Ride to Chaos

Selene Chardou

Ride to Chaos Selene Chardou

Welcome to Northern Nevada. The scenery is idyllic, the people are friendly and the outlaws rule the Tri-City area between Reno, Carson City, and Lake Tahoe with an iron fist. The path to Hell is paved with good intentions, and so are the highways where Lucifer's Saints, Demon's Bastards and White Knights call the shots.

Club life is what Trey Lennon lives for and all he's known his adult life. As Sergeant at Arms for the Lucifer's Saints Motorcycle Club, his whole world changed when he lost the love of his life and his former status with the Demon's Bastards MC. Secrets continue to disrupt him from getting his life back on track but none bigger than the one a certain fiery haired attorney reveals...

Kyra Hughes is no stranger to the MC life. As the daughter of Jonesy Hughes, President of the Demon's Bastards, she works on the right side of the law defending the outlaws who only desire freedom to live life their way. When a new client puts her in the middle of a RICO investigation, she's forced to drag the one man she's always wanted to make her own into a mess that could blow up in both their faces.

This is Trey and Kyra's story of destruction, pain and an enduring love that will touch every corner of their lives. It's far from perfect but neither is life so proceed with caution.

WARNING: The Rough Riders Series should be read in order to follow the overall story arc. This novel contains adult situations, explicit language and violence.

Amanda says

I came across the first book in this series by random when it was included in a biker box-set and was immediately hooked. There is just something about the way Selene writes her stories that has me falling in love with them. You become engrossed into the story and you can't help it. I have read a TON of MC books and this book definitely surpassed my expectations. It even blew the first book out of the water(Sorry Cillian). It has quickly become one of my top MC favorites. I'm excited to see what she has in store for the rest of the series. :)

Eye Candy Bookstore says

The story line was good with a lot of detailing, I did get confused on one or two occasions as to where they were located at the time.

I liked the connection between Trey and Kyra. It was clear to see they were meant to be. There is a lot of gritty events in this book and will keep you thinking throughout.

4 stars

Renee W. Tyler, Battery Operated Book Blog says

"One chance, baby. Don't break my heart and don't cheat on me. I know it's not a simple request and I understand I'm asking the impossible but I have to be able to trust you."

"Done, I don't need anyone else when I got you babe. Don't want no one else either. You're it, you're the one."

If you have read any of Selene Chardou's novel's before you know she writes her bikers to love like the ride...HARD. Trey is no different, when he falls for a woman he goes all in. Well as we know he lost Keri and that has just about destroyed him, but he finally sees the light and focuses in on what his future can hold. He is home and starting to settle in as being a Saint, being with his "family", and dealing with things as they are now.

Kyra has had a long time "crush" or "desire" for Trey for as long as she can remember. Her father told them both to stay away from each other and being the Pres. of the Bastards Trey had always followed orders, but now he was a saint. Could things between them work, maybe, but what would she lose if she was to act on those thoughts?

When a new client approaches Kyra and contracts her legal services, she is surprised to find that the person

she is to find, locate, and bring to meet her client is none other than Trey. This meeting is the catalyst that sets everything else into motion and the two find themselves in a position to where they have to figure out whether to act on the feelings they have avoided for so long, and if so then what will the future hold for them.

The Rough Riders series introduced me into MC Romance and kicked off my love for bikers. Being one who had several real life friends who were bikers, I found myself more drawn to these hard core men even easier, but with the stories written they way they are even if you have never met a biker, you will love them anyway. Dirty Naked love allowed me to see the true Trey and see that he is a very complex person... add in Kyra and the fire between the two is smoking. Not only does this book give us the steamy sex that we all love and look for, it also adds in the mix of loss, great friendship, loyalty, trust, and all out unconditional love that makes the book complete. If you don't read it you truly are missing out on a fantastic story. This book as well as the others in the series will take you on a ride that will have you wanting more from this group who grabs ahold of life and hangs on. There are a few things in here that I have to admit threw me for a surprise, but in the scheme of things actually allowed for the book to come together even better. I can say that I can't wait for the next book to see where the club ends up next. Until then I will have to continue my dreams of finding my uber sexy biker man, who is both hard and soft, and can rock my world in true BOBB fashion... to wishes and dreams...

Sassy Southern says

Naked Dirty Love is about a hot biker named Trey Lennon. Trey has seen a lifetime's worth of tragedy. He is in search of himself.

After losing his love and unborn child, he returns back to the US and changes Motorcycle clubs. When he comes back he meets up with his friend and real true love Kyra Hughes.

Unfortunately Kyra is the daughter of the president of the MC Trey left. Even though everything is against them, they decide to follow their hearts.

The life in a MC is a constant danger and these two are stuck in the middle.

The story-line was interesting and had a lot of twists. This couple was really likable and realistic. Great book!

Ashley Hampton says

This is another good MC read. You need to read book 1 in the series for this book to make sense. The details and character arcs carry through from book 1 to 2 without lapses or problems. As I said in the book 1 review,

if you like Sons of Anarchy, you'll like this book. I thought there were interesting twists in the story that were unexpected, which made this book enjoyable for me. I think it's an easy read that will consume you quickly.

Hot Reading Mom says

Loved it!

Ashley Martinez (ilovebooksandstuffblog) says

I received this book from the author and Paranormal Romance and Authors That Rock.

Naked Dirty Love is book 2 in the Rough Riders Series. It can be read as a stand alone but it would be best if read after the first book to understand the characters and their history more.

Kyra is a law attorney and the daughter of one of the three controlling motorcycle clubs. Her father is the president of the Demon's Bastards. Trey was previously a Demon's Bastard until he found out he was the son of a rival Motorcycle Club's president. Now Trey must cope with leaving one family behind and moving to another. Lucifer's Saints is where Kyra's best friend and partner has married into and now with Trey in the club, she has to decide if he's worth the risk of her heart and family. Kyra and Trey always held a flame for one another but never acted on it. With the rival gangs thrown into the mix Kyra and Trey must decide which side they're on and who has their ultimate loyalty. Decisions will be made, consequence will be felt and not everyone will come out unscathed.

If you enjoyed the first book then you will certainly enjoy this new addition. It was hard to get into for me and it wasn't until about the middle that it started to get interesting. The characters had a past friendship and ended up jumping into a romantic relationship. For me their love/romance was a little too quick.

Again we are presented with a look at the dirty and crude side of things, both in their love and lives. I enjoyed where the story led to and the twists presented. The characters were real and flawed dealing with everyday issues of their own and then some.

I would recommend this book for new adult fans who enjoy motorcycle bad boys. This story takes an unconventional approach that most books don't.

I would rate this 3.5 fangs.

JadeShea says

Naked Dirty Love begins with Trey starting his life over after losing pretty much everything. His girlfriend died, and so did his mother, father, and brother... Or so he thinks. Once he thinks his life is back on track he starts to learn a whole lot more especially from his new "father" Dizzy in his new club. Then she comes along. Kyra is the daughter to Trey's old club's president, so she is majorly off limits. But the problem is these two have always had feelings for each other but weren't able to act on them due to her father... Now though things are changing, and the tension is rising... We just have to sit back and wait to see what these two decide to do..

This book was okay. It wasn't great, but not bad either. I really liked the plot line for the most part, even though in the beginning I had a really hard time figure out what the heck was going on because I kept getting

confused about who was dead, and who wasn't. I'm pretty sure that was my issue though, and not the writers. The only things I really didn't like about the book that made my rating lower was Kyra. She drove me nuts. I just found her oddly annoying, and a tiny bit selfish. Then there was the fact that they just jumped into a relationship with out any build up at all, so it made it seem like there emotions weren't in it at all, and not expressed very well either. Other than that I did enjoy the book.

Shauna Casey says

Great book! Another MC hit! I liked Book 1, but thought it was a bit all over the place and needed some tweaking in the execution. Ms. Chardou more than made up for it in Naked Dirty Love. Kyra and Trey are forbidden lovers as in the MC social class system, Kyra is supposed to be off limits. After Trey loses everything and I mean heartbreakingly everything and changes club there is Kyra who he had history with. Without giving away major spoilers or too much of the storyline; I will say the story develops very well and you won't be able to put it down. Trey will capture your heart and become a lead book boyfriend! Give Ms. Chardou a chance you will not be disappointed!

~Shauna~

Gloria Herrera for As You Wish Reviews says

The Motorcycle Club life continues to evolve in this second book. We now get a look at Trey's and Kyra's courtship and romance.

Also their romance evolves in this novel, the main focus of the book remains on the interaction between MC clubs and the inevitable interaction with the Feds, DEA and ATF agencies. The excitement of the inner fighting, hits, and devious dealings make for a very interesting novel/

A lot happens in this novel. Well written, our characters continue to surprise us with their secrets and insights into their past.

Tracy Velemirovich says

I loved the book. It can be hard to follow with all the different characters and stories but I like all the activity. Doesn't give you time to be bored. I hope that Kyra and Trey can hold on with all that seems to be going on. I hope that they keep honest with each other and I can't wait to see them in other stories. Loved that Cillian and Gisela were in this story also. It was great to see where they had progressed to. Great job!

Stephanie Beasley says

Great book

Loving this series. I recommend this series and the Author. The story just pulls you in. Can't wait to read

more of this series.

Lisa Rockin' Between The Sheets Reviews says

My 5 Star Review of Ride To Chaos By Selene Chardou

I REALLY enjoyed this book. Is it possible to improve on the series opening book??? Hell YES! Book Two is better and Trey Lennon is definately a panty melter!

Recovering from the loss of his girlfriend, Trey isn't looking for love. He wants a nameless screw and a bottle to keep him warm at night. He grew up a Demon's Bastard, and he loved his club. Once some secrets come to light he finds himself a Lucifer's Saint. He is the Sargent in Arms and would die for his club and family. His brother Cillian "Killer" Cox is in live to become Prez and Trey will be his VP. Everything is laid out and he finds himself struggling with the loss of his love. Enter Kyra Hughes. She is the Demon's Bastards princess and has known Trey all her life. They have been off limits to each other. That didn't stop them from being attracted to one another. After all the heart wants what the heart wants.

Kyra is going through the motions because the one man that made her blood boil is now a member of a rival MC.

When an unforseen event throws these two in each others paths again sparks fly, beds burn and all hell breaks loose.

When all out war is declared, Who do you choose? Family or Love?

There is so much action, steamy Alpha Romance, and turmoil I couldn't put the book down.

I can't say how much I loved this book. You have to read it!!!

Philomena Callan Cheekypee says

This is book two in The Rough Riders Series. I enjoyed this even more than book one. Maybe it's because I loved Trey more than Cillian.

This is Trey and Kyra's story. I love these two as a couple. I really liked Trey. This is an action packed story filled with drama. I really could read it fast enough. The twists and turns had me gripped.

I really enjoyed this book and it definitely deserves a five star.
