Unspoken Words H.P. Davenport

Camryn Townsend and Jamieson Banks have been the best of friends forever. Every important memory includes the other. From learning to play catch and first kisses, high school dances and college acceptances, they've always been there for one another. Without realizing it, the love they've always felt for one another evolves into something more. But when Camryn moves across country, they leave the words that could risk their lifelong friendship unspoken.

Life goes on, and years go by before work brings Camryn back home. Opportunity smiles on them and both realize this may be their only chance. A chance for two friends to make new memories, and risk what they've always had to discover a love beyond their imaginations. To have everything their heart desires. But when the unthinkable happens, it threatens to shatter the delicate new connections Jamie and Camryn have made.

When two lifelong friends are put to the test, can they come out on the other side as lifelong partners ... or will those words forever remain unspoken?

Editorial Reviews

"Beautifully written, emotional and so realistic. I loved it."

~ Katy Evans, New York Times and USA Today bestselling author

"H.P. Davenport delivers a beautiful, heart-warming, friends to lovers story in her debut novel, *Unspoken Words*, with a touch of suspense that causes you to tear through the pages."

~ Michelle Lynn, USA Today bestselling author

"Camryn and Jamieson's story will take up a part of my heart forever. H.P. Davenport weaves her words into gallant emotion that literally pours off every page and straight into your soul. I laughed out loud, winced and cried and grew to love not only these two characters, but the whole cast, within moments of opening this book. This love story will raise the bar for every one you read after it. Stunning."

~ Michelle Kemper Brownlow, Author

"This is the debut book of H.P. Davenport. And I have to say she really knows how to pull out the emotional roller coaster for her first book! This book has it all. Swoon worthy moments, hot mess moments, and moments where you cannot put the book down because you need to know what is going to happen next."

~ Karrie, Panty Dropping Book Blog

"H.P. Davenport has taken my heart on a rollercoaster ride of emotions."

~ Tami, The Book Enthusiast

Laura ~Swoon Worthy Books~ says

Unspoken Words is Davenports debut novel and for the most part she did a great job at telling the story of best friends who become more. I will admit that I struggled with this one. I had a hard time staying connected in the first half, I felt that it moved a little too slow for my liking, even though the characters were entertaining. Overall it is a decent story, told in dual POV, which I am a sucker for.

Camryn Townsend and Jamie Banks have been best friends forever. Now as adults they are realizing that the feelings that they have for one another run deeper than just friends. Both are hesitant to tell the other how they feel, for fear of rejection. When Cami returns home to the east coast to work for the next several months Jamie vows to finally come clean and make her his girl. But when tragedy strikes, will they both be strong enough to pull through and fight for a future together that they so desperately want or will the darkness and depression be too much for Cami to bear?

I really liked Cami's character, she was head strong and independent. She went after what she wanted and worked hard for what she had. We also get to see her so broken and beat down that she isn't sure she can climb out of the heavy fog that surrounds her. Then she digs deep and realizes that she is bigger than what has happened and that she deserves to be happy and to create a future that she wants for herself.

Jamie's character I was on the fence about for nearly the entire book. I am so used to the take charge alpha that he came across almost too sweet and mushy for me. I loved that he was in a band and worked in the music industry, and that he had worked hard to get where he was in life. I just felt that his conversations with himself about Cami at times were too sweet and sappy. Like he was a love sick puppy so to speak. The one thing that I have to give him props for is the fact that he is always there for Cami when she needed him. Even in her darkest days he didn't allow her to push him away. He stuck with her, showing her how much she truly meant to him and the lengths he would go to to protect her.

Overall Unspoken Words is a good debut novel by new Indie Author H.P. Davenport. With a good supporting cast of characters, that take care of each other like family, you can't go wrong with this sweet romance. It takes you on a roller coaster ride of emotions and touches on sensitive subject matter. I look forward to reading the next book in the series and seeing where Lincoln and Morgan end up.

Amy says

Unspoken Words
H. P. Davenport
5 stars

Note: There is violence against a female character in this book. If you have triggers with this please do not click.

From the Prologue on you will be hooked. What a fantastic debut novel. The characters are well written and I love the fact that we get full insight to each of their lives from word go. This series is going to be a good one.

Jamieson Banks (Jamie) and Cami have been best friends forever. Not only is he her best friend but also her twin brothers best friend. Growing up across the street from each other Jamie spent more time in the Townsend Twins back yard than his own being he was an only child. Both kids had loving families but Jamie never felt like an only child because of the love from the family across the street. If only he could tell Cami how he felt about her now all these years later. If only she felt the same.

Camryn Townsend has loved her best friend all her life. He is everything she has ever needed or wanted. Along with her brother the boy across the street has been apart of her and will be a part of her forever. Her job has finally brought her back home for a few months. Maybe now is the time to confess her feelings but what if Jamie doesn't feel the same.

Both finding the courage and just about when you think maybe their stories will take the turn you want tragedy hits hard. Cami will never be the same. Her once perfect world is shattered. Can these two beautiful people find their way back to each other or is all lost?

Im telling you this is a tear jerker. The story is so well written you will feel your heart being pulled right along with the devastation on the pages. You also get the background on numerous secondary characters that Im sure we will see down the road. There is Lincoln, Morgan, Christian, Karsen and all of Jamie's bandmates. Hang on friends because there are more stories to be told and Im for one am ready! You will be blown away when the truth behind the tragedy is revealed.

Next up: Unspoken Promises in the Fall - Lincoln and Morgans story.

Thank you H.P. for the ARC! Review to post to Ramblings From Beneath The Sheets.

Tami Talbert says

Unspoken Words is an excellent debut novel from H.P. Davenport and is a great beginning to her Unspoken Love Series. To be honest when reading the book synopsis I really anticipated another best friends become lovers story like so many I have read before. But Unspoken Words is so much more than that.

Cami and Jamie have known each other for as long as they can remember and have always been best friends and nearly inseparable. As the years have passed, they have both developed an attraction and affection for the other which goes far beyond friendship. Both unsure of attempting a relationship that goes deeper for fear they could lose the friendship they share, they have chosen not to reveal their true feelings to each other. But when Cami comes home for an extended vacation, she and Jamie once again become inseparable and the intensity of their feelings escalates into something they can no longer ignore. But when a terrifying event shakes their world, Jamie does everything he can to hold on to "his girl" never faltering in his undying love for her. Will his love and persistence be enough to save Cami and lead them both to the happily ever after they both deserve and hoped they would finally find together?

Unspoken Words is not just another romance. Swoon-worthy, sizzling hot moments as well as biting your nails, OMG moments make this such a different twist on your standard romance novel. H.P. Davenport has taken my heart on a rollercoaster ride of emotions at times turning it inside out making it ache from the complexity of the plot and storyline. The resolute connection shared between Cami and Jamie despite the

difficult and challenging circumstances they have to overcome make this a very special story. In addition to Cami and Jamie, all of the supporting characters from her brother to all of their friends, were an excellent addition to the story as well. I look forward to more from H.P. Davenport and hope to see more of Cami and Jamie while she takes my heart on another journey in her Unspoken Love series.

My Girlfriend's Couch Blog says

I can't even begin to tell you how much I loved this book!!!!

Unspoken Words is H. P. Davenport's debut novel. What a way to start! Unspoken Words completely sucked me in from the blurb to the story itself.

In Unspoken Words we meet Camryn Townsend & Jamieson Banks. Cami and Jamie have been best friends since they were little kids. Although Jamie has been friends with Cami's older brother, it has been Cami that has been there for him his entire life. That is until Cami decides to go to college across the country. Work brings Cami back home and the chemistry between Jamie & Cami explodes.

"When she is here, I feel complete."

~ H.P. Davenport, Unspoken Words

There is a specific situation in Unspoken Words that was really hard for me to read. Although it was an important part of Jamie & Cami's story, it was a hard limit for me. It did not change my opinion of the book. (Sorry, no spoilers here....)

"You have been in love with my sister for years. Pull your head out of your ass and just tell her. You get one life, Jamie. Make sure you live it with the one you love. Every minute you waste is a minute you don't get to spend with my sister. Make every second count."

~ H.P. Davenport, Unspoken Words

Something that I loved about H.P. Davenport's writing was how I fell in love with the supporting characters. She set it up perfectly for the series to continue. I so cannot wait!!! I NEED the next book in my hands NOW!!! Yes, that was shouty caps. That is how much I loved this series!

"She is the reason why all of my relationships have failed. She has held my heart in her hand ever since she was a little girl. When she moved to California to go to college she took my heart with her. When she's around me, it's the only time I feel whole again. Knowing this is a struggle every day. Somehow over the years, my feelings towards her have changed from friendship to so much more. I no longer look at her as a sister or even as my best friend, I look at her as a want- to- be- lover."

~ H.P. Davenport, Unspoken Words

Congratulations H.P. Davenport on your first release. Unspoken Words left me breathless and wanting more. Thank you also for allowing me to read it prior to its release. It was fantastic. I can't wait to see what you have in store for us as this series continues.

This is the first book in the Unspoken Love Series and a debut novel from H. P. Davenport. The blurb grabbed my attention right away because I am a sucker for the whole best friends who have secretly loved each other all their lives kind of stories. I can't get enough of them and this one totally gave us that, plus a bit more.

It was overall a pretty decent read and had a good storyline but unfortunately I just had a hard time connecting with some of the characters. The first half of the book was just a bit slow for me and I had a hard time at points staying interested. The second half did pick up a little but then towards the end I struggled a bit again. I did like that it wasn't just your typical friends to lover's stories. There were ups and downs laced with uncertainty but there were also some very dark parts that I thought I saw coming but still surprised me.

Camryn and Jaime grew up together and have been best friends along with Cam's brother Christian for as long as they remember. Cam is a music journalist and Jaime is in a band along with running a company with Christian. When an assignment brings her back home for a while Jaime is determined to not let her leave again without knowing how he feels about her. His is afraid if he lets this chance to make her his for good it may just be the last chance he ever gets.

“This is what I Have been waiting for. For Cami to be mine.”

Being home again is something Cam has been waiting for. She misses her family and her friends but most of all she misses Jaime. After all she has loved him since they were kids. But does he feel the same way? Is risking their friendship worth finding out? One night and one heart stopping kiss may change everything for them.

“ I look down at her, her wide eyes staring back at me. Unspoken words pass between us.”

Just as Cam and Jaime are starting to try and navigate their newfound relationship tragedy strikes. And suddenly life as they know it doesn't make sense and it leaves Cam wondering if what they thought they had is strong enough to survive?

“ I see Jamie breaking right in front of me. I know I will never recover from this, and by the look on his face, I don't think he will either.”

As time goes on we get to see their true bond, how strong it is. Having known and loved your best friend all your life truly makes a relationship unbreakable and I really did love the bond these two characters had. I may not have had the easiest time connecting with their characters but I still enjoyed aspects of their story. I am curious to see how the next story in the series goes.

“Your fingerprints are all over my heart because you have touched me in so many ways.”

Mary Baird says

H.P. Davenport gave us an outstanding story in her debut novel and I loved this book from start to finish. Truly a heartfelt journey of Jamie and Camryn going from childhood friends to lovers. You could say they were like two peas in a pod, near inseparable. They were always there to support each other and had built their friendship based on having no secrets between them.... divulging things to each other they never shared with others. The book was very well written and the secondary characters are just so darn likeable too....my favs are Linc and Morgan.

Camryn chose to go to college at Sanford, after being offered a scholarship for a full ride instead of staying at home on the east coast....thus leaving behind her best friend Jamie. Call it an unrequited love, or certainly something beyond friendship, both reluctant to act on these feelings for fear of screwing up their friendship, even though Camryn leaving. Their Unspoken Words left them both with unresolved feelings!

After college Camryn was offered and accepted a position, which she had worked as an intern, for a music magazine is now a successful writer for them. Her twin brother, Christian, and Jaime, who are also best friends, are business partners running a recording studio. In addition to this partnership, Jamie is also the lead singer of his rock band. It's so freakin cool how music is another common thread that keeps these three besties connected.

When given the chance to go back home and work for a few months Camryn jumped at the chance. Not only would she be getting to do what she loved but she would get to see her family and most importantly, Jamie. Also on her agenda when she returned is exploring this “thing” she has for Jamie.

The funny thing is that as Camryn is questioning her feelings for Jamie; so is Jamie for Camryn. Once they both admit that there is something there beyond friendship it's finally time for them to explore these feelings. Let's just say this undeniable chemistry they have and had been dancing around is finally unleashed. Hot damn is Jamie just perfect? He totally kicked up my swoon meter.

Just as these two are finding their bliss tragedy strikes, sending Camryn into a deep dark abyss of gloom. Jamie was amazing. He stood by his girl, never giving up even when she didn't want him around. He allowed Camryn the time and space to come to terms with the tragedy while letting her set her own pace of recovery. Would Jamie and Camryn be able to overcome this tragedy? Can there be a HEA for them?

Blurb:

Two lives...as close to perfect as they can be.

Camryn Townsend has everything she's always dreamed of...an amazing family, supportive friends, and the perfect job. Everything a girl could want. Or is it? A trip back to her childhood home threatens to unravel her web of perfection.

Her problem...she's in love with her best friend and she's too scared to sacrifice their friendship for a love she's always wanted.

Jamie Banks' life is the epitome of perfection. His company is thriving, his band is on the cusp of stardom, and the girl he loves is returning home.

His problem...the girl he loves has been his best friend for as long as he can remember and he's not sure he's ready to sacrifice his best friend for a lover. Pursuing a relationship with the possibility of losing her has him second-guessing everything he knows.

Unspoken words are the only thing standing in their way.

Review:

When new authors come out with new books and hit you so profoundly, you have to wonder why it took so long to come out with the first one and share it with the world. To have one that will touch you on every level - emotional as it felt physical, like a blow to the gut, is a book to be treasured and HP Davenport's *Unspoken Words*, her debut novel, was exactly that. Having been best friends for longer than they can remember, Camryn and Jamie have always been afraid to admit their feelings for one another for fear of losing their friendship. When tragedy strikes, the two reunites once again and their opportunity to finally explore the romantic side of each other arises, showing Camryn just how much Jamie truly wants to keep her as his girl. I couldn't believe just how emotional I became when I read this book - from the reunion, the falling in love (again), to the dealing and recovering from the many different aspects that shaped and impacted the characters. The chemistry between the two is breathtaking - it felt as though they could anticipate their needs before having to say a word, which is something that I enjoyed experiencing with the two. As real and relatable Camryn and Jamie were, HP Davenport made sure that her book had a storyline that hooked you from the very beginning and kept you wanting more. There wasn't a moment that I didn't ask myself what would happen next. I have to say that I can't wait to read the next instalment in this series since this new author really started out with one heck of a bang that I hope can only get better from this point on.

*****3.5 Stars*****

We've all heard the saying that friendship is the foundation of any relationship. What happens when you realize that you want that relationship to be with none other than your best friend? In Unspoken Words, the first in the Unspoken Love Series from H.P. Davenport, that's exactly what we are presented with. A friends to lovers romance between Camryn Townsend and Jamison Banks. This is a story about love and loss, but most of all its a narrative about growth. The growth of the individual characters, their families, their relationships, and growth of them as a collective when tragedy strikes.

“Don’t worry, babe, I’ll never let you fall.”

This is a solid debut. I thoroughly enjoyed the story line, as it had me intrigued. I adored the supporting cast, as they were lovable and endearing. I loved the flashback scenes to their childhood years, as they were well done adding not only comedic moments, but also adding wonderful layers to the family/friend dynamic simultaneously. This was a great story, with a lot of feels. It is a wonderful foundation for what could possibly prove to be an incredible series. I can honestly say that I am looking forward to Unspoken Promises, Lincoln and Morgan’s story.

“Your fingerprints are all over my heart because you have touched me in so many ways.”

Donna ~ The Romance Cover says

Wow, what a debut book and so good that I then went and read the following two book in series about different characters. I connected with HP Davenport's writing and so found myself reading the next to see if it was a one hit wonder...it wasn't.

I thought that this was going to be your traditional run of the mill friends to lovers and boy was I wrong. Jamie was initially Cami's brother's best friend but these two hit it off and became each other's confidantes, became each other's everything. Jamie always had one constant in his life...Cami, until she went away to college...and then she came back. Jamie was an incredible hero and as I said above this book has made me want to read the next.

“Your fingerprints are all over my heart because you have touched me in so many ways. Love is just a word without meaning till the right person comes along and changes everything.”

Chu says

This is one of my favorite plots in romance novels. It's such a cliché, I know, but friendship would always be the best foundation of a relationship. Once, of course, the two friends are brave enough to cross the lines from being friends to lovers.

Cami and Jamie have been friends since they were kids and they have been inseparable ever since. They have tiptoed around their feelings for so long, and when they finally had the chance to finally explore their feelings and give it a chance – the unthinkable happened. It was a thing that you can only see in movies, you can hear in news and you'd never think can happen to you or to the people close to you.

I think what I love about this novel more than just the romance is the ability of Camryn to withstand what happened to her – thanks to her friends, family and Jamie. They didn't desert her, they gave her what she needed, and stayed by her side until she allowed them in. Her courage, and bravery is very admirable. And Jamie never giving up on her is just as admirable as well.

The author was careful, she was sensitive in handling the topic that is quite a taboo to everyone. Most people would hush and never speak about it. She was brave enough to put it there, and make her readers realize it is happening, and that it was never the victim's fault. That if we just support people like Cami, they'd realize it as well – and survive the ordeal.

And here I thought I was about to read another stereotypical bestfriends-turn-to-lovers romance novel, but I was wrong. This was something unexpected, something different, and something that will haunt you, crush you and will give you a sense of hope in the end.

Boring unappealing blurb

Jamie says

Two people growing up as Best Friends, you form a bond like no other. You go from Besties that love each other, have each other's back no matter what. But when life takes you in different directions that love just may turn into a different kind of Love. That is what Cami and Jamie are trying to figure out. When Cami's

job brings her back home to her family and friends and Jamie, she knows there is so much more. Jamie has loved his Tink forever but now he is ready to show her just how much he loves his Cami. When things are going so good between them a horrible event happens and it changes everything. Can Cami find her way back to her family and most of all find her way back to Jamie the one guy that stuck by her through every event in her life. Can she get pass this life changing event and find her way Home in Jamie's arms that wait for her and only her. I applaud H.P. Davenport on her Debut Novel and look forward to many more.
