## **Real Housewives of Section 8** Markita Hall

Who wouldn't want to live rent free? Well, one thing is for certain, these ladies give a new meaning to the phrase "public assistance" as they assist themselves to everything hood life has to offer them in the sultry streets of Chi-Town. With households to maintain, families to take care of, and men to seduce it's a wonder how these ladies find time to piece together a scheme of all schemes to put them in a position of power. But when the real mastermind flips the script on the ladies, it will risk their lives and test their friendship...THE REAL HOUSEWIVES OF SECTION 8

### **Serena says**

This started off really good and then somewhere along the way I was "confruzed". Trent was called Trae a few times which made me confused...lots of new people were added at the end and I had to keep going back like "who is this again?" I'm mad at whoever spell checked for the author, Markita don't let them do it on your next book. I'm also mad at how this ended, it was really abrupt...I know there is probably a part two out or coming but the way it ended...I don't know. There seemed to be too much going on but I did enjoy a lot of parts, just not enough to buy part 2. Kudos to the author on getting my coins.

---

### **Cre says**

I was waiting for this book for the longest and wasn't disappointed. The book was very good with little errors. These girls were just going ham over a no good night. Why? They should want a man to take care of them not the other way around. Theresa and Fletcher had it going on they were the ones who made the book. I can't wait to see what Lance is going to do. Can't wait for part two.

---

### **Gloria Smith says**

#### **Could have been better.....**

The story had the ability to be really good, but, the author had a lot of characters and their stories got off track. There were problems with the editing of the book. The author missed it quite a few times on details of the characters. The ending was abrupt, you are reading then you are not. If you plan on a cliffhanger, then ease into it don't just stop writing....

---

### **Toya Merritt says**

This was a good book. I gave it 4 stars because it has some errors but a great storyline!! Overall I think Markita Hall did a good job. It needs to be a part 2 so I can see who is behind the unknown texts & who posted the pictures and videos on Facebook & Instagram!!!

---

### **DENISE says**

#### **It's an ok read**

It has a good plot. Gave it a 4 because it's more of the same sex, drugs and violence. Another to be continued book. The title really has little to do with the plot since in my opinion not all section 8 housewives behave like this. In my own personal opinion I find it degrading and disrespectful.

---

## **Shoulanda August says**

### **It could have been better**

It started off good but then the storyline went all over the place. I was following the plot but got lost with so many different characters and not knowing what was really going on. I rated it three stars but I gave it too much credit

---

## **rochelle pettrie says**

I enjoyed this read, I really liked the relationship Raven n Theresa had, Theresa was a down ass friend, The chicks in this story was something else and that damn Babyface was off the chain, he posses me off with what he did to Raven after all the shit she dealt with messing with his stank ass,I don't wanna tell the story so I'm just gonna say I was a great read

---

## **Deshawn French says**

### **BB BOOKCLUB REVIEW**

The overall story was good, however my reason for 3stars is the ? was his name Trent or Trae? That error appeared in the book on several occasions.

---

## **Kellee says**

This book was absolutely ridiculous!

In the beginning, I was really into the book. It was a true page-turner and I didn't want to put it down. There were a few errors here and there, but I was so into the book that I was able to overlook them.

About 50% through the book, it got horrible and annoying. It was all over the place. One of the things that annoyed me the most was the lack of research done when it came to speaking about medical issues and law enforcement. During that chapter, I was so angry about the lack of research that I almost threw my kindle.

After that, the book became completely unrealistic. I understand it's fiction, but come on now. At a certain point, a line needs to be drawn.

I was originally planning on giving the book 2 stars, but the error that occurred repeatedly at the end was the final straw. One of the character's name changed. I'm not sure if the author wrote the book and later decided to go back and change the name, but forgot to go back to the end to change it or what. I noticed in the beginning that character was called a different name one time and I was a little confused but shrugged it off as an error. At the end, he was referred to that all the time.

There were also 2 characters mentioned in the beginning once that had no part of the story at all. Not even dialogue.

I guess there's a sequel, but I won't be reading that.

### **Antoinette says**

#### **WOW!!!!Markita**

I gave this book a five because this book was so good can't wait for book 2 to come out. This my first time reading ur work I will continue to read your work just keep up the good work. I love the drama and action, deceit.

---

### **Courtney Lawson says**

#### **Well well well**

ok this story was good. I wanted to kill some people in this story but other then that it was great. there was so many twist and turns and most of it I didn't see coming. I have so many unanswered questions I can't wait to read the next part

---

### **Cynthia Carter says**

#### **Excellent read**

The storyline grabs your attention right away. Definitely a page Turner,the suspense keeps you going and turning the pages. I would definitely read the follow up coming next.

---

### **Marla Adams says**

#### **I Need Part 2**

This was a great read. Lots of twists, turns and much drama. Definitely a read that will hold your attention from beginning to end. Great Job Markita!!!!

---

### **Dana McLeod says**

#### **Interesting**

I enjoyed the book but there were a some editing issues. Names were being mixed up but not so much that I

couldn't follow. I will read part 2 tho, interested on knowing how this plays out.

---

**Tonikia says**

**CONFUSING BUT SOME POTENTIAL....**

The book is all over the place, Trent being called Trae was confusing, the plot got good at the end at like 80% of the book. If this book is the Author first book, then she had room to grow and possibly become a GREAT AUTHOR!!!
