## **Sculptor's Desire** Kerry Adrienne

Rocco Lazzaro is on a mission to find the perfect male body to sculpt. His inability to find “the one” has affected his creativity and he’s frustrated by his failure. With a Guild charity auction coming up, he’s expected to provide high quality sculptures, but the pieces he creates feel soulless.

When Devin, a yoga instructor, approaches him and offers to help, Rocco can’t quit thinking about the red-hot ginger. Devin’s New Age beliefs push Rocco away—he can’t deal with reality, much less mysticism. No auras and rainbows for Rocco—just stone and chisel and hammer.

But Devin is persistent. He knows he’s supposed to help Rocco find his muse—and he’ll stop at nothing to show him that the line between art and skin is very thin and a true muse can provide inspiration in many ways.

This story contains hot, sexy artistic scenes of M/M interaction as our sculptor goes hands on in more ways than one.

Sculptor's Desire is the second book in the Guild series by Kerry Adrienne. While this book is part of a series, it can be read and enjoyed as a standalone novel with ease.

Rocco Lazzaro is trying find the perfect male body to finish his sculpture. He is frustrated by his inability to find the right one. He is not happy with the sculpture he has created so far. Rocco comes across as a perfectionist who also loves what he does.

Devin is a yoga instructor who is the perfect fit for Rocco's sculpture. Devin has new age beliefs, which includes auras, and rainbows make him the opposite of Rocco. Devin pushes to help Rocco as the model because he needs to money to give his ex.

The connection between Devin and Rocco is blistering. They make a great couple because they are such opposites in some ways but very similar in many other ways. I think that Rocco did not pick Devin as a way to avoid his feelings for him while he coped with unfinished sculpture and his impending time line. The sex scenes were scorching.

I found this book well written with a stimulating plot. The ending is a bit predictable but it's the journey that brings Rocco and Devin together. The main characters and the secondary characters were mesmerizing. At 118 pages, this book has a well-defined beginning, middle and ending. Overall, this was a great book.
