re-reading it before the Christmas season was over...yes, it was that good! I feel like the book description above is a tiny bit misleading. Brianna and Garrett have been married for ten years and they have a great marriage. There are NO issues between them, but some late night fantasy talk and some observances by Brianna of her husband with his best friend Leo have led them to this holiday. They are headed to Leo's cabin in the woods to seduce him into participating in a threesome with them.

Brianna suspects that there is more between these two guys...she just has no idea what all that involved before her husband met her. But then Garrett met her and Leo was drafted into the NHL and that relationship was gone. There was never a hint of it again. Brianna thinks it needs to be revived...for her husband...and for her...and for the guy that they both care so much about.

There's a LOT of emotion to this book. Everyone skirts around the issues for a while, just trying to feel it all out, but it's there and the tension is incredible. For Leo, he knows this is only for a few days and then his heart is going to be shattered. There's no doubt that Garrett and Brianna are a unit and he's the one on the outside looking in. I liked the way that Brianna and Garrett worked together to get through to him. I love that even when there are niggles of doubt for both of them, their commitment to each other is never in question.

The best scenes in this book are most definitely when there are only two in it at a time whether it was Leo and Garrett, Leo and Brianna, or Brianna and Garrett. All three of these people love each other desperately and that comes across the page so gorgeously.

Everything about it was just perfect and it's definitely at the top of my holiday reading this year. If you like erotica, if you like menage, if you like m/m, if you like holiday books....you NEED to pick up this book! I LOVED IT! I really would love it if there was a follow-up book to this one. I'd love to see the three of them later in life, especially knowing that there were talks about a baby in the future.

### **Lenna Wright-Berry says**

It was good, but not really have a HEA unless do I have to read about them in the other parts of the series? Sex was hot (m/f, m/f/m, m/m/f, m/m) but the appearing of condoms after the fact was never 'put on' before hand, weird! There were very touching heartfelt moments.

---

### **Jane says**

Is it too much to expect the writer and editor of a published book to know how to punctuate dialog correctly?

Apparently so.

"We won't know until we try." Brianna whispered.

Like that. All the way through. Not to mention a frankly unbelievable amount of orgasms.

Gah. I'm cranky, but correct grammar should matter to a writer. It matters to me as a reader.

---

### **Lizzie says**

I had a hard time following certain scenes in this book. Condoms appeared out of nowhere and one guy sucked another one off after he'd just been in his ass (ewwwwwwww). Leo was so wishy washy. This book should have been much shorter. Some of the sex was hot, but I had to give this one 2 stars.

---

### **Rebecca (everyday reader) says**

A married couple (Brianna and Garrett) go to his best friend's cabin to spend Christmas. They want a

permanent three-way relationship and it doesn't take long for Leo to agree, since they're all in love with each other. Good read!!

---

### **Barbi says**

Wasn't sure what to think about this book. The ménage was a bit far fetched. There was a lot of convincing involved that seemed rushed. As a hockey romance, I wish it included more hockey.

---
