A new sister?

So Bink has a lot of errands to get done, so many she has a list. She's at the clubhouse filling the refrigerator when Big starts blowing up his phone. When she is done she goes to his office and to her surprise there is a club white with her bits in display. Long story short, Bink had to introduce herself and her relationship to Big. Club whore left crying. Big made up for his bad behavior.

Bink finds out that company is coming & Janie with baby decide to stay with Gunz. Will Janie be a sister? This novella is short and sexy. As usual, it doesn't disappoint. Keep them comin'!

Loved this! It's always great to catch up with Bink, Big, Gunz and all the other characters and see what's going on in their world. I loved that there is some new characters coming in and that we were given a glimpse in to what's to come. I can't wait for the next book!

Love bink

I love binks and Bigs world.

We get to see some what of what their life is through out the pages of her books and like many reader's who are HUGE fans of the couple practically salivate every time Bink releases one of her books we just can't get enough.

Now these very short stories are a peak into whats going on in there world and as much as i crave a look see like any other one of Binks stalkers these short stories are seriously not enough to tie us over well for this reader anyway .lol i can't speak for the rest of the sister's although I'm sure they would agree . Lol looking forward to seeing how Gunz gets himself out of this predicament though it should be a hoot .

First can I just say I LOVE how Bink talks to the readers! As I'm reading her words I can almost see her sitting across from me telling me the latest goings on at the clubhouse. She has a very personable way of writing that draws you in and you just can't wait to read the next line.

This newest installment of M.C. Chronicles was a FANTASTIC short that gave me just enough to curb my Bink and family hunger... for now anyway. I'm really excited to learn more about the newest addition (I hate spoilers) to the clubhouse. And any little morsel I can read about Gunz is just icing on the very sexy cake!

Bink never fails

She never fails to deliver. Even in this short, which I am usually not a huge fan of, she gave me more Bink, Big and Gunz. While introducing a new element. I can't wait to see where this goes. I will definitely be tracking the shorts along with my normally scheduled stalking program. :) I'm honestly not surprised that I enjoyed her short story as she managed to get me engrossed in other types of books I never would have even thought to buy before. So thank for always doing you and pushing the envelope Bink. Can't wait to see what happens next.

Short and sweet

Always love Bink's characters! Big and Gunz are my faves so even such a short story is good. Classic Bink!

Calm down

I won't lie and say I wasn't super upset when Mc Chronicles ended. So I was so excited when I saw what Bink released yesterday! Any snip of Big and Bink I can get I'll take. This short story takes place after Christmas and shows us Bink doing what she does best taking care of the club. Loved the brief snip of Bonez and his surprise guest Janie. I can't wait to see how Janie being at the club affects everyone and what secrets she may bring out of Gunz. This was a great short story and I can't wait to see what else it brings!

Penny says

Two words when you see a new release in the MC Chronicles series.....

Gimme

Gimme

This new install gives us a new addition (actually 2) to our clubhouse. While the new visitors are making themselves comfy, Bink is showing us that she still knows how to keep the club girls in line.

Big..... you little rascal!

For such a short story, there was lots going on. I hope the next story drops soon because I need to find out what's up with Beth, Runner, Nikki, Gunz, and the two newcomers.

Yeah..... got your attention now, don't I? Better run and start reading!!!

Bink Cummings says

I did something!

I might have created this new series...

I hope ya'll who have taken a chance on it, love it!

It's in Kindle Unlimited, too.

Amazon International: mybook.to/Short

P.S. None of these will be cliffhangers. Merely a little blip into the lives... with a few little teasers that you'll find out more about in coming books (outside this series).

Love ya'll!

Sassy Short!

Yay! Bink & Big are back! This is a quick story giving us a glimpse of a day in the life of Bink. Big's being an ass & has a good reason too. A mysterious 18 year old girl is arriving with a baby in tow to stay for a while. Bink's gets the sisters to rally for the new arrival. Mystery abounds as to who this chick is, why she's there and how come she's living with Gunz? Our favorite Bonez makes a quick appearance too. Bink has given us just enough to whet our appetite for more with this one as usual. She always leaves us wanting more! Thanks Bink!

Sheri says

What a surprise!

A short featuring Big and Bink, our favorite couple from the Sacred Sinners MC. I love catching up on what's happening in the SS clubhouse.

The cover...gorgeous!

Big (my Book Boyfriend! You know you have one too!) is still his grouchy old self and Bink still deals with it in her sassy, no-crap-taking way.

And Janine? Who is she? Guess we'll have to wait to find out!

It might be a short read but it sets us up for the next book.

I, for one, can't wait.

Just Josie says

The instantaneous joy reading this short novella brings is so high, Mount Everest got nothing on it!

Bink Cummings is an all-time favorite author of mine. Her story about Bink and Big is a couple, I treasure highly, and anything remotely related to them I will for sure read!

I guess I need it like one needs air?????

Pretty amazing how such a short story can leave me dying to know what's will happen next!

Pretty darn rude Bink!

Yay!! A new story about Bink, Big and his MC and merry men.

I devoured this short story, read it cover to cover in one sitting and simply couldn't put it down. And now I'm sitting here and asking me who's Janie?? Why do I know nothing about her, and why does the author so mercilessly teases me ??

I loved, loved, loved this story, the excellent writing and the characters - Go Girl !!

I can't wait to read the next story in this spin - off who takes place after Volume 5 in the MC Chronicles and wish I could give more than 5++ Stars.

Jennifer Finn says

This is the first short story in The Diary of Bink Cummings by Bink Cummings. This short story takes place after the MC Chronicles Christmas novella.

The holidays are over and Big was doing fine until five days ago and now he's being an ass and everyone can feel it. After working her magic on him he finally tells Bink what's going on. The club is about to have a visitor and Big doesn't seem too happy about it but it's the best place for her to be. The visitor is eighteen year old single mother Janie and her infant son Domenico who arrive with a special escort. The biggest surprise is Janie and Dom will be staying with Gunz which should be a hoot.
